Good morning, Christina,

Thank you for attending our meeting last night and presenting the proposed park and sidewalk improvements. I appreciate you engaging directly with our residents and answering their questions.

It's exciting to see the Parks Master Plan continuing moving forward from vision to implementation, and I look forward to celebrating a project that will benefit both Cedarwoods and Pembroke Lakes.

As the project moves forward, I would appreciate remaining on the list of stakeholders so I can continue keeping our residents informed. If possible, I would also welcome the opportunity to review the consultant's concept plan before it is finalized to help identify and address any concerns early in the process.

Thank you again,

Carlos Lopez
