110	KM 1000	<p>Kussmall Auto Charge 1000 PLC (091-215-12)          DESCRIPTION: REQ Single Battery system          1. 18A total: 15A battery charger, 3A battery saver          2. Microprocessor controlled, completely automatic operation regulates output to a single battery bank          3. Precision voltage controller senses battery voltage, eliminating need for sense wires          4. Parasitic Load Compensation allows for user input of total accessory load amps on the vehicle. This allows the charger to shift the absorption stage set point so the battery voltage drops to the float voltage when desired current is reached          5. It comes with a weatherproof cover. The cover is spring loaded to close, preventing water from entering when the shoreline is not connected. A solenoid wired to the vehicle's starter, is energized when the engine is cranked. This instantaneously drives the plug from the receptacle. This simple, reliable device, eliminates forever the broken cables which result when drivers forget to remove the shoreline before driving away.</p>	\$ 551.00	40%

Call customer service for different configurations and product numbers            The Super Auto Eject is a completely sealed automatic power line disconnect. This prevents contamination of the mechanism by road dirt, and ensures long reliable life even when mounted in the most severe environment. A novel internal switch arrangement closes and opens the 120 Volt A.C. circuit after the mating connector is inserted, and before the connector is removed. This eliminates arcing at the connector contacts, and assures long contact life. As with all Auto Ejects, the Super Auto Eject is connected to the starter circuit, so that ejection occurs when the engine is cranked.</p>	\$ 915.00	40%

It comes with a weatherproof cover. The cover is spring loaded to close, preventing water from entering when the shoreline is not connected. A solenoid wired to the vehicle's starter, is energized when the engine is cranked. This instantaneously drives the plug from the receptacle. This simple, reliable device, eliminates forever the broken cables which result when drivers forget to remove the shoreline before driving away.</p>	\$550.00	40%
