Sodium Hypochlorite Storage and Feed Systems Replacing the Existing Gas Chlorine Systems

Owner: City of West Palm Beach Engineer: Kimley-Horn & Associates

Contact: Edna Bonelli Phone: 561-494-1157

Description: 1. A new sodium hypochlorite feed system to replace the existing gas chlorine feed system at the Ibis Water Re-pump Station as shown on the Drawings. A new aqueous ammonia feed system also will be installed at the Ibis site to replace the existing aqueous ammonia feed system. The new aqueous ammonia feed system will be installed in phases as the existing ammonia feed system is removed in order to provide continuous ammonia feed. The work at the Ibis site includes a new chemical injection and flow meter vault constructed over the existing storage tank influent pipe, chemical and sample piping, one sodium hypochlorite storage tank, two duplex metering pump skids for sodium hypochlorite and two duplex metering pump skids for aqueous ammonia, ammonia and sodium hypochlorite injectors, one static mixer, chlorine and ammonia residual analyzers, modifications to the existing pump station building, instrumentation, controls, and electrical construction. 2. The four typical sodium hypochlorite feed systems are designed to be installed inside new precast concrete shelters. The work at each site includes installation of new chemical injectors, chemical containment piping from each shelter to the chlorine injection points, one static mixer (Valley Forge only), water supply piping to each shelter, landscaping around each shelter, piping modifications, instrumentation, controls and electrical construction. Each shelter will provide a climate controlled location for the installation of one duplex metering pump skid, one chemical storage tank, chemical containment, safety shower, hose reel, exhaust fan, air conditioner, electrical, instrumentation and controls. The construction of the new typical sodium hypochlorite feed system at each site requires phasing and coordination with the Owner that allows the existing gas chlorine feed system to remain in operation while new system is constructed and tested, without interruption to the operation of the existing chlorine gas feed system, and followed by demolition of the existing gas chlorine feed systems.

SECTION 1 GENERAL TERM

VETERAN OWNED SMALL BUSINESS (VOSB) PREFEREENCE

The evaluation of competitive bids is subject to section 35.37 of the City's Procurement Procedures which, except where contrary to federal and state law, or any other funding source requirements, provides that preference be given to veteran owned small businesses. To satisfy this requirement, the vendor shall affirm in writing its compliance with the following objective criteria as of the bid or proposal submission date stated in the solicitation. A veteran owned small business shall be defined as:

 "Veteran Owned Small Business" shall mean a business entity which has received a "Determination Letter" from the United States Department of Veteran Affairs Center for Verification and Evaluation notifying the business that they have been approved as a Veteran Owned Small Business (VOSB).

A preference of two and a half percent (2.5%) of the total evaluation point, or two and a half percent (2.5%) of the total price, shall be given to the **Veteran Owned Small Business (VOSB)**. This shall mean that if a **VOSB** submits a bid/quote that is within 2.5% of the lowest price submitted by any vendor, the **VOSB** shall have an option to submit another bid which is at least 1% lower than the lowest responsive bid/quote. If the **VOSB** submits a bid which is at least 1% lower than that lowest responsive bid/quote, then the award will go to the **VOSB**. If not, the award will be made to the vendor that submits the lowest responsive bid/quote. If the lowest responsive and responsible bidder IS a "**Local Pembroke Pines Vendor" (LPPV)** or a "**Local Broward County Vendor" (LBCV)** as established in Section 35.36 of the City's Code of Ordinances, entitled "Local Vendor Preference", then the award will be made to that vendor and no other bidders will be given an opportunity to submit additional bids as described herein.

If there is a LPPV, a LBCV, and a VOSB participating in the same bid solicitation and all three vendors qualify to submit a second bid, the LPPV will be given first option. If the LPPV cannot beat the lowest bid received by at least 1%, an opportunity will be given to the LBCV. If the LBCV cannot beat the lowest bid by at least 1%, an opportunity will be given to the VOSB. If the VOSB cannot beat the lowest bid by at least 1%, then the bid will be awarded to the lowest bidder.

If multiple VOSBs submit bids/quotes which are within 2.5% of the lowest bid/quote and there are no LPPV or LBCV as described in Section 35.36 of the City's Code of Ordinance, entitled "Local Vendor Preference", then all VOSBs will be asked to submit a Best and Final Offer (BAFO). The award will be made to the VOSB submitting the lowest BAFO providing that that BAFO is at least 1% lower than the lowest bid/quote received in the original solicitation. If no VOSB can beat the lowest bid/quote by at least 1%, then the award will be made to the lowest responsive bidder.

COMPARISON OF QUALIFICATIONS

The preferences established in no way prohibit the right of the City to compare quality of supplies or services for purchase and to compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids or proposals. Further, the preference established in no way prohibit the right of the city from giving any other preference permitted by law instead of the preferences granted, nor prohibit the city to select the bid or proposal which is the most responsible and in the best interests of the city.

SECTION 2 AFFIRMATION

Place a check mark here only if affirming bidder meets requirements above as a Veteran Owned Small Business. In addition, the bidder must attach the "Determination Letter" from the U.S. Dept. of Veteran Affairs Center.
