

Exhibit "A"

Hydrowick Drainage Proposal

May 29, 2024

To: Mr. Tony Platt
Golf Course Superintendent
Pembroke Lakes Country Club

Dear Mr. Platt,

Thank you for your interest in Hydrowick Drainage, we are pleased to offer you a proposal to resolve your problematic drainage areas. Our proposal includes Hydrowick drainage material and installation, areas to be determined. Drain basin preparation, forklift to deliver sand to work area, kiln dry bag sand and backfill will be the responsibility of club.

Date: TBD

Areas: TBD

Total Hydrowick Drainage installation 8,275 Linear Feet @ \$7.25=\$59,993

Exact measurements after installation will determine final billing, installation not to exceed \$59,993 @ \$7.25 per linear/ft.

Contractor Responsibilities: Installation equipment, installation labor and Hydrowick Drainage material.

Client Responsibilities: Header pipe installation or basin prep, fork lift for sand delivery to work area, kiln dry sand for installation, and cleanup

Feel free to contact me with any questions at (561) 262-5794, Jim@Atlanticdryject.com Thank you in advance for ongoing support and we look forward to working with you.

Respectfully,

James Sprankle

President,
