

City of Pembroke Pines

CCNA CONTINUING PROFESSIONAL SERVICES AGREEMENT
CITYWIDE PROFESSIONAL ARCHITECTURAL, ENGINEERING, SURVEYING
AND MAPPING BETWEEN THE CITY OF PEMBROKE PINES AND
KIMLEY-HORN AND ASSOCIATES, INC.

THIS AGREEMENT (“Agreement”), dated _____, is entered into by and between:

THE CITY OF PEMBROKE PINES, a municipal corporation of the State of Florida with a business address of **601 City Center Way, Pembroke Pines, Florida 33025** (hereinafter referred to as the “CITY”)

and

KIMLEY-HORN AND ASSOCIATES, INC., a **For Profit Corporation**, as listed with the Florida Division of Corporations, with a business address of **421 Fayetteville Street, Suite #600, Raleigh, NC 27601** (hereinafter referred to as the “CONSULTANT”). CITY and CONSULTANT may hereinafter be referred to collectively as the “Parties.”

W I T N E S S E T H:

In consideration of the mutual terms and conditions, promises, covenants and payments hereinafter set forth, CITY and CONSULTANT agree as follows:

ARTICLE 1
PREAMBLE

In order to establish the background, context and form of reference for this Agreement, and to generally express the objectives and intentions of the respective Parties herein, the following statements, representations, and explanations shall be accepted as predicates for the undertakings and commitments included within the provisions which follow, and may be relied upon by the Parties as essential elements of the mutual considerations upon which this Agreement is based.

1.1 On January 23, 2024, the CITY issued a **Request for Qualifications (“RFQ”)**, PSPW-23-20, for **Continuing Services for Citywide Professional Architectural, Engineering, Surveying, and Mapping** disciplines. The CITY sought to establish continuing contracts with qualified professional firms to provide services on an as-needed basis, as more particularly described in **Exhibit “A,”** attached hereto and incorporated herein by reference.

1.2 On February 27, 2024, the statements of qualifications were opened at the offices of the City Clerk.

1.3 On October 22, 2024, the CITY’s evaluation committee certified CONSULTANT as

City of Pembroke Pines

qualified to provide the professional services as described in **Exhibit "A"** based on the CONSULTANT's response to Solicitation #PSPW-23-20, attached hereto as **Exhibit "B,"** in accordance with the Consultant's Competitive Negotiation Act ("CCNA"), §287.055, Florida Statutes.

1.4 On February 19, 2025, the CITY Commission approved the findings and recommendations of the evaluation committee and directed the proper CITY officials to negotiate contracts for continuing services with the firms shortlisted to the second round of evaluations, including the CONSULTANT, to render the professional services more particularly described herein.

1.5 Negotiations pertaining to the services to be performed by the CONSULTANT were undertaken in accordance with Section 287.055, Florida Statutes, and this Agreement incorporates the results of such negotiation.

1.6 In the event of any conflicts between this Agreement and any exhibits hereto, this Agreement shall prevail, followed by the bid specifications attached as **Exhibit "A"**.

1.7 The services provided by CONSULTANT pursuant to this Agreement shall comply with the definition of "professional services" under Section 287.055(2)(a), Florida Statutes, as amended from time to time.

1.8 This Agreement incorporates the following exhibits, each of which is attached hereto and made a part hereof as if fully set forth herein:

Exhibit A – "PSPW-23-20" CCNA Continuing Services for Citywide Professional Architectural, Engineering, Surveying and Mapping

Exhibit B – CONSULTANT's Response to Solicitation #PSPW-23-20

Exhibit C – Work Order Assignment Flowchart

Exhibit D – Scoping Meeting Report Template

Exhibit E – CONSULTANT's Labor Rates

ARTICLE 2
DEFINITIONS

In addition to the defined terms below, the definitions in the Florida Building Code, the Florida Fire Prevention Code, City of Pembroke Pines Engineering Standards, the City of Pembroke Pines Code of Ordinances and all Federal, State and Local requirements applicable to and referenced in the Scope of Services are incorporated by reference in this Agreement. Defined terms are capitalized. The following terms herein shall have the respective meanings defined below:

2.1 **ARCHITECT/ENGINEER OF RECORD** shall mean the duly licensed architectural/engineering firm or individual architect/engineer that holds primary responsibility for the design, preparation, and sealing of construction documents for a specific project authorized

City of Pembroke Pines

under this Agreement.

2.2 CONSULTANT means the firm (or individual) qualified under Florida law to practice in one or more of the disciplines of architecture, professional engineering, landscape architecture, or registered surveying and mapping, and selected by the CITY to provide design, construction administration, or consulting services under this Agreement, as permitted by § 287.055, Florida Statutes. The CONSULTANT shall, when assigned by Work Order under this Agreement to Projects requiring design services, serve as the Architect or Engineer of Record (or Surveyor of Record) and shall be responsible for preparing, sealing, and coordinating the discipline-specific deliverables assigned to it.

2.3 CONSULTANT'S SERVICES shall mean the professional, technical, and administrative services that the CONSULTANT and its Sub-Consultants are qualified and contracted to perform under this Agreement, including but not limited to planning, design, permitting, procurement assistance, construction administration, and related support services. The specific CONSULTANT'S SERVICES to be performed for each Project shall be defined in the Scope of Services section of the applicable Work Order.

2.4 CONSULTANT'S COMPETITIVE NEGOTIATION ACT ("CCNA") is defined by Florida Statutes 287.055.

2.5 CONSTRUCTION ADMINISTRATION shall mean the services provided by the CONSULTANT during the construction phase of a Project to assist the CITY in administering and monitoring the Construction Contract and confirming that the Work is performed in general conformance with the Construction Documents, as further detailed in Section 3.15. Construction Administration includes duties such as conducting Site Visits, evaluating materials and workmanship, and providing recommendations to the CITY regarding the Contractor's performance.

2.6 CONSTRUCTION BUDGET shall mean the amount established by the CITY as the maximum authorized cost for the construction of the project, exclusive of compensation for professional services. The Construction Budget represents the CITY's target cost for all labor, materials, equipment, and construction-related services necessary to complete the project in accordance with the Construction Documents.

2.7 CONSTRUCTION CONTRACT shall mean the separate agreement entered into between the CITY and a qualified third-party contractor for the furnishing of all labor, materials, equipment, services, and incidentals necessary to construct the project in accordance with the Construction Documents prepared under this Agreement.

2.8 CONSTRUCTION DOCUMENTS shall mean the complete set of drawings, specifications, calculations, reports, and other documents prepared and sealed by the CONSULTANT that define the scope, character, quality, and details of the work to be constructed. These documents shall be of sufficient clarity and detail to enable the construction of the project in conformance with applicable codes, standards, and regulatory requirements, and to permit competitive bidding and construction by a qualified contractor. The Construction Documents constitute the final deliverable under this Agreement and shall include all necessary design details,

City of Pembroke Pines

technical specifications, and supporting information required for permitting, bidding, and construction administration, as applicable to the project.

2.9 CONSTRUCTION SCHEDULE shall mean the timeline approved by the CITY for the commencement, progression, and completion of the construction phase of the project, as set forth in the Construction Contract. The Construction Schedule shall define key milestones, substantial completion, and final completion dates for the Contractor's work, and shall serve as the basis for monitoring and evaluating construction progress. The Construction Schedule is separate from, but coordinated with, the CONSULTANT's schedule for the preparation of design and Construction Documents.

2.10 CONTRACTOR(S) shall mean the qualified and duly licensed firm(s) selected by the CITY, under a separate Construction Contract, to perform the Work for a Project based on the Construction Documents prepared under this Agreement. The Contractor enters into a separate Construction Contract with the CITY for the furnishing of all labor, materials, equipment, and services necessary to construct the project in accordance with the Construction Documents and all applicable laws, codes, and regulations.

2.11 DAY means a calendar day, unless noted otherwise.

2.12 ESTIMATE OF PROBABLE CONSTRUCTION COST shall mean the most current, detailed estimate prepared by the CONSULTANT of the anticipated cost to construct all work designed and/or specified by the CONSULTANT for each project, based on the scope, materials, systems, and conditions known at the time of the estimate. The Estimate of Probable Construction Cost shall exclude compensation for professional services provided by the CONSULTANT. The Estimate of Probable Construction Cost is prepared for the CITY's planning and evaluation purposes and is recognized to be an estimate only. It may differ from the Construction Budget, which is established by the City prior to the Consultant's design of the work, and from actual bid or construction costs obtained through competitive procurement.

2.13 OPINION OF PROBABLE CONSTRUCTION COST (OPCC) shall mean the CONSULTANT's professional judgment, based on conceptual information and assumptions known at the time, of the anticipated construction cost for the Project. The OPCC is prepared for the CITY's planning and evaluation purposes only, and shall exclude compensation for professional services, and is not a warranty or guarantee that actual bids or construction costs will not vary.

2.14 PROJECT(S) shall mean all fixed capital outlay activities designated by the CITY for design and construction, as described in each Work Order issued under this Agreement. Each Project shall consist of specific improvements, facilities, or infrastructure elements identified by the CITY to be designed and/or constructed in accordance with the applicable Work Order, and may include related tasks such as permitting, bidding, and construction administration, as authorized by the CITY.

2.15 PROJECT MANAGER (PM) shall mean the City Department Head, Capital Improvement Projects Manager, Maintenance Manager, or other individual designated by the City Manager to serve as the CITY's representative responsible for the coordination, oversight, and

City of Pembroke Pines

administration of each Project. The Project Manager shall act as the primary point of contact between the CITY and the CONSULTANT.

2.16 PROJECT MEETING(S) shall mean meetings conducted between the CITY, the CONSULTANT, and, when applicable, the Contractor or other project stakeholders, for the purpose of discussing, coordinating, and reviewing the progress of the Project. Project Meetings may include, but are not limited to, design coordination meetings, progress meetings, pre-bid meetings, pre-construction conferences, and construction progress meetings, as required by the Work Order or as otherwise requested by the CITY.

2.17 PROJECT SCHEDULE shall mean the overall schedule established for each Work Order, identifying the timeframes for completion of all phases and tasks, including but not limited to planning, design, permitting, bidding, and construction, as applicable under this Agreement. The Project Schedule shall be developed and maintained by the CONSULTANT in coordination with the CITY's Project Manager, and shall reflect key milestones, deliverables, and dependencies necessary to achieve timely completion of the Project. The Project Schedule represents the overall timeline for the Project, covering all phases from planning and design through final completion. It includes the Construction Schedule as a component that governs the Contractor's activities and sequencing of work during the construction phase under the Construction Contract.

2.18 PROJECT SITE (SITE) shall mean the physical location or locations designated by the CITY where the Work is to be performed by the Contractor under the Construction Contract.

2.19 REIMBURSABLE EXPENSES shall mean those certain out-of-pocket expenses incurred by the CONSULTANT, its employees, or Sub-Consultants pursuant to this Agreement or in direct connection with a Work Order, and which are authorized in advance by the CITY and supported by proper documentation, as further detailed in Section 3.16 of this Agreement.

2.20 REQUEST FOR INFORMATION ("RFI") shall mean a formal written request submitted to CITY by the Contractor during the construction phase seeking clarification, interpretation, or additional information regarding the Construction Documents or other aspects of the Project. The purpose of an RFI is to resolve discrepancies, omissions, or ambiguities and to ensure proper execution of the Work in accordance with the design intent.

2.21 SCOPE OF SERVICES means the detailed description of the CONSULTANT'S SERVICES to be performed for a particular Project, as set forth in the approved Work Order and any applicable Scoping Meeting Report issued under this Agreement.

2.22 SCOPING MEETING shall mean the meeting scheduled and conducted by the CONSULTANT in coordination with the CITY pursuant to the Work Order Assignment Process outlined in Article 4. The purpose of the Scoping Meeting is to review and clarify the CITY's objectives for the proposed Project, confirm the preliminary Scope of Services, discuss site conditions, scheduling, permitting requirements, data needs, and other factors or deliverables necessary for the CONSULTANT to prepare the Scoping Meeting Report.

2.23 SCOPING MEETING REPORT shall mean the written summary and proposal prepared by the CONSULTANT following the Scoping Meeting, as required in Article 4. The report shall

City of Pembroke Pines

document the agreed-upon Scope of Services, Project Schedule, and the CONSULTANT's Opinion of Probable Construction Cost, if applicable, and proposed fee to perform the services. The Scoping Meeting Report shall be submitted to the CITY for review and approval within the time period specified in Article 4 and shall serve as the basis for the development of the Work Order.

2.24 SITE VISIT(S) shall mean a visit by the CONSULTANT to the Project Site during the construction phase of a Project for the purpose of observing the progress and quality of the work, obtaining information relevant to the performance of Construction Administration Services, or verifying conformance with the Construction Documents.

2.25 SUB-CONSULTANT(S) shall mean any firm or individual engaged by the CONSULTANT to perform a portion of the professional services required under this Agreement, including but not limited to architectural, engineering, surveying, mapping, or other technical disciplines. The CONSULTANT submitted an initial list of proposed Sub-Consultants as part of its qualifications package in response to Solicitation PSPW-23-20, which is incorporated herein as **Exhibit "B"**. Any additions, removals, or substitutions of Sub-Consultants from that list shall be subject to the CITY's prior written approval in accordance with Section 3.10 of this Agreement.

2.26 SUBMITTAL(S) shall mean documents, drawings, samples, calculations, reports, or other materials prepared and transmitted by the CONSULTANT, its Sub-Consultants, or the Contractor for review, approval, or record during the design or construction phases of a Project. During the design phase, Submittals include materials such as preliminary design deliverables, progress drawings, technical specifications, reports, or other documents required under a Work Order. During the construction phase, Submittals may include shop drawings, product data, samples, and other information submitted by the Contractor for the CONSULTANT's review for conformance with the Construction Documents.

2.27 SUBMITTAL SCHEDULE shall mean the schedule prepared and maintained by the CONSULTANT during the design phase, and by the Contractor during the construction phase, identifying the anticipated dates for preparation, review, and approval of all required Submittals. The Submittal Schedule shall be coordinated with the Project Schedule and, where applicable, the Construction Schedule, and shall be updated as necessary to ensure timely completion of the Project.

2.28 SUPPLEMENTAL WORK ORDER shall mean a written authorization issued by the CITY to the CONSULTANT after the initial Work Order has been executed under this Agreement, authorizing the CONSULTANT to perform additional or revised services not included in the original Work Order. A Supplemental Work Order may address changes in project scope, schedule, or other conditions as deemed necessary by the CITY and shall define the specific tasks, deliverables, timeframes, and compensation applicable to the supplemental services.

2.29 SURVEYING AND MAPPING DOCUMENTS shall mean the drawings, maps, digital files, reports, and other deliverables prepared and sealed by the CONSULTANT when providing surveying and mapping services under this Agreement. These documents shall be prepared in accordance with applicable laws, professional standards, and the requirements of the CITY and the Florida Board of Professional Surveyors and Mappers.

City of Pembroke Pines

2.30 WORK shall mean the construction and related services required by the Construction Documents, whether completed or partially completed, and includes all labor, materials, equipment, and services furnished or to be furnished by the Contractor to fulfill its obligations under the Construction Contract. The Work encompasses all tasks necessary to produce the results intended by the Construction Documents and may constitute either the whole or a portion of the Project.

2.31 WORK ORDER shall mean a written authorization issued by the CITY to the CONSULTANT defining the specific scope of services, deliverables, schedule, and compensation for a Project, as approved by the CITY following acceptance of an approved Scoping Meeting Report. Each Work Order shall be issued pursuant to this Agreement and shall constitute the formal assignment of work to the CONSULTANT for a designated Project or portion thereof.

2.32 WORK ORDER ASSIGNMENT PROCESS shall mean the procedure established in Article 4 and illustrated in **Exhibit "C"**, which outlines the steps for initiating, developing, and authorizing a Work Order, including the issuance of a Work Order Request, the conduct of a Scoping Meeting, preparation of a Scoping Meeting Report, and approval of the final Work Order by the CITY.

2.33 WORK ORDER REQUEST shall mean the CITY's written notice (including email) transmitted to the CONSULTANT that initiates the Work Order Assignment Process under Article 4 by requesting a Scoping Meeting and related preliminary submittals (including the Scoping Meeting Report). A Work Order Request is not a Work Order and does not authorize the CONSULTANT to perform design or other services beyond those expressly identified in Article 4 unless and until a Work Order is issued by the CITY.

ARTICLE 3 SERVICES AND RESPONSIBILITIES

3.1 The CONSULTANT agrees to perform, under future Work Orders to be issued under this Agreement, professional services as hereinafter set forth, and further, the CONSULTANT acknowledges that by entering into this Agreement the CITY does not guarantee, and has not guaranteed, that the CITY will assign to CONSULTANT a minimum number of Work Orders or any specific construction value.

3.2 The CITY may request from the CONSULTANT from time to time, on an as needed basis, specific **General Civil and Environmental, Geotechnical, Landscape Architecture, Mechanical, Electrical, and Plumbing (MEP) and Structural Engineering Services**. Upon receipt of these requests, the CONSULTANT shall follow the process outlined in Article 4 and the flowchart provided in **Exhibit "C"** for Work Order approval. Approved Work Orders will be issued by the CITY authorizing the CONSULTANT to perform the services. Compensation for such services shall be established in each Work Order and may be Hourly Not-to-Exceed, Lump Sum, or Milestone-Based, as determined by the CITY. All compensation shall be in accordance with the rates and terms set forth in **Exhibit "E,"** unless otherwise approved in writing by the CITY. CONSULTANT must furnish all services, labor, equipment, and materials necessary and as may be required in the performance of this Agreement and all services performed under this Agreement shall be performed in a professional manner.

City of Pembroke Pines

3.3 The CONSULTANT and its sub-consultant(s) shall be fully licensed and qualified to perform the services required by this Agreement for the entire term of this Agreement.

3.4 The CONSULTANT and all Sub-Consultants shall perform their services consistent with the professional skill and care ordinarily provided by architects and engineers practicing in the same or similar locality under the same or similar circumstances. The CONSULTANT and its Sub-Consultants shall perform their services as expeditiously as is consistent with such professional skill and care and the orderly progress of the Work Orders.

3.5 Except with the CITY's knowledge and consent, the CONSULTANT and its Sub-consultants shall not engage in any activity, or accept any employment, interest or contribution that would reasonably appear to compromise their professional judgment with respect to the Project(s) being performed under this Agreement.

3.6 The CONSULTANT shall be responsible for all the professional services provided by the CONSULTANT's organization and those of the CONSULTANT's Sub-Consultants. To avoid errors and omissions in the Construction Documents, the CONSULTANT shall require that each of the Sub-Consultants coordinate their work with that of other Sub-Consultants. However, the CONSULTANT agrees and accepts final responsibility for coordination among and between the Sub-Consultants to avoid errors and omissions in any of the Construction Documents. The CONSULTANT agrees to be responsible for providing Project coordination for information provided by the PM on behalf of or from the various CITY departments applicable to a Project and from other regulatory agencies.

3.7 The CONSULTANT shall designate a responsible member of their firm, satisfactory to the CITY, as the CONSULTANT's project manager who shall, so long as his/her performance is acceptable, remain in charge of the CONSULTANT's services for the term of the Agreement, and who shall also represent the CONSULTANT and be available for general consultation throughout the term of this Agreement.

3.8 The CONSULTANT understands and acknowledges that its selection by the CITY was based, in part, on the qualifications and expertise of the sub-consulting firms (and/or individuals) identified by CONSULTANT in **Exhibit "B"** to serve as the CONSULTANT's Sub-Consultant(s). The CONSULTANT shall negotiate a fair and equitable agreement with each Sub-Consultant, which agreement shall incorporate the terms and conditions of this Agreement. Nothing contained in this Agreement shall be construed to create any contractual relationship between the CITY and any Sub-Consultant(s) utilized by the CONSULTANT. The CONSULTANT agrees that it is in no way relieved of any responsibility under the terms of this Agreement by virtue of the performance or nonperformance of required services by any Sub-Consultant(s) who may associate with the CONSULTANT in performing the services required by this Agreement or any Work Order issued by the CITY.

3.9 Changes to Sub-consultants (Additions and/or Replacements) - Upon prior written approval by the CITY, the CONSULTANT may choose additional Sub-Consultant(s) as part of CONSULTANT's Scoping Meeting Report but shall not terminate or replace those Sub-Consultant(s) listed in **Exhibit "B"** without the prior written approval of the CITY.

City of Pembroke Pines

3.10 The CITY may request replacement of any of the CONSULTANT's employees or Sub-Consultants who are providing services under this Agreement. The CONSULTANT shall, within seven (7) Days of the receipt of such written notification from the CITY requesting an employee or a Sub-Consultant be replaced, respond in writing to the CITY with the CONSULTANT's decision (and justification for the decision) regarding the CITY's request and further, take appropriate action consistent with the CONSULTANT's responsibility for proper provision of professional services under this Agreement.

3.11 CONSULTANT assumes professional and technical responsibility for performance of its services to be provided hereunder in accordance with recognized professional and ethical guidelines established by their profession. If within one year following completion of its services, such services fail to meet the aforesaid standards, and the CITY promptly advises CONSULTANT thereof in writing, CONSULTANT agrees to re-perform such deficient services without charge to the CITY.

3.12 The relationship between CITY and CONSULTANT created hereunder and the services to be provided by CONSULTANT pursuant to this Agreement are non-exclusive. CITY shall be free to pursue and engage in similar relationships with other consultants to perform the same or similar services performed by CONSULTANT hereunder, so long as no other consultant shall be engaged to perform the specific project(s) assigned to CONSULTANT while CONSULTANT is so engaged without first terminating such assignment. CONSULTANT shall be free to pursue relationships with other parties to perform the same or similar services, whether or not such relationships are for services to be performed within the City of Pembroke Pines, so long as no such relationship shall result in a conflict of interest, ethical or otherwise, with the CITY's interests in the services provided by CONSULTANT hereunder.

3.13 The CONSULTANT may be issued Work Order(s) for professional services for Projects with construction budgets which do not exceed the thresholds established by Section 287.055(2)(g)(1), Florida Statutes. The construction work on such Projects may be executed by CITY personnel or a contractor selected through the CITY's procurement process.

3.14 Procurement Assistance: If applicable and requested by the PM during the Work Order Assignment Process described in Article 4, and for Projects to be awarded through a competitive bid process, the CONSULTANT shall provide procurement assistance to the CITY. Such assistance may include participating in and assisting with the preparation and conduct of pre-bid conference(s); responding to bidder inquiries and preparing clarifications or addenda as approved by the CITY; assisting the CITY in reviewing and analyzing bids or proposals for responsiveness and responsibility; and providing a written recommendation to the CITY regarding the award of the Construction Contract.

3.15 Construction Administration Assistance

3.15.1 If applicable and requested by the PM during the Work Order Assignment Process outlined in Article 4, the CONSULTANT shall assist the CITY in enforcing the faithful performance of the Construction Contract and confirm that the Work has been or is being performed in general conformance with the Construction Documents. The CONSULTANT shall provide written notice to the CITY if it observes or becomes aware of any defect,

City of Pembroke Pines

deficiency, or non-conformance with the Construction Documents. Based on Site Visit observations, the CONSULTANT shall assist in guarding the CITY against defects, deficiencies and delays in the Work, and shall immediately inform the CITY, in writing, of the progress (or lack of progress) and the quality of the Work. The CONSULTANT shall evaluate materials and/or workmanship for conformance with Construction Documents, review quality control testing reports, and promptly advise the CITY of any unacceptable materials and/or workmanship.

3.15.2 CONSULTANT shall support the Contractor's responsibility for obtaining a building permit from the CITY's Building Department ("Building Department") and any other permits required for a Project. Should any changes to the Construction Documents be necessary to obtain such permits, the CONSULTANT shall make those changes within seven (7) Days of being notified, at no additional cost to the CITY.

3.15.3 CITY Inspectors and Plan Reviewers - The CONSULTANT shall cooperate with the CITY inspectors and plan reviewers in providing information and explanations as requested. The CONSULTANT shall also respond to any deficiencies noted by the CITY inspectors and plan reviewers in the Construction Documents or during construction by making the necessary plan revisions or taking appropriate corrective action within seven (7) Days of receiving written notification, at no additional cost to the CITY.

3.15.4 The CONSULTANT shall review and either return without exception, return with comments, reject, or take other appropriate action upon the Contractor's Submittals (including, but not limited to, samples, schedules, product data, and shop drawings) for conformance with the design intent expressed in the Construction Documents and applicable codes and ordinances. The CONSULTANT's action shall be taken with reasonable promptness so as not to delay the progress of the Project, while allowing sufficient time, in the CONSULTANT's professional judgment, to permit adequate review. If the CONSULTANT rejects a Submittal, it shall state, in writing, the grounds for rejection.

3.15.5 The CONSULTANT shall review and respond to, or take other appropriate action upon, a Contractor's submission of any RFI in accordance with the requirements of the Construction Documents and at the direction of the Project Manager.

3.16 Reimbursable Expenses - If authorized as part of the CITY approved Work Order and proper documentation is provided to the CITY by the CONSULTANT, reimbursable expenses will be paid to the CONSULTANT. Reimbursable Expenses include expenses incurred by CONSULTANT, its employees and Sub-Consultants directly related to the performance of work under this Agreement or a Work Order, but do not include travel, lodging, food, or other similar discretionary expenses unless such expenses are expressly pre-approved in writing by the City. Reimbursement shall be based on a multiple of (1) times the expenses incurred supported by appropriate documentation. The following are reimbursable expenses which the CITY will consider:

City of Pembroke Pines

3.16.1 Expenses of CITY-approved surveys of project sites and buildings, if paid by the CONSULTANT; or,

3.16.2 Expenses of CITY-approved testing (such as strength of materials, soils, chemical, mechanical or other tests), if paid by the CONSULTANT; or,

3.16.3 Document Reproduction Expenses:

(a) The CONSULTANT shall verify with the CITY all Submittals which will be required for each Work Order, and the medium, format and quantities of documents required for each Submittal.

(b) The CITY, at its option, may direct the CONSULTANT to provide CAD, PLT, and/or PDF files of Construction Documents for CITY in-house reproduction, and/or for reproduction by CITY-approved vendors.

(c) The CONSULTANT shall, at no additional cost to the CITY, provide three (3) full-size hard copies (24" x 36") of the final CITY-approved Construction Documents. These copies shall represent the approved-for-bid and/or approved-for-permit versions of the documents.

(d) Except as provided for in Section 3.16.3(c) of this Agreement, the CITY shall reimburse the CONSULTANT for the actual costs associated with reproduction of documents required by the CITY or by the Building Department for Submittals for review and approval.

(e) The CITY shall not reimburse the CONSULTANT for any electronic storage devices, nor for the time expended to transfer electronic data to the storage devices, for required Submittals.

(f) The CITY shall not reimburse the CONSULTANT for reproduction of documents for failure to obtain required approvals.

(g) The CITY shall not reimburse the CONSULTANT for CONSULTANT's in-house document reproduction.

3.17 CONSULTANT and its subconsultants shall comply with the applicable provisions of the City of Pembroke Pines Code of Ordinances.

3.18 The CONSULTANT retains the right to place one CITY-approved sign, if applicable, at the location of each Project undertaken pursuant to the terms of this Agreement. Said sign may be displayed at an entry or access point at each location, posted only upon commencement of actual construction of a Project and shall be removed by the CONSULTANT upon completion of construction of each Project.

City of Pembroke Pines

3.19 CONSULTANT hereby represents to CITY, with full knowledge that CITY is relying upon these representations when entering into this Agreement with CONSULTANT, that CONSULTANT has the professional expertise, experience and manpower to perform the services to be provided by CONSULTANT pursuant to the terms of this Agreement.

ARTICLE 4
WORK ORDER ASSIGNMENT PROCESS

Each Project assigned under this Agreement shall follow the Work Order Assignment Process outlined in this Article and depicted in the flowchart attached as Exhibit "C". This process establishes the steps for initiating, developing, and authorizing a Work Order, beginning with the issuance of a Work Order Request and concluding with the CITY's execution of a formal Work Order.

4.1 In connection with each Work Order to be assigned by the CITY to the CONSULTANT pursuant to this Agreement, the CITY will initiate the assignment by transmitting a Work Order Request by written notice (including e-mail) to the CONSULTANT to request a Scoping Meeting.

4.2 Within seven (7) Days after initial contact by CITY, the CONSULTANT shall schedule the Scoping Meeting. The CONSULTANT shall be responsible for contacting and requesting that the Parties designated by the CITY, and/or indicated on the written request form, and/or other parties necessary for the CONSULTANT to provide the required services, attend the Scoping Meeting.

4.3 The CONSULTANT shall coordinate, conduct and document the Scoping Meeting, which may include a walk-through of the Project Site to determine the detailed requirements necessary to develop the deliverables to be provided under the Work Order, including but not limited to Construction Documents, Surveying and Mapping Documents, reports, studies, or other technical documentation.

4.4 The objective of the Scoping Meeting is to confirm the CITY's needs and reach mutual agreement between the CONSULTANT and the CITY on the key elements required to develop the Scoping Meeting Report and ultimately the Work Order, including:

4.4.1 Final Scope of Services means the agreed-upon description of the CONSULTANT'S SERVICES to be performed under a Work Order.

4.4.2 The Project Schedule, including all milestone dates, Submittal Schedules, and coordination requirements.

4.4.3 The CONSULTANT's preliminary Opinion of Probable Construction Cost, if applicable; and

4.4.4 The CONSULTANT's preliminary proposed cost and proposed method of compensation (Hourly Not-to-Exceed, Lump Sum, or Milestone-Based) to perform services under the anticipated Work Order.

City of Pembroke Pines

4.5 The CONSULTANT shall submit a Scoping Meeting Report to the CITY for review and approval within fifteen (15) Days of the date of the Scoping Meeting. CONSULTANT shall be required to utilize the template provided for in Exhibit "D" titled "Scoping Meeting Report Template"

4.6 If the information provided by the CITY is insufficient to determine a Scope of Services, then within seven (7) Days of the Scoping Meeting, the CONSULTANT shall request in writing that the CITY provide such information as necessary. The CONSULTANT shall have a total of fifteen (15) Days from the date of the Scoping Meeting (excluding the time that transpires between CONSULTANT's written request for additional information and CONSULTANT's receipt of such information) within which to submit the Scoping Meeting Report to the CITY. If the CONSULTANT fails to submit the required Scoping Meeting Report within the prescribed timeframe, and no written extension has been granted by the CITY, the CITY may, at its sole discretion, elect to terminate discussions for the Project and proceed in accordance with Section 4.7.2 of this Agreement.

4.7 The CITY shall review and either agree or disagree with the Scoping Meeting Report in writing. If the CITY agrees with the Report, the PM will begin the process to issue a Work Order for the Project. If the CITY does not agree with the Scoping Meeting Report, the CITY shall direct CONSULTANT to proceed with one of the following:

4.7.1 Provide CONSULTANT with feedback on Scoping Meeting Report and request CONSULTANT to resubmit; or

4.7.2 Provide CONSULTANT with written intent to terminate discussions; or

4.7.3 Provide CONSULTANT with written intent to re-procure the services under a new CCNA solicitation if the Opinion of Probable Construction Cost of a Project, or the CONSULTANT's proposed fee for study activity, exceeds the thresholds established in Section 287.055 Florida Statutes, as may be amended from time to time.

4.7.4 Notify CONSULTANT of CITY's intent to cancel project.

4.8 If the CONSULTANT and the CITY are unable to reach agreement for a specific project, both Parties will be relieved of any and all obligations under the assignment request.

4.9 The CITY shall provide written notice to the CONSULTANT of its final decision regarding the CITY's review of the Scoping Meeting Report and any determinations made pursuant to paragraph 4.7 or other applicable provisions of this Agreement

4.10 Any services performed by the CONSULTANT without a Work Order issued by the CITY, or other written authorization by the CITY to proceed beyond the activities initiated by a Work Order Request, shall be at the CONSULTANT's sole risk and expense.

4.11 If the CITY issues a Work Order to the CONSULTANT, the CONSULTANT shall commence its professional services as provided in this Agreement and within a Work Order. The CITY-accepted Project Schedule shall be attached to the Work Order.

City of Pembroke Pines

4.12 The CONSULTANT shall comply with the Project Schedule(s) as agreed upon in the Scoping Meeting Report. The schedule(s) must include time allowances for required reviews and approvals by outside permitting or regulatory agencies, if applicable, and by the CITY. With the exception of the final review, the CONSULTANT may continue its work during the CITY's review periods at its own risk

4.13 If the timelines initially established for a Project are exceeded or extended through no fault of the CONSULTANT, the CONSULTANT shall not be entitled to any additional compensation for delays, including delays resulting from CITY-initiated actions or other unforeseen circumstances. However, the CONSULTANT may, with the CITY's prior written approval, adjust or re-sequence the schedules of assigned Projects and Work Orders as necessary to maintain overall workflow and production efficiency under this Agreement.

4.14 The CONSULTANT shall notify the PM of proposed changes to an approved Work Order Project Schedule in writing, within seven (7) Days of any proposed change. Proposed changes to the Project Schedule must be approved by CITY in writing.

4.15 The CONSULTANT shall submit to the Project Manager, via email, a monthly status report summarizing all active Work Orders assigned under this Agreement. The report shall be submitted no later than the first day of each month and shall include, at a minimum, the following information for each Work Order:

- 4.15.1 Project name, Work Order number, and brief description of the services being performed.
- 4.15.2 Current phase or stage of completion, including percentage of work completed to date.
- 4.15.3 Key milestones achieved during the prior reporting period and upcoming milestones or deliverables.
- 4.15.4 Summary of coordination activities with the City, sub-consultants, and outside permitting or regulatory agencies.
- 4.15.5 Any schedule variances, anticipated delays, or issues requiring City action or direction.
- 4.15.6 Financial summary showing the approved fee, total billed to date, and remaining balance for each Work Order; and
- 4.15.7 Other information or updates reasonably requested by the Project Manager to assist in monitoring the Consultant's overall performance under this Agreement.

4.16 Time is of the essence in the performance of the CONSULTANT's Services under each Work Order. The CITY and CONSULTANT acknowledge that failure to adhere to the approved Project Schedule may cause delay-related impacts to the CITY that are difficult to quantify at the time of contracting. Accordingly, if the CONSULTANT fails to achieve a milestone or deliverable date established in the Project Schedule, and such delay is not excused in writing by the CITY, the CONSULTANT shall be liable for liquidated damages in the amount of **One Hundred Dollars (\$100.00) per calendar Day** for each day of unexcused delay beyond the milestone completion

City of Pembroke Pines

date, until the milestone is achieved. The Parties agree that this amount represents a fair and reasonable estimate of the CITY's anticipated damages and is not a penalty. Liquidated damages may be withheld by the CITY from any payments due to the CONSULTANT under the applicable Work Order. Liquidated damages shall apply only to the milestone identified in the applicable Work Order as the final completion and submittal of the Construction Documents, including final plans, specifications, and the Estimate of Probable Construction Cost, unless otherwise defined in writing by the CITY.

ARTICLE 5 **CITY'S RESPONSIBILITIES**

In addition to responsibilities contained throughout this Agreement, the CITY's responsibilities include the following:

5.1 The CITY shall provide Work Order Requests to the CONSULTANT that clearly identify the proposed Project and serve as directives for professional services to be performed under this Agreement. Each Work Order Request shall reasonably define the anticipated Scope of Services, Project Schedule, and the estimated Construction Budget for the Project, and shall include any background information or supporting documentation available to assist the CONSULTANT in preparing for the Scoping Meeting.

5.2 The CITY shall designate one person as the Project Manager (PM) for each Project and may assign other representatives as necessary to act on the CITY's behalf. The Project Manager shall serve as the CITY's primary point of contact and shall have authority to make decisions and issue directions on routine project matters in accordance with this Agreement.

5.3 The CITY's designated representatives shall make all required decisions, approvals, and responses in a timely manner so as not to unreasonably delay the progress of the CONSULTANT's services.

5.4 The CITY shall provide written notice to the CONSULTANT of its approval, conditional approval, or disapproval of the CONSULTANT's Submittals, including design documents, Construction Documents, and other deliverables necessary to maintain the Project Schedule and ensure timely completion of the Project. All required corrections, clarifications, or revisions identified by the CITY, the CITY's Project Manager, or other governing agencies having jurisdiction shall be incorporated by the CONSULTANT at no additional cost to the CITY. The CONSULTANT's Services shall not be considered complete until all such required revisions have been satisfactorily addressed and final approval has been obtained.

5.5 To the extent requested by the CONSULTANT, the CITY shall furnish available survey information for the Project Site, including easements, and provide all existing drawings, specifications, and related documents pertinent to the Project

5.6 To the extent requested by the CONSULTANT, the CITY shall furnish all available information regarding existing utilities (public and private), known hazardous materials, and associated reports, and shall provide or make available existing geotechnical data or test boring reports necessary for evaluating subsurface conditions.

City of Pembroke Pines

5.7 At the CONSULTANT's request, the CITY may arrange for or authorize any required testing, inspections, or reports necessary to support the Project design or permitting, including but not limited to structural, chemical, mechanical, soil, environmental, or materials testing. The CITY may also direct the CONSULTANT to obtain such services when appropriate. The CONSULTANT shall recommend the type, location, and extent of any tests needed to support the Project design or permitting.

ARTICLE 6
PERFORMANCE BY CONSULTANT AND SUCCESSOR CONSULTANT

6.1 It is understood and agreed by the CONSULTANT that this is an Agreement for professional services of the CONSULTANT, and of the CONSULTANT's qualified representatives, except that the CONSULTANT named retains full responsibility to the CITY.

6.2 If for any reason, the CONSULTANT delays a project(s) or is otherwise unable to perform or fails to perform the services under this Agreement, the CITY reserves the exclusive right to recommend a successor CONSULTANT or terminate the services of the CONSULTANT pursuant to Section 7.4 of this Agreement.

6.3 **SUCCESSOR ARCHITECT AND/OR ENGINEER**

6.3.1 If the professional services of CONSULTANT are terminated before completion of the design services for any assigned Work Order(s), the CITY may:

6.3.1.1 Assign a new CONSULTANT from a list of active, experienced firms currently under contract with the CITY. Work Orders will be assigned based on ranking established by the evaluation committee. The firm's workload, qualifications for the task and performance on previous assignments will also be considered; or,

6.3.1.2 Elect to complete the remainder of the professional services with in-house staff; or,

6.3.1.3 A combination of 6.4.1.1. and 6.4.1.2 above.

6.4 The CITY may, for projects where the design has been completed by the original Architect (or Engineer) of Record, authorize staff to assign a Successor Architect or Engineer to become the construction contract administrator without becoming the Successor Architect (or Engineer) of Record.

6.5 Procedures for a Successor Registered Architect adopting the work of another Registered Architect shall be in accordance with the Florida Administrative Code 61G1-18.002.

6.6 Procedures for a Successor Professional Engineer adopting the work of another Professional Engineer shall be in accordance with the Florida Administrative Code 61G15-27.001.

City of Pembroke Pines

6.7 **Successor Professionals.** For any other professional services authorized under this Agreement, including but not limited to surveying, mapping, or other consulting disciplines governed by Chapter 287.055, Florida Statutes, any subsequent professional assuming responsibility for work initiated by another shall comply with all applicable Florida laws and administrative rules governing their profession. The successor professional shall independently verify the accuracy and completeness of any prior work and shall be fully responsible for all documents they sign and seal.

ARTICLE 7

TERM FOR PERFORMANCE AND TERMINATION

7.1 CONSULTANT shall perform the services identified in Article 3 within the time frame set agreed upon by the Parties in each approved Work Order. Minor adjustments to the timetable for completion approved by CITY in advance, in writing, will not constitute non-performance by CONSULTANT pursuant to this Agreement.

7.2 This Agreement shall take effect as of the date of execution as shown herein below and continue for such time as is contemplated by the CITY for projects which the CITY from time to time authorizes CONSULTANT's services in connection therewith. Notwithstanding the foregoing, the Term of this Agreement shall be for a three (3) year period. The Term of this Agreement may be renewed for up to two (2) additional periods of three (3) year each, upon the mutual consent of the Parties, evidenced by a written amendment to this Agreement extending the Term thereof.

7.3 **Termination for Convenience.** This Agreement may be terminated by either Party for convenience, upon providing thirty (30) Days of written notice to the non-terminating Party for such termination in which event CONSULTANT shall be paid its compensation for services performed to termination date, including services reasonably related to termination [NOTE: CONSULTANT may not terminate approved Work Orders for convenience after they have been accepted as work orders/addendums to this Agreement.] In the event that the CONSULTANT abandons this Agreement or causes it to be terminated, CONSULTANT shall indemnify the CITY against any loss pertaining to this termination. All finished or unfinished documents, data, studies, plans, surveys, and reports prepared by CONSULTANT shall become the property of CITY and shall be delivered by CONSULTANT to CITY immediately.

7.4 **Termination for Cause.** In addition to all other remedies available to CITY, this Agreement or any Work Order shall be subject to cancellation by CITY for cause should the CONSULTANT or any of its sub-consultants fail or refuse to properly or timely perform any of its obligations under this Agreement or any Work Order. The CITY shall notify the CONSULTANT of the failure(s) in writing, which shall include electronic messaging, and the CONSULTANT shall have seven (7) Days to cure the failure(s). Should the CONSULTANT fail to cure the failure(s) within that time, the CITY may send a second written notice terminating the Work Order or this entire Agreement for Cause, identifying the continuing failure(s). Upon receipt of that second notice, the CONSULTANT shall cease all further work on the Project(s) and immediately turn over to the CITY all documents regarding the Project(s) including, without limitation, all work performed by the CONSULTANT, whether complete or incomplete, approved, rejected or pending with the CITY. Nothing contained herein shall affect the CONSULTANT's

City of Pembroke Pines

professional responsibility regarding the Project(s). If the CITY terminates the Work Order and/or this Agreement for cause, the CITY shall determine and pay any amounts owed to the CONSULTANT for services rendered prior to the date of termination of this Agreement or Work Order, less the amount of any claim(s) the CITY may have against the CONSULTANT. Furthermore, notices to cure issued by the CITY will be taken into consideration by the CITY in the issuance of additional Work Orders and/or future contracts with the CITY.

7.5 Work Order Suspension. The CITY reserves the right to suspend a Work Order at any time. If the suspension is due to no fault of the CONSULTANT, the CONSULTANT shall be compensated in accordance with the level of completion the CONSULTANT has achieved at the time the notice of suspension is served, as determined by the CITY.

7.5.1 If the Work Order is reinstated by the CITY after having been suspended for more than three (3) months, the CONSULTANT's compensation may be adjusted by the addition of documented project resumption expenses. Project resumption expenses are intended to compensate the CONSULTANT for all costs and expenses which are directly or indirectly attributable to resumption of the CONSULTANT's services after a Work Order suspension.

7.5.2 Project resumption expenses are applicable only to a Work Order suspension by the CITY and may be negotiated based on CONSULTANT's documented expenses to resume work.

ARTICLE 8 **COMPENSATION AND METHOD OF PAYMENT**

8.1 CITY agrees to compensate CONSULTANT for each Work Order issued by the CITY from time to time on an as-needed basis. The method of compensation—Hourly Not-to-Exceed, Lump Sum, or Milestone-Based—shall be established in each Work Order based on the nature of the services to be performed. The compensation amount will be in accordance with the CONSULTANT's Labor Rates more particularly described in **Exhibit "E"** and shall not exceed the approved Work Order amount.

8.2 CONSULTANT shall be entitled to invoice CITY on a monthly basis for services performed in accordance with this Agreement and any approved Work Orders issued hereunder. The invoice shall include, at a minimum, Project name, date of service, staff classification, time expended (if Hourly Not-to-Exceed), a description of the services performed, and any other information reasonably required by CITY. For Lump Sum or Milestone-Based Work Orders, invoices shall identify the completed deliverable or milestone associated with the payment request.

8.3 Compensation Structure. Compensation for the Services may be structured in accordance with one or more of the following methods, as set forth in the applicable Work Order:

8.3.1 Hourly Not-to-Exceed (NTE): Compensation based on actual hours worked multiplied by approved hourly rates, not to exceed the total Work Order amount.

8.3.2 Lump Sum: A fixed total amount for the defined Scope of Services, payable as a single payment or in installments tied to deliverables or milestones, as set forth in the Work

City of Pembroke Pines

Order.

8.3.3 Milestone-Based: A total fixed amount allocated to specific milestones or deliverables, with payment upon completion and acceptance by the CITY.

8.4 Lump Sum and Milestone-Based compensation shall be based on the CONSULTANT's proposed scope and level of effort and shall only be adjusted through written modification approved by the CITY.

8.5 Submittals for Reimbursable Expenses shall include supporting documentation including receipts and invoices for the actual costs incurred, as authorized in the Work Order

8.6 The Parties agree that any changes to the CONSULTANT'S SERVICES identified by the CITY as an error or omission on the part of the CONSULTANT (including its Sub-Consultants or any other specialty consultant(s)) shall be considered an additional cost to the CITY which would not have been incurred but for such error or omission. The CITY shall not be responsible for the cost of additional services required to correct such errors or omissions. The CITY reserves the right to withhold from the CONSULTANT fees or CONSULTANT's request for payment such amounts for the CONSULTANT's errors and omissions, as determined by the CITY, after a meeting with the CONSULTANT and CITY staff. The CONSULTANT shall retain all rights to assert a claim to recover any amount so withheld in the manner provided by this Agreement. The CONSULTANT recognizes that the CITY's right to withhold payments is a material inducement to the CITY entering into this Agreement. Withholding any monies herein shall not be deemed a default and/or breach of this Agreement by the CITY and the CONSULTANT shall continue performance of all services required under this Agreement notwithstanding such withholding of monies by the CITY. The recovery of additional costs to the CITY under this paragraph shall not limit or preclude recovery for other separate and/or additional damages that the CITY may otherwise incur.

8.6.1 Paragraph 8.4 of this Agreement does not apply to changes requested by the CITY.

8.7 CONSULTANT expressly recognizes that CONSULTANT's acceptance of this Agreement does not guarantee any work or minimum fee to be paid to CONSULTANT and that the Services will be assigned on an as-needed project specific basis.

8.8 CITY will make its best efforts to pay CONSULTANT within thirty (30) Days of receipt of proper invoice the total shown to be due on such invoice. All payments shall be governed by the Local Government Prompt Payment Act, as set forth in Part VII, Chapter 218, Florida Statutes.

8.9 If any of the required services or deliverables are rejected by the CITY, the CONSULTANT shall, at no additional cost, correct or revise such services until accepted by the CITY. Additionally, payment may be withheld by the City Manager, for failure of CONSULTANT to comply with a term, condition, or requirement of this Agreement.

8.10 **Truth-In-Negotiation Certificate.** Signature of this Agreement by CONSULTANT shall act as the execution of a Truth-in-Negotiation Certificate stating that wage rates and other factual unit costs supporting the compensation of this Agreement are accurate, complete, and current at the time of contracting. The original contract price and any additions thereto shall be

City of Pembroke Pines

adjusted to exclude any significant sums, by which the CITY determines that contract price was increased due to inaccurate, incomplete, or non-current wage rates and other factual unit costs.

8.11 Post Contractual Obligations. In the event that the term of this Agreement expires, and the CITY has already initiated a Work Order pursuant to this Agreement, the CONSULTANT agrees to continue providing services, at the rates and terms set forth herein, until completion of the assignment(s)/project(s). Notwithstanding the foregoing, these post contractual obligations shall be at the discretion of the CITY should this Agreement be terminated pursuant to Section 7.3, Section 7.4 or Article 18 herein.

8.12 Rate Adjustments. The Labor Rates established in Exhibit "E" shall remain firm through **December 31, 2026**. Effective **January 1, 2027**, and annually thereafter, such rates shall be automatically adjusted based on the percentage change in the Producer Price Index ("PPI") for Architectural, Engineering and Related Services, Not Seasonally Adjusted as published by U.S. Department of Labor, Bureau of Labor Statistics Detailed Report Series ID: PCU5413--5413-- (https://data.bls.gov/timeseries/PCU5413--5413--&output_view=pct_12mths), using the June-to-June change for the year immediately preceding the adjustment, or five percent (5%), whichever is less, but not less than zero percent (0%).

8.12.1 Each Work Order issued under this Agreement shall be governed by the labor rates in effect under this Agreement at the time the Work Order is issued by the CONSULTANT and accepted by the CITY. Any approved rate adjustments to this Agreement shall apply only to Work Orders issued after the effective date of the such adjustments. Work Orders issued prior to the effective date of any rate adjustment shall remain subject to the rates in effect at the time of issuance and acceptance and shall remain firm for the full duration of the applicable Work Order. The CONSULTANT shall ensure that all Sub-Consultants comply with the same requirements and that no Sub-Consultant rate increases are implemented without prior written approval by the CITY.

ARTICLE 9 **CHANGES TO SCOPE OF WORK AND ADDITIONAL WORK**

9.1 CITY or CONSULTANT may from time-to-time request changes that would increase, decrease, or otherwise modify the Scope of Work, as described in each approved Work Order to be provided under this Agreement subject to the requirements set forth in §287.055, Florida Statutes. Such changes or additional work must be in accordance with the provisions of the CITY's Code of Ordinances and must be contained in a written Supplemental Work Order, executed by the Parties hereto, with the same formality, equality and dignity herewith prior to any deviation from the terms of this Agreement, including the initiation of any additional or extra work.

9.2 CONSULTANT shall continue work when seeking Supplemental Work Order unless work has not been authorized herein, or by written amendment or change order, executed by the Parties hereto, with the same formality, equality, and dignity herewith. Work to be performed while seeking a Supplemental Work Order which has not been described herein or in a separate written agreement shall be performed at the CONSULTANT's own risk. CITY shall not be responsible for any payments requested pursuant to a change order until the change order is

City of Pembroke Pines

approved by the CITY.

9.3 In the event that the CITY and the CONSULTANT are unable to reach agreement as to the amount and/or method of compensation for any additional service requested by the CONSULTANT (whether specifically identified herein or otherwise), the CITY may, at its sole option, have those services performed by a third party. Performance by a third party of such services as directed by the CITY shall not relieve the CONSULTANT of his/her responsibilities or obligations under this Agreement, including without limitation, the CONSULTANT's obligations as Architect of Record.

9.4 The CITY's election to utilize a third party to perform such services shall not entitle the CONSULTANT to request, nor obligate the CITY to pay, any additional fees to the CONSULTANT. The CITY agrees that in the event a third party is employed by the CITY under this paragraph, the CONSULTANT shall not be held responsible for the performance of such third party and shall have no responsibility relating to review, approval or administration of such third party retained by the CITY.

9.5 In no event will the CONSULTANT be compensated for any services which have not been described either herein or in a separate written agreement executed by the Parties hereto.

ARTICLE 10
INDEMNIFICATION

10.1 The CONSULTANT shall indemnify and hold harmless the CITY, its officers and employees from any and all liability, losses or damages, including reasonable attorneys' fees and costs of defense, which the CITY, its officers and employees, may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature to the extent such claims are caused by negligence, recklessness, or intentional wrongful conduct of the Consultant and other persons employed or utilized by Consultant during performance of this Agreement. The Consultant shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the CITY, where applicable, including appellate proceedings, and shall pay all costs, judgments, and reasonable attorneys' fees which may issue thereon. The Consultant expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the Consultant shall in no way limit the responsibility to indemnify, keep and save harmless and defend the CITY or its officers, employees, agents and instrumentalities as herein provided.

10.2 CONSULTANT's aggregate liability shall not exceed the proceeds of insurance required to be placed pursuant to this Agreement plus the total compensation received by CONSULTANT.

10.3 Parties understand and agree that the covenants and representations relating to this indemnification provision shall survive the term of this Agreement and continue in full force and effect as to the Party's responsibility to indemnify.

ARTICLE 11 **INSURANCE**

11.1 The CONSULTANT expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the CONSULTANT shall not limit the responsibility to indemnify, keep and save harmless and defend the CITY or its officers, employees, agents and instrumentalities as herein provided.

11.2 CONSULTANT AND ALL SUBCONSULTANTS, SHALL NOT BE ALLOWED TO commence work under this AGREEMENT until the CONSULTANT has obtained all insurance required by this Insurance Section, including the purchase of a Policy of Insurance naming the City of Pembroke Pines as an Additional Named Insured, which Insurance Policy and its terms must be agreed to and approved in writing by the Risk Manager for the City of Pembroke Pines, nor shall any SUBCONSULTANT be allowed to commence work under this AGREEMENT until the SUBCONSULTANT complies with the Insurance requirements required by this Insurance Section, including the duty to purchase a Policy of Insurance which names the City of Pembroke Pines as an Additional Named Insured, which Insurance Policy and its terms are agreed to and approved in writing by the Risk Manager for the City of Pembroke Pines.

11.3 Certificates of Insurance, reflecting evidence of the required insurance, shall be filed with the CITY's Risk Manager prior to the commencement of this Agreement. Policies shall be issued by companies authorized to do business under the laws of the State of Florida. The insurance company shall be rated no less than "A" as to management, and no less than "Class VI" as to financial strength according to the latest edition of Best's Insurance Guide published by A.M. Best Company.

11.4 Certificates of Insurance shall provide for thirty (30) Days' prior written notice to the CITY in case of cancellation or material changes in the policy limits or coverage states. If the carrier cannot provide thirty (30) Days' notice of cancellation, either the CONSULTANT or their Insurance Broker must agree to provide notice.

11.5 Insurance shall be in force until all obligations required to be fulfilled under the terms of the Agreement are satisfactorily completed as evidenced by the formal acceptance by the CITY. In the event the insurance certificate provided indicates that the insurance shall terminate and lapse during the period of this Agreement, the CONSULTANT shall furnish, at least forty-five (45) Days prior to the expiration of the date of such insurance, a renewed certificate of insurance as proof that equal and like coverage for the balance of the period of the Agreement and extension thereunder is in effect. The CONSULTANT shall neither commence nor continue to provide any services pursuant to this Agreement unless all required insurance remains in full force and effect. CONSULTANT shall be liable to CITY for any lapses in service resulting from a gap in insurance coverage.

11.6 REQUIRED INSURANCE

CONSULTANT shall be required to obtain all applicable insurance coverage, as indicated below, prior to commencing any work pursuant to this Agreement:

City of Pembroke Pines

Yes No

✓ 11.6.1 Comprehensive General Liability Insurance written on an occurrence basis including, but not limited to: coverage for bodily injury and property damage, personal & advertising injury, products & completed operations, and contractual liability. Coverage must be written on an occurrence basis, with limits of liability no less than:

1. Each Occurrence Limit - \$1,000,000
2. Fire Damage Limit (Damage to rented premises) - \$100,000
3. Personal & Advertising Injury Limit - \$1,000,000
4. General Aggregate Limit - \$2,000,000
5. Products & Completed Operations Aggregate Limit - \$2,000,000

Aggregate Reduction: CONSULTANT shall advise the CITY in the event any aggregate limits are reduced below the required per-occurrence limit. At its own expense, the CONSULTANT will reinstate the aggregate limits to comply with the minimum requirements and shall furnish the CITY with a new certificate of insurance showing such coverage is in force.

Products & Completed Operations Coverage shall be maintained for the later of three (3) years after the delivery of goods/services or final payment under the Agreement. **The City of Pembroke Pines must be shown as an additional insured with respect to this coverage. The CITY's additional insured status shall extend to any coverage beyond the minimum limits of liability found herein.**

Yes No

✓ 11.6.2 Workers' Compensation and Employers' Liability Insurance covering all employees, and/or volunteers of the CONSULTANT engaged in the performance of the scope of work associated with this Agreement. In the case any work is sublet, the CONSULTANT shall require the subcontractors similarly to provide Workers' Compensation Insurance for all the latter's employees unless such employees are covered by the protection afforded by the CONSULTANT. Coverage for the CONSULTANT and all subcontractors shall be in accordance with applicable state and/or federal laws that may apply to Workers' Compensation Insurance with limits of liability no less than:

1. Workers' Compensation: Coverage A – Statutory
2. Employers Liability: Coverage B

\$500,000 Each Accident
\$500,000 Disease – Policy Limit
\$500,000 Disease – Each Employee

If CONSULTANT claims to be exempt from this requirement, CONSULTANT shall provide CITY proof of such exemption for CITY to exempt CONSULTANT.

Yes No

✓ 11.6.3 Umbrella/Excess Liability Insurance in the amount of \$2,000,000 as determined appropriate by the CITY depending on the type of job and exposures contemplated. Coverage must be follow form of the General Liability, Auto Liability and Employer's Liability. This coverage shall be maintained for a period of no less than the later of three

City of Pembroke Pines

(3) years after the delivery of goods/services or final payment pursuant to this Agreement. **The City of Pembroke Pines must be shown as an additional insured with respect to this coverage. The CITY's additional insured status shall extend to any coverage beyond the minimum limits of liability found herein.**

Yes No

11.6.4 Professional Liability/Errors & Omissions Insurance with a limit of liability no less than \$1,000,000 per wrongful or negligent act. This coverage shall be maintained for a period of no less than three (3) years after the delivery of goods/services final payment pursuant to this Agreement. Retroactive date, if any, to be no later than the first day of service to the CITY.

11.7 REQUIRED ENDORSEMENTS

- 11.7.1 The City of Pembroke Pines shall be named as an Additional Insured on each of the Liability Policies required herein.
- 11.7.2 Waiver of all Rights of Subrogation against the CITY.
- 11.7.3 Thirty (30) calendar day Notice of Cancellation or Non-Renewal to the CITY.
- 11.7.4 CONSULTANT's policies shall be Primary & Non-Contributory.
- 11.7.5 All policies shall contain a "severability of interest" or "cross liability" clause without obligation for premium payment of the CITY.
- 11.7.6 The City of Pembroke Pines shall be named as a Loss Payee on all as their interest may appear.

11.8 Any and all insurance required of the CONSULTANT pursuant to this Agreement must also be required by any subcontractor in the same limits and with all requirements as provided herein, including naming the CITY as an additional insured, in any work that is subcontracted unless such subcontractor is covered by the protection afforded by the CONSULTANT and provided proof of such coverage is provided to CITY. The CONSULTANT and any subcontractors shall maintain such policies during the term of this Agreement. The CITY reserves the right to require any other additional types of insurance coverage and/or higher limits of liability it deems necessary based on the nature of work being performed under this Agreement.

11.9 The insurance requirements specified in this Agreement are minimum requirements and in no way reduce any liability the CONSULTANT has assumed in the indemnification/hold harmless section(s) of this Agreement.

ARTICLE 12 **NON-DISCRIMINATION AND EQUAL OPPORTUNITY EMPLOYMENT**

During the performance of the Agreement, neither the CONSULTANT nor any subcontractors shall discriminate against any employee or applicant for employment because of race, religion, color, gender, national origin, sex, age, marital status, political affiliation, familial status, sexual orientation, or disability if qualified. CONSULTANT will take affirmative action to ensure that employees are treated during employment, without regard to their race, religion, color, gender, national origin, sex, age, marital status, political affiliation, familial status, sexual

City of Pembroke Pines

orientation, or disability if qualified. Such actions must include, but not be limited to, the following: employment, promotion, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. CONSULTANT shall agree to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause. CONSULTANT further agrees that CONSULTANT will ensure that subcontractors, if any, will be made aware of and will comply with this nondiscrimination clause.

ARTICLE 13
INDEPENDENT CONTRACTOR

This Agreement does not create an employee/employer relationship between the Parties. It is the intent of the Parties that the CONSULTANT is an independent contractor under this Agreement and not the CITY's employee for all purposes, including but not limited to, the application of the Fair Labor Standards Act minimum wage and overtime payments, Federal Insurance Contribution Act, the Social Security Act, the Federal Unemployment Tax Act, the provisions of the Internal Revenue Code, the State Workers' Compensation Act, and the State unemployment insurance law. The CONSULTANT shall retain sole and absolute discretion in the judgment of the manner and means of carrying out CONSULTANT's activities and responsibilities hereunder provided, further that administrative procedures applicable to services rendered under this Agreement shall be those of CONSULTANT, which policies of CONSULTANT shall not conflict with CITY, State, or United States policies, rules or regulations relating to the use of CONSULTANT's funds provided for herein. The CONSULTANT agrees that it is a separate and independent enterprise from the CITY, that it has full opportunity to find other business, that it has made its own investment in its business, and that it will utilize a high level of skill necessary to perform the work. This Agreement shall not be construed as creating any joint employment relationship between the CONSULTANT and the CITY and the CITY will not be liable for any obligation incurred by CONSULTANT, including but not limited to unpaid minimum wages and/or overtime premiums.

ARTICLE 14
AGREEMENT SUBJECT TO FUNDING

This Agreement shall remain in full force and effect only as long as the expenditures provided for in the Agreement have been appropriated by the City Commission of the City of Pembroke Pines in the annual budget for each fiscal year of this Agreement and is subject to termination based on lack of funding.

ARTICLE 15
UNCONTROLLABLE FORCES

15.1 Neither CITY nor CONSULTANT shall be considered to be in default of this Agreement if delays in or failure of performance shall be due to Uncontrollable Forces, the effect of which, by the exercise of reasonable diligence, the non-performing Party could not avoid. The term "Uncontrollable Forces" shall mean any event which results in the prevention or delay of performance by a Party of its obligations under this Agreement and which is beyond the reasonable

City of Pembroke Pines

control of the nonperforming Party. It includes, but is not limited to: fire, flood, earthquakes, storms, lightning, epidemic, pandemic, acts of God, war, riot, civil disturbance, sabotage, and governmental actions.

15.2 Neither Party shall, however, be excused from performance if nonperformance is due to forces, which are preventable, removable, or remediable, and which the nonperforming Party could have, with the exercise of reasonable diligence, prevented, removed, or remedied with reasonable dispatch. The nonperforming Party shall, within a reasonable time of being prevented or delayed from performance by an uncontrollable force, give written notice to the other Party describing the circumstances and uncontrollable forces preventing continued performance of the obligations of this Agreement.

ARTICLE 16 **GOVERNING LAW AND VENUE**

This Agreement shall be governed by and construed in accordance with the laws of the State of Florida as now and hereafter in force. The venue for any and all claims or actions arising out of or related to this Agreement shall be in Broward County, Florida.

ARTICLE 17 **SIGNATORY AUTHORITY**

Upon CITY's request, CONSULTANT shall provide CITY with copies of requisite documentation evidencing that the signatory for CONSULTANT has the authority to enter into this Agreement.

ARTICLE 18 **DEFAULT OF CONTRACT & REMEDIES**

18.1 **Damages.** CITY reserves the right to recover any ascertainable actual damages incurred as a result of the failure of CONSULTANT to perform in accordance with the requirements of this Agreement, or for losses sustained by CITY resultant from CONSULTANT's failure to perform in accordance with the requirements of this Agreement.

18.2 **Correction of Work.** If, in the judgment of CITY, the services provided by CONSULTANT do not conform to the requirements of this Agreement, or if the services exhibit poor workmanship, CITY reserves the right to require that CONSULTANT correct all deficiencies in the services to bring the services into conformance without additional cost to CITY, and / or replace any personnel who fail to perform in accordance with the requirements of this Agreement. CITY shall be the sole judge of non-conformance and the quality of services.

18.3 **Default of Contract.** The occurrence of any one or more of the following events shall constitute a default and breach of this Agreement by CONSULTANT for which CITY may terminate for cause:

18.3.1 The abandonment, unnecessary delay, refusal of, or failure to comply with any of the terms of this Agreement or neglect, or refusal to comply with the instructions of the

City of Pembroke Pines

Project Manager or other CITY designee.

18.3.2 The failure by CONSULTANT to observe or perform any of the terms, covenants, or conditions of this Agreement to be observed or performed by CONSULTANT, where such failure shall continue for a period of seven (7) Days after written notice thereof by CITY to CONSULTANT; provided, however, that if the nature of CONSULTANT's default is such that more than seven (7) Days are reasonably required for its cure, then CONSULTANT shall not be deemed to be in default if CONSULTANT commences such cure within said seven (7) Day period and thereafter diligently prosecutes such cure to completion.

18.3.3 The assignment and/or transfer of this Agreement or execution or attachment thereon by CONSULTANT or any other Party in a manner not expressly permitted hereunder.

18.3.4 The making by CONSULTANT of any general assignment or general arrangement for the benefit of creditors, or the filing by or against CONSULTANT of a petition to have CONSULTANT adjudged a bankruptcy, or a petition for reorganization or arrangement under any law relating to bankruptcy (unless, in the case of a petition filed against CONSULTANT, the same is dismissed within sixty (60) Days); or the appointment of a trustee or a receiver to take possession of substantially all of CONSULTANT's assets, or for CONSULTANT's interest in this Agreement, where possession is not restored to CONSULTANT within thirty (30) Days; for attachment, execution or other judicial seizure of substantially all of CONSULTANT's assets, or for CONSULTANT's interest in this Agreement, where such seizure is not discharged within thirty (30) Days.

18.4 **Remedies in Default.** In case of default by CONSULTANT, CITY shall notify CONSULTANT, in writing, of such abandonment, delay, refusal, failure, neglect, or default and direct CONSULTANT to comply with all provisions of the Agreement. If the abandonment, delay, refusal, failure, neglect or default is not cured within seven (7) Days of when notice was sent by CITY, CITY may declare a default of the Agreement and notify CONSULTANT of such declaration of default and terminate the Agreement.

18.4.1 Upon such declaration of default, all payments remaining due CONSULTANT at the time of default, less all sums due CITY for damages suffered, or expenses incurred by reason of default, shall be due and payable to CONSULTANT.

18.4.2 CITY may complete the Agreement, or any part thereof, either by day labor or re-letting a contract for the same, and procure services necessary for the completion of the Agreement, and charge the cost of same to CONSULTANT with the costs incident thereto to such default.

18.4.3 In the event CITY completes the Agreement at a lesser cost than would have been payable to CONSULTANT under this Agreement, if the same had been fulfilled by CONSULTANT, CITY shall retain such differences. Should such cost to CITY be greater, CONSULTANT shall pay the amount of such excess to the CITY.

ARTICLE 19 **BANKRUPTCY**

It is agreed that if CONSULTANT is adjudged bankrupt, either voluntarily or involuntarily, then this Agreement shall terminate effective on the date and at the time the bankruptcy petition is filed.

ARTICLE 20 **DISPUTE RESOLUTION**

In the event that a dispute, if any, arises between CITY and CONSULTANT relating to this Agreement, performance or compensation hereunder, CONSULTANT shall continue to render service in full compliance with all terms and conditions of this Agreement as interpreted by CITY regardless of such dispute. CONSULTANT expressly agrees, in consideration for the execution of this Agreement, that in the event of such a dispute, if any, it will not seek injunctive relief in any court, but will negotiate with CITY for an adjustment on the matter or matters in dispute and, upon failure of said negotiations to resolve the dispute, may present the matter to a court of competent jurisdiction in an appropriate suit therefore instituted by it or by CITY.

ARTICLE 21 **PUBLIC RECORDS**

21.1 The City of Pembroke Pines is a public agency subject to Chapter 119, Florida Statutes. The CONSULTANT shall comply with Florida's Public Records Law. Specifically, the CONSULTANT shall:

21.1.1 Keep and maintain public records required by the CITY to perform the service.

21.1.2 Upon request from the CITY's custodian of public records, provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

21.1.3 Ensure that public records that are exempt or that are confidential and exempt from public record disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and, following completion of the Agreement, CONSULTANT shall destroy all copies of such confidential and exempt records remaining in its possession after the CONSULTANT transfers the records in its possession to the CITY; and

21.1.4 Upon completion of the Agreement, CONSULTANT shall transfer to the CITY, at no cost to the CITY, all public records in CONSULTANT's possession. All records stored electronically by the CONSULTANT must be provided to the CITY, upon request from the CITY's custodian of public records, in a format that is compatible with the information technology systems of the CITY.

21.2 The failure of CONSULTANT to comply with the provisions set forth in this Article shall constitute a Default and Breach of this Agreement, for which the CITY may terminate the Agreement in accordance with the terms herein.

IF CONSULTANT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONSULTANT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

**ARTICLE 22
SCRUTINIZED COMPANIES**

22.1 CONSULTANT, its principals or owners, certify that they are not listed on the Scrutinized Companies that Boycott Israel List, Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in Iran Terrorism Sectors List, or is engaged in business operations with Syria. In accordance with Section 287.135, Florida Statutes, as amended, a company is ineligible to, and may not, bid on, submit a proposal for, or enter into or renew a contract with any agency or local governmental entity for goods or services of:

22.1.1 Any amount if, at the time bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel; or

22.1.2 One million dollars or more if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:

22.1.2.1 Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List, created pursuant to Section 215.473, Florida Statutes; or

22.1.2.2 Is engaged in business operations in Syria.

**ARTICLE 23
EMPLOYMENT ELIGIBILITY**

23.1 **E-Verify.** CONSULTANT certifies that it is aware of and complies with the requirements of Section 448.095, Florida Statutes, as may be amended from time to time and briefly described

City of Pembroke Pines

herein below.

23.1.1 **Definitions for this Section.**

23.1.1.1 "Contractor" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration.

23.1.1.2 "Contractor" includes, but is not limited to, a vendor or consultant.

23.1.1.3 "Subcontractor" means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

23.1.1.4 "E-Verify system" means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

23.2 **Registration Requirement; Termination.** Pursuant to Section 448.095, Florida Statutes, effective January 1, 2021, Contractors, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

23.2.1 All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and

23.2.2 All persons (including subvendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the City of Pembroke Pines. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Pembroke Pines; and

23.2.3 The Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to, registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately. Any challenge to termination under this provision must be filed in the Circuit Court no later than twenty (20) Days after the date of termination. Termination of this Contract under this Section is not a breach of contract and may not be considered as such. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of one (1)

City of Pembroke Pines

year after the date of termination.

ARTICLE 24
FEDERAL REQUIREMENTS

Notwithstanding anything to the contrary set forth herein, CONSULTANT shall comply with the applicable federally required standard provisions, as set forth in 2 C.F.R. Sec. 200.326 and 2 C.F.R. Part 200. In the event of any conflicts, the provisions of 2 C.F.R. Part 200 shall prevail. Any reference made to CONSULTANT in this section shall also apply to any subcontractor under the terms of this Agreement. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses:

24.1 Equal Employment Opportunity. During the performance of this contract, CONSULTANT agrees as follows:

- 24.1.1 CONSULTANT will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. CONSULTANT will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. CONSULTANT agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.
- 24.1.2 CONSULTANT will, in all solicitations or advertisements for employees placed by or on behalf of CONSULTANT, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.
- 24.1.3 CONSULTANT will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with CONSULTANT's legal duty to furnish information.
- 24.1.4 CONSULTANT will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers'

City of Pembroke Pines

representative of CONSULTANT's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

- 24.1.5 CONSULTANT will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- 24.1.6 CONSULTANT will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- 24.1.7 In the event of CONSULTANT's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this Agreement may be canceled, terminated or suspended in whole or in part and CONSULTANT may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- 24.1.8 CONSULTANT will include the provisions of paragraphs (21.1.1) through (21.1.8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. CONSULTANT will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event CONSULTANT becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, CONSULTANT may request the United States to enter into such litigation to protect the interests of the United States.

The CITY further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: Provided, that if the CITY so participating is a state or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The CITY further agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

City of Pembroke Pines

The CITY further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the CITY agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the CITY under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such CITY; and refer the case to the Department of Justice for appropriate legal proceedings.

24.2 Davis-Bacon Act. CONSULTANT shall comply with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor Regulations (29 CFR Part 5). In accordance with the statute, CONSULTANT must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, CONSULTANT must be required to pay wages not less than once a week.

24.3 Copeland “Anti-Kickback” Act. CONSULTANT shall comply with the Copeland “Anti-Kickback” Act, (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). CONSULTANT must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. CITY must report all suspected or reported violations to the Federal awarding agency.

24.4 Contract Work Hours and Safety Standards Act (40 U.S.C. 3701- 3708). Where applicable, pursuant to 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5) CONSULTANT must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous.

24.4.1 Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

City of Pembroke Pines

24.4.2 **Violation; liability for unpaid wages; liquidated damages.** In the event of any violation of the clause set forth in paragraph (21.4.1) of this section the CONSULTANT and any subcontractor responsible therefore shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (21.4.1) of this section, in the sum of \$10 for each Day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (21.4.1) of this section.

24.4.3 **Withholding for unpaid wages and liquidated damages.** CITY shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by CONSULTANT or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (21.4.2) of this section.

24.4.4 **Subcontracts.** CONSULTANT or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (21.4.1) through (21.4.4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (21.4.1) through (21.4.4) of this section.

24.5 CONSULTANT agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401- 7671q) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251- 1387). CITY will report violations to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

24.5.1 **Clean Air Act.** CONSULTANT agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq. CONSULTANT agrees to report each violation to CITY and understands and agrees that the CITY will, in turn, report each violation as required to assure notification to the State, Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office. CONSULTANT agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance.

24.5.2 **Federal Water Pollution Control Act.** CONSULTANT agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. CONSULTANT agrees to report each violation to the CITY and understands and agrees that the CITY will, in turn, report each violation as required to assure notification to the State, Federal Emergency Management

City of Pembroke Pines

Agency, and the appropriate Environmental Protection Agency Regional Office. CONSULTANT agrees to include these requirements in each subcontract exceeding one hundred fifty thousand dollars (\$150,000) financed in whole or in part with Federal assistance.

24.6 Suspension and Debarment. This Agreement is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000, as such CONSULTANT is required to verify that none of the contractor's agents, principals (defined at 2 C.F.R. § 180.995), or affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).

24.6.1 CONSULTANT must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into. This certification is a material representation of fact relied upon by CITY. If it is later determined that CONSULTANT did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to State and CITY, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

24.6.2 The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

24.7 Byrd Anti-Lobbying Amendment, as amended (31 U.S.C. § 1352). CONSULTANT shall file the required certification pursuant to 31 U.S.C. 1352. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.

24.8 Compliance with State Energy Policy and Conservation Act. CONSULTANT shall comply with all mandatory standards and policies relating to energy efficiency contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

24.9 Procurement of Recovered Materials. The CITY and CONSULTANT must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing

City of Pembroke Pines

an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

24.10 Reporting. Pursuant to 44 CFR 13.36(i)(7), CONSULTANT shall comply with federal requirements and regulations pertaining to reporting, including but not limited to those set forth at 44 CFR 40 and 41, if applicable. Furthermore, both parties shall provide the CITY, the applicable Federal Administrator, the Comptroller General of the United States, or any of their authorized representative access to any books, documents, papers, and records of CONSULTANT which are directly pertinent to this contract for the purpose of making audits, examinations, excerpts, and transcriptions. Also, both Parties agree to provide the applicable Federal Administrator or his authorized representative access to construction or other work sites pertaining to the work being completed under the Agreement.

24.11 Rights to Inventions. CONSULTANT agrees that if this Agreement results in any copyrightable materials or inventions, the Federal Government reserves a royalty-free, nonexclusive and irrevocable license to reproduce, publish or otherwise use the copyright of said materials or inventions for Federal Government purposes.

24.12 No Obligation by the Federal Government. The federal government is not a party to this contract and is not subject to any obligations or liabilities to the non-federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

24.13 DHS Seal, Logo, and Flags. CONSULTANT shall not use DHS(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific federal pre-approval.

24.14 Compliance with Federal Law, Regulations, and Executive Orders. This is an acknowledgement that federal financial assistance will be used to fund the Agreement only. CONSULTANT will comply with all applicable federal law, regulations, executive orders, policies, procedures, and directives.

24.15 Fraudulent Statements. CONSULTANT acknowledges that 31 U.S.C. Chap. 38 applies to CONSULTANT's actions pertaining to this Agreement.

24.16 Prohibition on Contracting for Covered Telecommunications Equipment or Services. As used in this clause, the terms backhaul; covered foreign country; covered telecommunications equipment or services; interconnection arrangements; roaming; substantial or essential component; and telecommunications equipment or services have the meaning as defined in FEMA Policy 405-143-1, Prohibitions on Expenditure of FEMA Award Funds for Covered Telecommunications Equipment or Services (Interim), as used in this clause.

24.16.1 Prohibitions

24.16.1.1 Section 889(b) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019, Pub. L. No. 115-232, and 2 C.F.R. § 200.216 prohibit the head of an executive agency on or after Aug. 13, 2020, from obligating or expending grant, cooperative agreement, loan, or loan guarantee funds on certain telecommunications products or from certain

entities for national security reasons.

24.16.1.2 Unless an exception in paragraph 21.16.3 of this clause applies, the CONSULTANT and its subcontractors may not use grant, cooperative agreement, loan, or loan guarantee funds from the Federal Emergency Management Agency to: Procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

24.16.1.3 Enter into, extend, or renew a contract to procure or obtain any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology of any system;

24.16.1.4 Enter into, extend, or renew contracts with entities that use covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system; or

24.16.1.5 Provide, as part of its performance of this contract, subcontract, or other contractual instrument, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

24.16.2 Exceptions.

24.16.2.1 This clause does not prohibit CONSULTANT from providing: (i) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or (ii) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

24.16.2.2 By necessary implication and regulation, the prohibitions also do not apply to: (i) Covered telecommunications equipment or services that: i. Are not used as a substantial or essential component of any system; and ii. Are not used as critical technology of any system. (ii) Other telecommunications equipment or services that are not considered covered telecommunications equipment or services.

24.16.3 Reporting Requirement.

24.16.3.1 In the event CONSULTANT identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract

performance, or the contractor is notified of such by a subcontractor at any tier or by any other source, the contractor shall report the information in paragraph 21.16.3.2 of this clause to the recipient or sub recipient, unless elsewhere in this contract are established procedures for reporting the information.

24.16.3.2 The CONSULTANT shall report the following information pursuant to paragraph 21.16.3.1 of this clause: (i) Within one business day from the date of such identification or notification: The contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended. (ii) Within ten (10) business days of submitting the information in paragraph 25.16.3.1 of this clause: Any further available information about mitigation actions undertaken or recommended. In addition, the contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services. The CONSULTANT shall insert the substance of this clause, including this in all subcontracts and other contractual instruments.

24.17 **Domestic Preference for Procurements.** As appropriate, and to the extent consistent with law, the CONSULTANT should, to the greatest extent practicable, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. This includes, but is not limited to iron, aluminum, steel, cement, and other manufactured products. For purposes of this clause: *Produced in the United States* means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. *Manufactured products* mean items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

24.18 **Affirmative Socioeconomic Steps.** If subcontracts are to be let, CONSULTANT is required to take all necessary steps identified in 2 C.F.R. § 200.321(b)(1)-(5) to ensure that small and minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

24.19 **License and Delivery of Works Subject to Copyright and Data Rights.** If applicable, the CONSULTANT grants to CITY, a paid-up, royalty-free, nonexclusive, irrevocable, worldwide license in data first produced in the performance of this contract to reproduce, publish, or otherwise use, including prepare derivative works, distribute copies to the public, and perform publicly and display publicly such data. For data required by the contract but not first produced in the performance of this contract, CONSULTANT will identify such data and grant to the CITY or acquires on its behalf a license of the same scope as for data first produced in the performance of

City of Pembroke Pines

this contract. Data, as used herein, shall include any work subject to copyright under 17 U.S.C. § 102, for example, any written reports or literary works, software and/or source code, music, choreography, pictures or images, graphics, sculptures, videos, motion pictures or other audiovisual works, sound and/or video recordings, and architectural works. Upon or before the completion of this contract, CONSULTANT will deliver to the CONSULTANT data first produced in the performance of this contract and data required by the contract but not first produced in the performance of this contract in formats acceptable by CONSULTANT.

ARTICLE 25 **MISCELLANEOUS**

25.1 Ownership of Documents. All reports, drawings, specifications, data, calculations, field notes, estimates, and other documents and deliverables (collectively, "Work Product") prepared or obtained by the CONSULTANT in connection with this Agreement shall become the property of the CITY upon payment for the services rendered, whether or not the project for which they were prepared is completed. The CITY may use, reproduce, or make derivative works from such Work Product for any governmental purpose without additional compensation to the CONSULTANT. Reuse of such Work Product by the CITY on other projects without written verification or adaptation by the CONSULTANT shall be at the CITY's sole risk and without liability to the CONSULTANT.

25.2 Legal Representation. It is acknowledged that each Party to this Agreement had the opportunity to be represented by counsel in the preparation of this Agreement, and accordingly, the rule that a contract shall be interpreted strictly against the Party preparing same shall not apply herein due to the joint contributions of both Parties.

25.3 Records. CONSULTANT shall keep such records and accounts and require any and all subcontractors to keep records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to this engagement, and any expenses for which CONSULTANT expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by CITY and shall be kept for a period of ten (10) years after the completion of all work to be performed pursuant to this Agreement. Incomplete or incorrect entries in such books and records will be grounds for disallowance by CITY of any fees or expenses based upon such entries. All records shall be maintained and available for disclosure, as appropriate, in accordance with Chapter 119, Florida Statutes.

25.4 Assignments; Amendments. This Agreement, and any interests herein, shall not be assigned, transferred or otherwise encumbered, under any circumstances, by CONSULTANT without the prior written consent of CITY. For purposes of this Agreement, any change of ownership of CONSULTANT shall constitute an assignment which requires CITY approval. However, this Agreement shall run to the benefit of CITY and its successors and assigns.

It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

City of Pembroke Pines

25.5 **No Contingent Fees.** CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT to solicit or secure this Agreement, and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, CITY shall have the right to terminate the Agreement without liability at its discretion, to deduct from the contract price, or otherwise recover the full amount of such fee, commission, percentage, gift or consideration.

25.6 **Notice.** Whenever any Party desires to give notice unto any other Party, it must be given by written notice, sent by certified United States mail, with return receipt requested, addressed to the Party for whom it is intended and the remaining Party, at the places last specified, and the places for giving of notice shall remain such until they shall have been changed by written notice in compliance with the provisions of this section. For the present, CONSULTANT and CITY designate the following as the respective places for giving of notice:

Copy To: Samuel S. Goren, City Attorney
Goren, Cheroft, Doody & Ezrol, P.A.
3099 East Commercial Boulevard, Suite 200
Fort Lauderdale, Florida 33308
Telephone No. (954) 771-4500
Facsimile No. (954) 771-4923

CONSULTANT: **Stefano Viola, P.E. & Project Manager/Vice President**
Kimley-Horn and Associates, Inc.
421 Fayetteville Street, Suite #600
Raleigh, NC 27601
E-mail: **Stefano.Viola@kimley-horn.com**
Telephone No: **(954) 535-5100**

25.7 **Binding Authority.** Each person signing this Agreement on behalf of either Party individually warrants that he or she has full legal power to execute this Agreement on behalf of the Party for whom he or she is signing, and to bind and obligate such Party with respect to all provisions contained in this Agreement.

25.8 **Headings.** Headings herein are for convenience of reference only and shall not be considered on any interpretation of this Agreement.

***City of Pembroke Pines***

25.9 **Exhibits.** Each exhibit referred to in this Agreement forms an essential part of this Agreement. The exhibits if not physically attached should be treated as part of this Agreement and are incorporated herein by reference.

25.10 **Severability.** If any provision of this Agreement or application thereof to any person or situation shall to any extent, be held invalid or unenforceable, the remainder of this Agreement, and the application of such provisions to persons or situations other than those as to which it shall have been held invalid or unenforceable shall not be affected thereby, and shall continue in full force and effect, and be enforced to the fullest extent permitted by law.

25.11 **Extent of Agreement and Conflicts.** This Agreement represents the entire and integrated agreement between CITY and CONSULTANT and supersedes all prior negotiations, representations or agreements, either written or oral. In the event of a conflict between this Agreement, **Exhibit “A”**, and **Exhibit “B”**, this Agreement shall govern.

25.12 **Waiver.** Failure of CITY to insist upon strict performance of any provision or condition of this Agreement, or to execute any right therein contained, shall not be construed as a waiver or relinquishment for the future of any such provision, condition, or right, but the same shall remain in full force and effect.

25.13 **Attorneys’ Fees.** In the event that either Party brings suit for enforcement of this Agreement, each Party shall bear its own attorney's fees and court costs, except as otherwise provided under the indemnification provisions set forth herein above.

25.14 **Protection of CITY Property.** At all times during the performance of this Agreement, CONSULTANT shall protect CITY's property from all damage whatsoever on account of the work being carried on under this Agreement.

25.15 **Counterparts and Execution.** This Agreement may be executed by hand or electronically in multiple originals or counterparts, each of which shall be deemed to be an original and together shall constitute one and the same agreement. Execution and delivery of this Agreement by the Parties shall be legally binding, valid and effective upon delivery of the executed documents to the other Party through facsimile transmission, email, or other electronic delivery.

25.16 **No Waiver of Sovereign Immunity.** Nothing contained herein is intended nor shall be construed to waive the CITY's rights and immunities under the common law of Section 768.28, Florida Statutes, as may be amended from time to time.

25.17 **No Third-Party Beneficiaries.** The services to be performed by the CONSULTANT are intended solely for the benefit of the CITY. No person or entity not a signatory to this Agreement shall be entitled to rely on the CONSULTANT 's performance of its services hereunder, and no right to assert a claim against the CONSULTANT by assignment of indemnity rights or otherwise shall accrue to a third party as a result of this Agreement or the performance of the CONSULTANT 's services hereunder.

***City of Pembroke Pines***

25.18 **Human Trafficking**. Pursuant to Section 787.06(14), Fla. Stat., nongovernmental agencies contracting with CITY are required to provide an affidavit attesting that the nongovernmental agency does not use coercion for labor or services as defined within Section 787.06, Fla. Stat. By executing this Agreement and submitting the executed required affidavit, the CONSULTANT represents and warrants that it does not use coercion for labor or services as provided by state law.

25.19 **Antitrust Violations**. Pursuant to Section 287.137, Florida Statutes, as may be amended, a person or an affiliate who has been placed on the antitrust violator vendor list (electronically published and updated quarterly by the State of Florida) following a conviction or being held civilly liable for an antitrust violation may not submit a bid, proposal, or reply for any new contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply for a new contract with a public entity for the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on new leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a new contract with a public entity; and may not transact new business with a public entity. By entering into this Agreement, CONSULTANT certifies neither it nor its affiliate(s) are on the antitrust violator vendor list at the time of entering this Agreement. False certification under this paragraph or being subsequently added to that list will result in termination of the Original Agreement, as amended, at the option of the CITY consistent with Section 287.137, Florida Statutes, as amended.

25.20 **Public Entity Crimes**. Pursuant to Section 287.133(2)(a), Fla. Stat., a person or affiliate, as defined in Section 287.133(1), Fla. Stat., who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of thirty-five thousand dollars (\$35,000.00) for a period of thirty-six (36) months following the date of being placed on the convicted vendor list. By executing this Agreement, the CONSULTANT represents and warrants that neither it nor any of its affiliates is currently on the convicted vendor list.

25.21 PURSUANT TO SECTION 558.0035, FLORIDA STATUTES, AN INDIVIDUAL EMPLOYEE OR AGENT OF THE CONSULTANT MAY NOT BE HELD INDIVIDUALLY LIABLE FOR ECONOMIC DAMAGES RESULTING FROM NEGLIGENCE UNDER THIS AGREEMENT IF THE CONDITIONS OF SECTION 558.0035, FLORIDA STATUTES, AS AMENDED FROM TIME TO TIME, ARE SATISFIED.

City of Pembroke Pines

25.22 **Compliance with Statutes.** If applicable, it is the CONSULTANT's responsibility to be aware of and comply with all statutes, ordinances, rules, orders, regulations and requirements of all local, City, state, and federal agencies as applicable; **specifically the Jessica Lunsford Act – Chapter 1012, Florida Statutes, which provides for the screening of individuals who are vendors or contractors with a Florida public school or district.**

25.23 **Additional Background Screening Requirements.** In addition, to any other background screening requirements that may be required in this Agreement and/or by statutes, ordinances, rules, orders, regulations and requirements of all local, City, state, and federal agencies, the CONSULTANT shall ensure that all employees that are proving services to the CITY, shall complete and pass a **Level II background check.**

25.24 **Compliance with Foreign Entity Laws.** CONSULTANT ("Entity") hereby attests under penalty of perjury the following:

- 25.24.1 Entity is not owned by the government of a foreign country of concern as defined in Section 287.138, Florida Statutes. (Source: § 287.138(2)(a), Florida Statutes);
- 25.24.2 The government of a foreign country of concern does not have a controlling interest in Entity. (Source: § 287.138(2)(b), Florida Statutes);
- 25.24.3 Entity is not owned or controlled by the government of a foreign country of concern, as defined in Section 692.201, Florida Statutes. (Source: § 288.007(2), Florida Statutes);
- 25.24.4 Entity is not a partnership, association, corporation, organization, or other combination of persons organized under the laws of or having its principal place of business in a foreign country of concern, as defined in Section 692.201, Florida Statutes, or a subsidiary of such entity. (Source: § 288.007(2), Florida Statutes);
- 25.24.5 Entity is not a foreign principal, as defined in Section 692.201, Florida Statutes. (Source: § 692.202(5)(a)(1), Florida Statutes); and,
- 25.24.6 Entity is in compliance with all applicable requirements of Sections 692.202, 692.203, and 692.204, Florida Statutes.

Question Set 1: Tab 1 - Experience and Capabilities

Exhibit "B"

Question Set 1 Instructions

The relative experience and qualification of each applicant's proposed team, with respect to the project scope, will be judged and a relative rating assigned. This parameter expresses the general and specific project-related capability of the team and indicates the adequate depth and abilities of the organization which it can draw upon as needed. This will include management, technical, and support staff.

#	Question	Response	Comment
1.0.1	Explain your firm's interest in working on this project, a positive commitment to perform the required work and a description of the firm.	<p>Kimley-Horn is excited about this opportunity to continue our relationship with the City of Pembroke Pines as your consultant for the CCNA Continuing Services for Citywide Professional Architectural, Engineering, Surveying and Mapping project. As your consultant, Kimley-Horn pledges our full commitment to assist in developing the best solutions for all your project needs. We have selected a talented and experienced group of professionals with extensive local experience to serve you on this contract.</p> <p>Kimley-Horn is a full-service, multidisciplinary consulting firm offering a broad range of planning, engineering, landscape architecture, and environmental services to public and private sector clients. We were founded in</p>	
1.0.2	Describe the size of your firm.	<p>Kimley-Horn has more than 7,500 employees nationwide and more than 1,300 staff members in Florida. There are 108 team members in our local Fort Lauderdale office.</p>	
1.0.3	Describe your firm's financial history, strength and stability.	<p>In business since 1967, Kimley-Horn is privately owned, financially strong, and positioned for continued financial health. We maintain a disciplined focus on business fundamentals, operate the firm conservatively, and our internal controls and business standards are designed to keep our financial foundation strong. In addition to sustaining healthy annual revenues and equity, Kimley-Horn maintains a robust cash flow and has an untapped eight-figure operating line of credit available for short-term cash flow needs. Kimley-Horn has the financial ability to successfully perform the services required by the City of Pembroke Pines for this contract.</p>	
1.0.4	Describe your firm's range of activities.	<p>Kimley-Horn offers a full range of consulting services in engineering, planning, landscape architecture, and environmental services to local, regional, national, and international clients. Kimley-Horn is not a one-person team but offers the best of both worlds—the resources of a large, nationally-ranked firm with the personal attention and response of a small dedicated professional team. We operate as a single business unit, meaning the full range of our firm's resources can be applied to complete your projects efficiently without barriers or corporate limitations.</p> <p>We are a fully integrated consulting firm offering a variety of in-house professional general engineering services, such as:</p> <ul style="list-style-type: none"> • Master planning and site 	

				Exhibit "B"
1.0.5	Describe the specialized experience and technical competence of the firm or persons with respect to working on similar projects	<p>Kimley-Horn has been providing transportation and general civil engineering services to clients in Florida since 1968 when our West Palm Beach office opened. As a top-tier planning and design firm, Kimley-Horn brings innovative experience from a national perspective combined with our local and regional knowledge and our experience providing continuing transportation and general civil services to numerous agencies.</p> <p>One feature that separates Kimley-Horn from other firms is our ability to provide integrated services for a project. Kimley-Horn has outstanding in-house resources and technical expertise to provide virtually all required services. Another benefit that Kimley-Horn offers</p>		
1.0.6	Do you have a minimum of five (5) years of experience with projects in the HVHZ of South Florida per the Florida Building Code?	Yes	<p>Kimley-Horn has the ability to offer comprehensive disaster management and recovery services. Services we can provide include structural integrity assessment; emergency operation recommendations; preparation of detailed damage reports and repair estimates for use in collecting Federal Emergency Management Agency (FEMA) or insurance reimbursements; and emergency repair plans and specifications.</p> <p>Project Manager, Stefano Viola, P.E., has been applying his diverse civil engineering experience in South Florida, specifically Broward County, for 17 years now. He has worked in our Fort Lauderdale Office through many hurricanes that pass through the High Velocity Hurricane Zone (HVHZ), including Hurricane Irma and Hurricane Wilma.</p>	
1.0.7	The firm or person's must provide information on their proximity to and familiarity with the area in which the project is located.	Kimley-Horn's nearby office is located at 8201 Peters Road, Suite 2200, Plantation, FL 33324 — just 9.2 miles away from Pembroke Pine City Hall at 601 City Center Way.		
1.0.8	Explain the availability and access to the firm's top level management personnel.	<p>The entire Kimley-Horn team is fully available to serve the City of Pembroke Pines on this contract. Our shareholders, principals, and management staff are always accessible and approachable. Our goal is for our clients to consider us as a trusted partner and we would welcome the opportunity for any call or email with our top level management at your request.</p>		
1.0.9	List any applicable qualifications, including education, experience, honors and awards received, and professional associations of which the firm and/or its personnel are members, which are not already listed on Standard Form 330.	<p>Engineering News-Record (ENR) annually compiles and publishes the rankings of the 500 largest U.S. design firms (architectural and engineering firms), measured by gross revenues. Kimley-Horn's sound growth and stability is reflected in its steady rise on ENR's top 500 list. The firm first appeared on the list in 1981, when it ranked 421st. In 2023, Kimley-Horn ranked 9th among the top 500 U.S. Design Firms. This growth has been accompanied by a steadfast commitment to providing responsive client service and pursuing continuous quality improvement.</p> <p>As consultants, we take pride in building real partnerships with clients. That means you get an expert Kimley-Horn team that delivers high-quality results on time and on budget.</p>		

			Exhibit "B"
1.0.10	Identify which of the nine Professional Service Discipline(s) you are applying for: a. General Civil and Environmental Engineering Services, b. MEP Engineering Services, c. Geotechnical Services, d. Structural Engineering Services, e. Land Surveying Services, f. General Architectural Services, g. Landscape Architecture Services, h. Hydro-Geological Services, i. FDOT Roadway Engineering Services	<p>Kimley-Horn and Associates, Inc. is pleased to submit this Statement of Qualifications to provide the City of Pembroke Pines with professional consulting services in the following categories: a) General Civil and Environmental Engineering Services, b) MEP Engineering Services, c) Geotechnical Services, d) Structural Engineering Service, e) Land Surveying Services, g) Landscape Architectural Services, and i) FDOT Roadway Engineering Services.</p>	
1.0.11	Provide evidence of knowledge and experience with Broward County and industry standards, specifications, design procedures and plans production pertaining to the following Professional Service Discipline(s) you are applying for.	<p>Broward County has witnessed firsthand Kimley-Horn's attention to detail and commitment to client satisfaction since we opened our Fort Lauderdale location in 1983. We have partnered with you dozens of times to achieve your goals on projects ranging from small parking and traffic studies to major transportation planning and ITS infrastructure improvements.</p> <p>Kimley-Horn staff has extensive experience managing similar contracts for some Broward municipalities, local FDOT districts, and municipalities throughout the entire state. We are proud of our track record providing immediate response to County staff, expediting schedules, meeting the County's commitments, and</p>	
1.0.12	What is your reputation compared to your peers in the market?	<p>Kimley-Horn is recognized nationwide for the quality of our work environment, for our stature as a business enterprise, and for the outstanding work of our consulting staff. The firm's successful peer recognition has been accompanied by a commitment to providing responsive client service and pursuing continuous quality improvement. Kimley-Horn's growth is reflected in its steady rise on Engineering News-Record's list of top design firms in the nation. In 2023, Kimley-Horn was ranked #9 of the top 500 U.S. design firms. Additionally, Kimley-Horn was ranked #4 in general building, #5 in pure design, #5 in airports, #7 in highways, #7 in transportation, #2 in mixed use, #15 in water treatment and desalination, #10 in sanitary and storm sewers, #4</p>	
1.0.13	What is your reputation like among customers and how have you developed it?	<p>A good demonstration of our success is that approximately 75-85% of the firm's services in Florida for 2023 were for repeat customers. We continue to attract repeat business based on our reputation for quality design and personalized client service. Our primary goals are to meet our clients' consulting needs; to develop an outstanding staff; to provide a positive work environment; and to maintain our professional reputation while being a well-managed firm. We are proud of our working relationship with our clients and much of our success the last 57 years is directly related to our efforts to perform high-quality, timely services for all our clients.</p>	

			Exhibit "B"
1.0.14	How does your service differ from similar competitors? How do you win and retain business?	<p>One separator for Kimley-Horn is our ability to provide integrated services. Our firm is a multi-disciplined engineering firm with environmental, landscape, urban planning, and a number of specialty services designed to anticipate the needs of our clients but also realizing their vision and shared goals. Kimley-Horn has the in-house resources and technical expertise to provide virtually all required services.</p> <p>Another key separator is our firm operates as a "single business unit," meaning our various offices freely share expertise and resources as needed. As one profit center we believe we are all part of one large team consistently exceeding client expectations.</p>	
1.0.15	A brief statement must be included which explains why your proposal would be the most effective and beneficial to the City of Pembroke Pines.	<p>The culture at Kimley-Horn</p> <p>Continuing services contracts are always different, even changing from year to year within the same contract, but there are some shared principles to every contract:</p> <ul style="list-style-type: none"> • Responsiveness — is critical. • Quality — is essential. • Access to experts — is vital. • A firm understanding of past, present, and future design standards — is a must. • Flexibility — comes in handy. <p>Effective communication—both written and in-person—can make the difference between success and failure. Based on our review of the tasks described in the scope of services and our knowledge of the City, we know that we can serve you well across the board. We are committed to working as a partner with the City of Pembroke Pines to provide quality work in all service</p>

100.00% Complete

Question Set 2: Tab 2 - References Form

Exhibit "B"

Question Set 2 Instructions

Provide specific examples of similar contracts delivered by the proposed team members. Provide details on related projects (preferably where the team was the same). References should be from the last five years and should be capable of explaining and confirming your firm's capacity to successfully complete the scope of work outlined herein. As part of the proposal evaluation process, the City may conduct an investigation of references, including a record check or consumer affairs complaints. Proposers' submission of a proposal constitutes acknowledgment of the process and consent to investigate. The City is the sole judge in determining Proposers qualifications. In this section you will have the ability to enter information for 5 different references including the Reference Contact Information and the specific Project Information. The projects listed in this section shall be the firm's best examples of previous projects that are similar in size and scope. These projects and additional projects may also be listed on Standard Form 330.

In addition, do not provide references for City of Pembroke Pines projects.

Details should include the following:

#	Question	Response	Comment
Previous Experience			
2.1.1	How many clients have you provided Services for?	<p>Kimley-Horn has served close to 50 municipalities and 45 counties just in the state of Florida. As we are a nationwide firm, we have countless clients, both public and private.</p>	
2.1.2	What similar or related projects have you worked on within the past three years?	<p>Below is a summary of our Project Manager Stefano Viola's projects started since February 2021.</p> <ul style="list-style-type: none"> •Florida DOT District Four, Miami River-Miami Intermodal Center Capacity Improvement (MR-MICCI), Miami, FL •Pompano Beach McNab Road Improvements, Pompano Beach, FL •McNab Road Over Cypress Creek (C-14) Bridge Replacement and Terra Mar Drive over Spanish River Bridge Rehabilitation Projects, Pompano Beach, FL •Plantation General Hospital Replacement (aka Davie Medical Center), Davie, FL •Monroe County Plantation Key Courthouse and Detention Center, Islamorada, FL, Village of Islamorada, FL •City of Sunrise, Welleby Park Expansion, Sunrise, FL <p>Every project is unique and presents its own special design challenges. Below are some examples of different challenges that we have faced.</p> <ul style="list-style-type: none"> •The most frequent challenge we face in local road design and 3R projects are related to existing utilities. To overcome this challenge, Kimley-Horn will draw all utility lines and features to their true size in our plans, this aids in identifying conflicts early in the design phase; potholing potential conflict locations gives us a better understanding of the locations of the existing lines; and extensive coordination with the various utility companies. •Kimley-Horn's landscape architects are well versed in providing innovative project solutions that are sustainable. 	
2.1.3	What challenges did you face and how did you overcome them?		
2.1.4	How many of your clients are repeat clients?	<p>Approximately 75-85% of the firm's services in Florida for 2023 were for repeat customers. We continue to attract repeat business based on our reputation for quality design and personalized client service. We are proud of our working relationships with our clients and much of our success the last 57 years is directly related to our efforts to perform high-quality, timely services for all our clients.</p>	

2.1.5	How much of your revenue is derived from managing projects similar to ours?	In 2023, our total company revenue was close to \$2 billion, and we worked on more than 56,000 projects nationwide with services similar to the ones needed for this project. Most of these projects are for repeat clients and we are very happy with the relationships we've established, and we look forward to the possibility of growing our relationship with the City of Pembroke Pines.

Reference #2: Project Information		

2.5.1	Name of Contractor Performing the work	Kimley-Horn and Associates, Inc.	Exhibit "B"
2.5.2	Name and location of the project	Hollywood North Central Septic to Sewer Conversion Program, Hollywood, FL	
2.5.3	Nature of the firm's responsibility on the project	Kimley-Horn's responsibility for this project consists of expanding the City of Hollywood's existing sanitary sewage collection system across the north central area of the City and converting of approximately 1,700 properties from private on-site wastewater treatment (septic) systems and private sewage lift stations to public collection and conveyance systems.	
2.5.4	Project duration	3 years	
2.5.5	Completion (Anticipated) Date	November 2020	
2.5.6	Size of project	This project consists of expanding the City of Hollywood's existing sanitary sewage collection system across the north central area of the City and converting of approximately 1,700 properties from private on-site wastewater treatment (septic) systems and private sewage lift stations to public collection and conveyance systems.	
2.5.7	Cost of project	\$891,600 ; \$12,000,000.00 (construction)	
2.5.8	Work for which staff was responsible	Kimley-Horn's services included sewage flow projections, basin delineation, hydraulic modeling, design and preparation of construction documents, regulatory assistance, assistance with bid and award of the construction contract, and limited construction phase services.	

Reference #3: Reference Contact Information

2.6.1	Name of Firm, City, County or Agency	City of Fort Lauderdale
2.6.2	Address	100 N. Andrews Avenue, Fort Lauderdale, FL 33301
2.6.3	Contact Name	Khant Myatt, P.E.
2.6.4	Contact Title	Project Manager
2.6.5	Contact E-mail Address	Kmyat@fortlauderdale.gov

Reference #3: Project Information

2.7.1	Name of Contractor Performing the work	Kimley-Horn and Associates, Inc.
2.7.2	Name and location of the project	Fort Lauderdale Executive Airport (FXE) Master Drainage/Conceptual Environmental Resources Permit (ERP) Project, Fort Lauderdale, FL

2.7.3	Nature of the firm's responsibility on the project	The project included a master Conceptual Environmental Resource Permit for 692 acres of the airport to set consistent permitting parameters for future development. Having consistent permitting parameters would allow for the same minimum finished floor elevations and average grades throughout the airport property, which would allow for better aircraft maneuverability. In addition, the City also sought a Letter of Map Revision (LOMR) to revise the effective FEMA Flood Insurance Rate Map (FIRM) and associated Flood Insurance Study (FIS) within the project area which was done to assist in leveling the elevation requirements being mandated by the multiple flood zones within the airport property.
2.7.4	Project duration	4 years
2.7.5	Completion (Anticipated) Date	April 2021
2.7.6	Size of project	This project included a master Conceptual Environmental Resource Permit for 692 acres of the airport to set consistent permitting parameters for future development.
2.7.7	Cost of project	\$355,155
2.7.8	Work for which staff was responsible	The scope included pre-design services, existing utility coordination, stormwater modeling, schematic plans, conceptual design permit plans, and permitting.

2.8.1	Name of Firm, City, County or Agency	City of Hallandale Beach
2.8.2	Address	630 N.W. 2nd Street, Hallandale Beach, FL 33009
2.8.3	Contact Name	Cathie Schanz
2.8.4	Contact Title	Director Parks and Recreation Department
2.8.5	Contact E-mail Address	cschanz@cohb.org
2.8.6	Contact Telephone #	954.457.1452
Reference #4: Project Information		
2.9.1	Name of Contractor Performing the work	Kimley-Horn and Associates, Inc.
2.9.2	Name and location of the project	OB Johnson Park, Hallandale Beach, FL

2.9.3	Nature of the firm's responsibility on the project	The park included a 42,000-square-foot multigenerational facility that included a teen center, indoor basketball courts, after school and senior programming, exercise room, administrative offices, and other accessory uses for computer and dance classes, food distribution, and other programming for all ages. The exterior park amenities included a walking trail, playground, tennis courts, a field house, and a football/soccer field. Additionally, the park improvements included a centrally located surface parking lot, site infrastructure, and landscaping.
2.9.4	Project duration	5 years
2.9.5	Completion (Anticipated) Date	January 2019
2.9.6	Size of project	This 6.4-acre park in Hallandale Beach Park was part of the City-wide park master plan that set forth a program to enhance 13 of the City's parks and recreation areas in support of community wide goals and neighborhood needs.
2.9.7	Cost of project	\$15,508,000 ; \$14,600,000 (construction)
2.9.8	Work for which staff was responsible	Kimley-Horn provided master planning, landscape architecture, engineering design and permitting services, as well as construction observation and administration.
Reference #5: Reference Contact Information		
2.10.1	Name of Firm, City, County or Agency	City of Miramar
2.10.2	Address	2300 Civic Center Place, Miramar, FL 33025
2.10.3	Contact Name	Salvador Zuniga
2.10.4	Contact Title	City Engineer
2.10.5	Contact E-mail Address	sezuniga@miramarfl.gov
2.10.6	Contact Telephone #	954.602.3323
Reference #5: Project Information		
2.11.1	Name of Contractor Performing the work	Kimley-Horn and Associates, Inc.
2.11.2	Name and location of the project	Miramar Pembroke Road Expansion, Miramar, FL
2.11.3	Nature of the firm's responsibility on the project	The responsibility of Kimley-Horn for this project is to design the expansion of Pembroke Road from SW 160th Ave. to US-27 and the extension of Miramar Parkway from SW 192nd Terrace to Pembroke Road. Scope of services includes project management; basis of design report; roadway design in accordance with City and Broward County/FDOT Greenbook design criteria including ADA requirements; public outreach; permitting; bidding and project phasing services; and post design services.
2.11.4	Project duration	Ongoing

			Exhibit "B"
2.11.5	Completion (Anticipated) Date	Segment A's design services are anticipated to start in 2022 and construction to start in 2024. Segment B's construction is anticipated to start in 2026. Segment C's construction is anticipated to start in 2028.	
2.11.6	Size of project	This project will be broken down into 3 separate segments. The first segment, Segment A, includes the design and construction of Pembroke Road from a 2-lane to 4-lane divided roadway with multi-use paths. The second segment, Segment B, includes the extension of Pembroke Road as a 4-lane divided roadway from SW 196th Avenue to US-27 with multi-use paths. Segment B also includes the installation of a signal at the US-27 intersection. The third segment, Segment C, includes the extension of Miramar Parkway to a 2-lane roadway with multi-use paths from SW 129th Terrace to intersect with the new extension of Pembroke Road.	
2.11.7	Cost of project	The anticipated construction cost of this project is \$82 million.	
2.11.8	Work for which staff was responsible	The Pembroke Road Expansion Project is a County Surtax funded project to be administered by the City of Miramar. The project includes providing a four-lane divided facility from US-27 to Dykes Road and to extend Miramar Parkway as a two-lane divided facility from its current terminus to intersect with the proposed extension of Pembroke Road. Scope of services includes project management; basis of design report; roadway design in accordance with City and Broward County/FDOT Greenbook design criteria including ADA requirements; public outreach; permitting; bidding and project phasing services; and post design services.

Question Set 3: Tab 3 - Firm's Understanding and Approach to the Work

Exhibit "B"

Question Set 3 Instructions

The understanding that the applicant and consultants demonstrate as to the requirements and needs of the project, including an evaluation of the thoroughness demonstrated in analyzing and investigating the scope of the project.

#	Question	Response	Comment
3.0.1	Provide a narrative statement demonstrating an understanding of the overall intent of this solicitation, as well as the methods used to complete assigned tasks.	<p>Kimley-Horn understands the City is seeking a consultant to provide engineering, design, and related services for each work authorization negotiated in accordance with the contract requirement. Kimley-Horn is pleased to submit this Statement of Qualifications to provide the City with professional consulting services in the following categories: General Civil and Environmental Engineering, Geotechnical, Structural Engineering, Land Surveying, Landscape Architectural, and FDOT Roadway Engineering services.</p> <p>Continuing services contracts require a different approach from typical project-specific contracts. Each task assigned under an on-call contract will need an individualized approach that includes the All successful design firms must remain well informed of recent changes to applicable codes, standards, and regulations as they apply to each specific discipline and each client. Kimley-Horn has completed a wide variety of projects of all sizes and complexities for federal, state, and local projects across Florida. We are experts at complying with the requirements of federally funded projects and have extensive experience working with governmental agencies such as the Florida Department of Transportation (FDOT), Florida Department of Environmental Protection (FDEP) and the like.</p>	
3.0.2	Please address your familiarity and understanding of the needs of the current compliance with City Standards, Codes and Engineering Standards.	<p>Our team is focused on maintaining a strong, working knowledge of the technical requirements, whether they we understand the technical aspects of this work and the required coordination with stakeholders such as County or City divisions, elected officials, municipalities/agencies, the development community, and the general public. We have worked closely with the City and have in-depth knowledge of the policies and procedures required for this contract.</p>	
3.0.3	Please address your familiarity with Engineering Permitting and Preparing Studies and Miscellaneous Designs in regards to similar projects.	<p>Kimley-Horn maintains regular contact with virtually all key regulatory agencies and their decision-makers. This rich network of interpersonal relationships enables us to provide expeditious services relative to the critical agency reviews and approvals to deliver our projects. Our staff understands not only agency procedures but also their expectations, enabling us to</p>	

3.0.4	<p>Please clearly describe all aspects of the project proposed. Include details of your approach and work plans.</p>	<p>An approach to design deliverables for a continuing services contract, we understand that the project approach will vary depending on the specifics of the given assignment. We offer a general description above, in answer 3.0.1., of the project phases with broad application to our future assignments under this solicitation. However, we have carefully taken into consideration our knowledge of how the City processes these types of contracts and have thoughtfully responded keeping your expectations and methods at the forefront of how we work.</p> <p>Each project task will be initiated by a request from the City. This request may be verbal, in writing, or by electronic means such as</p>
3.0.5	Identify any issues or concerns of significance that may be appropriate.	There are no significant concerns or issues.
3.0.6	How do you ensure the quality of your services? What criteria do you use to measure your quality?	<p>At Kimley-Horn we systematically listen to your needs, document projects requirements, and formally develop a set of quality standards by which the project will be measured.</p> <p>Kimley-Horn's quality assurance/quality control (QA/QC) measures are built into our project management processes, and they are part of our firm's culture. Kimley-Horn's QA/QC program is based on these principles:</p> <ul style="list-style-type: none"> •Quality deliverables are achieved by adequate planning and coordination and utilization of appropriately experienced staff. •Deliverables will be reviewed independently by qualified, similarly experienced, professionals not directly involved in the deliverable. <p>Not often but invariably mistakes will happen and errors may occur during our design process or with the training of younger staff in any number of ways. Depending on the size of the correction needed, it could take less than a month or a little more than a month to fix a correction. Our Quality Control process is our way of making an immediate course correction long before a set of plans or designs are delivered to a client. At any given time, our quality control process is in place to check, and re-check, to train properly and be prepared to be challenged by experts in their field, strengthening skills and making room for learning opportunities and teachable moments.</p> <p>Our team is consistently looking for better ways to</p>
3.0.7	How often do you find mistakes or errors in your work and what is done to correct these errors, and what is the average correction time?	

3.0.8	Describe the firm's techniques to quality control. At a minimum describe the firm's technique to control design and contract documentation, including record keeping.	Quality control is a vital part of Kimley-Horn's philosophy of serving our clients and it is crucial to successful project delivery. Quality plans and deliverables that clearly convey design intent and set clear expectations for the contractor, construction group, and the community, which in turn help reduce change orders during construction. Quality and risk in construction are closely tied together which is why quality deliverables are an important part of our risk management plan.

Question Set 4: Tab 4 - Willingness to Meet Time and Budget Requirements

Exhibit "B"

Question Set 4 Instructions

This solicitation is for the award of a continuing contract. The specific projects requiring professional services under the agreement have not yet been identified. However, in general, please explain your firm's approach in meeting "project specific" time and budget requirements and indicate whether CONSULTANT is committed to meet these requirements when identified in this agreement.

The continuing contract shall be used for professional services for projects in which the estimated construction cost of each individual project under the contract does not exceed \$4 million, or for study activities in which the fee for professional services for each individual study under the contract does not exceed \$500,000, or as further allowed, or amended from time to time, in Florida Statute 287.055.

Individual projects may be identified in the future, including potential projects resulting from a future Master Plans that the City is in the process of developing. The following list includes some possible project(s) that the City may utilize the continuing contract for. The estimated timelines and cost estimates for the professional services listed below are rough ball-park figures, however the Public Services Department will work with the awarded Consultant to better define the scope, design, timeline and cost estimates after the award of the contract(s).

Please note that during this portion of the process, the City is NOT asking for the firms to submit pricing. After the evaluation committee has selected the firms in order of preference, the City shall negotiate a contract with the most qualified firm for professional services and work authorizations at compensation which the agency determines is fair, competitive, and reasonable. Should the agency be unable to negotiate a satisfactory contract with the firm considered to be the most qualified at a price the agency determines to be fair, competitive, and reasonable, negotiations with that firm must be formally terminated. The agency shall then undertake negotiations with the next most qualified firm.

#	Question	Response	Comment
Budget			
4.1.1	In general, please explain your firm's approach in meeting "project specific" budget requirements and indicate whether Consultant is committed to meet these requirements when identified in this agreement.	<p>Our services are provided based on the scope, an agreed upon rate for the consultant, and/or a specific fee as dictated by a project and agreed to with our clients.</p> <p>Our experience providing these services has made us accurate at predicting what it costs to provide them, the number of hours it will take to provide them, and any additional efforts necessary to consider. Once we have an agreement, we manage our efforts carefully to honor our commitment regarding the agreement.</p> <p>We define the project requirements, recognize potential obstacles to success, identify possible opportunities to achieve additional value within the same project, and create a project work plan that allows us to accomplish your goals resourcefully.</p>	
4.1.2	Please advise if your firm is willing to meet the stated budget requirements.	Yes	
4.1.3	What percentage of your completed projects have had cost overruns?	<p>As one of the largest engineering firms in Florida, it would be impossible for us to provide a complete summary or even average of the thousands of projects we have completed. However, we can assure you that we have always aggressively pursued our commitment to quality in every task, deliverable, and services provided by the firm.</p> <p>Kimley-Horn has a track record of successfully completing projects on or ahead of schedule and within budget. This success is due, in part, to each project's schedule and budget being aggressively communicated to the project team by the project manager. Kimley-Horn takes pride in evaluating any unanticipated obstacles and making informed recommendations to overcome them before they</p>	

4.1.4	Tell me about a time when you went over budget. How did you handle the situation?	<p>Throughout our decades of working with clients and providing associated budgets, the challenge always exists for unforeseen conditions, contractor volatility, and material costs to impact those budgets. Kimley-Horn understands the importance of accurate budgets so that municipalities can plan accordingly, and we focus on detailed plans, concise bid documents, and quantity control and quality assurance to minimize any overages. Through our experience, we have recommended, and typically implement, a project allowance account as part of any bid to help offset those challenges. With an allowance account in place, a fixed dollar amount is included in the bid and can be used when additional project needs are identified in the field. Approval Kimley-Horn is sensitive to meeting client budgetary and scheduling needs and has employed a variety of measures to confirm we design a project within budget. Our recent experience providing these services for numerous governmental entities has given us significant command of current design processes and construction cost-saving options. The best way to control construction costs is to provide detailed design plans and specifications to confirm the contractor is well aware of the existing conditions and proposed design features to complete accurate bids. Insufficient information leads to contingency pricing and supplements during construction. Key components to cost control are:</p> <p>Quality Control Review, Project Manager, Stefano Viola, P.E., will be the City's personal point of contact, with full authority to make decisions.</p>
4.1.5	What cost-saving measures do you implement at your firm?	
4.1.6	Who will be in charge of maintaining the budget on projects?	
4.1.7	How many accounts is this person assigned to at a given time?	<p>The number of projects handled by Kimley-Horn project managers at any given time varies according to their area of practice and the size of projects. Stefano Viola, P.E. typically may manage between one and five projects depending on size, location, and scheduled milestones. By virtue of conducting regular project coordination meetings and utilizing key project staff to lead and oversee production of specific deliverables on a given project, Stefano is able to manage multiple projects while maintaining the quality of work and proactively communicating with clients. He will devote the time required to effectively oversee and manage City projects awarded under this contract.</p>

			Exhibit "B"
4.2.1	In general, please explain your firm's approach in meeting "project specific" time requirements and indicate whether Consultant is committed to meet these requirements when identified in this agreement.	<p>Kimley-Horn has a proven record of finishing projects on time and within budget. The key to our success is managing the right resources at the right time. We emphasize project management using bimonthly effort reports that give our project managers up-to-date staffing and expense information related to their projects. This information enables them to continuously monitor the status of project cost, cost control effectiveness, and schedule. In addition, Kimley-Horn often schedules bimonthly telephone progress meetings with our clients to communicate progress to date and the next steps to be taken.</p> <p>Frequent communication and clear definition of the responsibilities of team</p>	
4.2.2	Please advise if your firm is willing to meet the stated time requirements.	Yes	
4.2.3	What is the average turnaround time for a project that is similar to mine?	<p>As assigned and as needed on a continuing basis, each project or task order may require a more formal and/or informal response, and can take several weeks or several years. Typically, once we receive a notice to proceed, we will schedule a kick-off meeting, assign the appropriate personnel, understand and incorporate client goals, and provide those services within a scheduled timeframe and approved budget.</p>	
4.2.4	What is your average on-time completion rate?	<p>As a firm, we do not keep statistics on our average on-time completion; however, we'd point to our 75-85% rate of repeat clients to know that we are achieving desired results. Each project, no matter the size, receives the same attention we apply to much larger efforts. Our team will work with the City of Pembroke Pines on each project to tailor an approach to the scope of work to appropriately meet your needs and expectations. When starting a project, we will work with the staff to clearly understand your objectives and to review existing, readily available information. Prior to being assigned a task order, we will work with your staff to prepare a project management plan and facilitate data integration. With this proactive approach, we</p>	
4.2.5	How many projects do your teams typically take on at a given time?	<p>The simple answer is this varies depending on which phase a project is in and the disciplines utilized during that phase. There could be over 100 projects in various stages of completion going on at one time, perhaps 10-15 focused or generated out of one particular office and more depending on the size and location of the offices. Our project managers use the castaheads tool to provide an accurate projection of staffing needs and overloads with detailed information for the upcoming month and summary information for the next six months. The project manager uses this tool to facilitate the shifting and balancing of work across our entire firm.</p>	

			Exhibit "B"
4.2.6	Tell me about a time when the project timeline was delayed. How did you handle the situation?	<p>Florida is prone to natural disasters like hurricanes on a regular basis and/or unforeseen circumstances that may impact a schedule, budget, and/or our ability to provide staffing immediately to an affected area. Most recently with the hurricanes in Florida, Kimley-Horn quickly switched gears to provide our clients with immediate safety measures, structural assessments, and associated utilities services to affected areas. Our ability to adapt to the changing conditions and engage with the client's needs is a staple of our process.</p> <p>Kimley-Horn is a large engineering firm, financially stable and focused on our clients. From time to time, budgets are unavailable, grants may take longer than expected, and a project may be put on hold while the client</p> <p>Our firm takes pride in designing "buildable" plans, and our knowledge of construction issues and costs is evidenced by the firm's overall record of on-time and on-budget completions. Our experience can be used to review plans and specifications to identify constructability issues early on in the process. Then, affordable adjustments can be made to maintain steady progress and avoid stop-work situations. Construction phase services include cost estimating, pre-bid services, construction administration, and observation.</p> <p>For each task, we assign a specific person to update the project schedule and submittal logs. As we typically turn around submittal reviews and requests for information (RFIs) in less than a week, the Kimley-Horn has a proven record of performing on time and within budget. The key to our success is managing the right resources at the right time. We emphasize project management using bimonthly effort reports that give our project managers with up-to-date staffing and expense information related to their projects. This information enables them to continuously monitor the status of project cost, cost control effectiveness, and schedule. In addition, Kimley-Horn often schedules bimonthly telephone progress meetings with our clients to communicate progress to date and the next steps to be taken.</p> <p>Frequent communication and clear definition of the responsibilities of team members are critical elements</p>	
4.2.7	Describe the firm's design and construction management methods and techniques. Include details on firm's ability to make decisions and facilitate resolution of disputes.	<p>Our firm takes pride in designing "buildable" plans, and our knowledge of construction issues and costs is evidenced by the firm's overall record of on-time and on-budget completions. Our experience can be used to review plans and specifications to identify constructability issues early on in the process. Question Set 7 Instructions

The PROPOSER acknowledges and understands that the information contained in response to this Qualification Statement shall be relied upon by CITY in awarding the contract and such information is warranted by PROPOSER to be true. The discovery of any omission or misstatement that materially affects the PROPOSER's qualifications to perform under the contract may cause the CITY to reject the Bid, and if after the award, to cancel and terminate the award and/or contract.

#	Question	Response	Comment
Former Business			
7.1.1	Under what former name has your business operated? Include a description of the business.	None	
7.1.2	At what address was that business located?	N/A	
Past Failure			
7.2.1	Have you ever failed to complete work awarded to you. If so, when, where and why?	No	
Inspected			
7.3.1	Have you personally inspected the proposed WORK and do you have a complete plan for its performance?	Yes	Kimley-Horn has provided construction administration services on hundreds of miles of urban and rural roadways for projects ranging from limited-access arterials to collector facilities for counties, cities, and state departments of transportation throughout the United States. Our firm takes pride in designing "buildable" plans, and our knowledge of construction issues and costs is evidenced by the firm's outstanding record of on-time and on-budget completions. Construction phase services include cost estimating, pre-bid services, and construction administration and observation.
Subcontracting			
7.4.1	Will you subcontract any part of this WORK? If you will be subcontracting any part of this work, provide details including a list of each sub-contractor(s) that will perform work in excess of ten percent (10%) of the contract amount and the work that will be performed by each subcontractor(s). (Note: The proposed list of subcontractor(s) may not be amended after award of the contract without the prior written approval of the Contract Administrator, whose approval shall not be reasonably withheld.)	Yes	We have included four subconsultant firms on our team: Engenuity Group, Inc for Land Surveying; H2R Corp for Geotechnical Engineering; Stoner & Associates, Inc for Land Surveying; and Tierra South Florida, Inc. dba TSFGeo for Geotechnical Engineering. We do not anticipate any of these firms to be awarded work in excess of 10% of contracted work for this contract.
Bankruptcy Petitions			
7.5.1	List and describe all bankruptcy petitions (voluntary or involuntary) which have been filed by or against the Proposer, its parent or subsidiaries or predecessor organizations during the past five (5) years. Include in the description the disposition of each such petition.	None	
Bond Claims			
7.6.1	List and describe all successful Bond claims made to your surety(ies) during the last five (5) years. The list and descriptions should include claims against the bond of the Proposer and its predecessor organization(s).	N/A	
Claims, Arbitrations, Administrative Hearings and Lawsuits			
7.7.1	List all claims, arbitrations, administrative hearings and lawsuits brought by or against the Proposer or its predecessor organization(s) during the last (10) years. The list shall include all case names; case, arbitration or hearing identification numbers; the name of the project over which the dispute arose; and a description of the subject matter of the dispute.	Kimley-Horn and its subsidiaries have provided services in all fifty states and numerous countries. Because of the many and varied projects we have completed, we are subject to various legal proceedings from time to time and in the ordinary course of business. It is not practical to provide a complete list as part of this proposal. None of the pending matters, if decided against Kimley-Horn, would have a material impact on our financial statements or impair in any way our ability to serve our clients. Generally, these matters are covered by insurance, and we consider them to be without merit. If you would like to discuss our legal matters in more detail, please contact Kimley-Horn's General Counsel, Richard Cook, at 919.677.2058.	
Criminal Proceedings or Hearings			
7.8.1	List and describe all criminal proceedings or hearings concerning business related offenses in which the Proposer, its principals or officers or predecessor organization(s) were defendants.	None. Kimley-Horn has not been involved in any criminal proceedings.	
Company Classification			
7.9.1	In regards to the commodities/services proposed, which of the following best classifies your firm? If you selected any options besides "Original Provider" please explain.	Other	Kimley-Horn will serve as the prime engineering consultant for this contract.

Debarment/Suspension		Exhibit "B"	
7.10.1	Have you ever been debarred or suspended from doing business with any governmental agency? If you have been debarred or suspended from doing business with any governmental agency, please explain.	No	
Similar Experience & Contracts			
7.11.1	Describe the firm's local experience/nature of service with contracts of similar size and complexity, in the previous three (3) years.	As a national firm with 19 offices in Florida and over 112 offices across the United States, Kimley-Horn has hundreds of active contracts in varying stages of completion at any point in time. To provide the information requested for the projects Kimley-Horn has recently completed within the past three years, as well as projects actively current and projected in the near future, would require a substantial number of pages and would not relate to the local staff. To fulfill the request, we've focused on a number of projects that are of a similar nature, have recently concluded, or are substantially complete with the design phase. These projects are shown in the SF330 Section F, as well as on the resumes of our team shown in SF330.

Question Set 8: Vendor Registration Checklist

Exhibit "B"

Question Set 8 Instructions

The City has included various documents in the Vendor Registration portal on the Bonfire website. This process is intended to make the bidding process easier for vendors that bid on multiple City projects. This process will allow vendors to complete and submit the following standard forms and documents at any time prior to bidding on a project. In addition, the vendors will be able to utilize these same forms without the need to re-fill and re-submit the forms each time they bid on a City project. In the event that the City does not have one of the forms or documents listed below for your company, the City may reach out to your company after the bid has closed to obtain the document(s).

Furthermore, please make sure to update this information on an as-needed basis so that all pertinent information is accurate, such as local business tax receipts, and any other relevant information.

This section will summarize your responses to those relevant documents.

#	Question	Response	Comment
Vendor Information Form			
8.1.1	Did you submit a completed Vendor Information Form in the Vendor Registration Portal?	Yes	
Form W-9 (Rev. October 2018 or later)

**SWORN STATEMENT
ON PUBLIC ENTITY CRIMES
UNDER FLORIDA STATUTES CHAPTER 287.133(3)(a).**

1. This sworn statement is submitted by Kimley-Horn and Associates, Inc.
(name of entity submitting sworn statement) whose business address is
8201 Peters Road, Suite 2200, Plantation, FL 33324
and (if applicable) its Federal Employer Identification Number (FEIN) is
56-0885615. (If the entity has no FEIN, include the Social Security
Number of the individual signing this sworn statement: _____.)

2. My name is Gary R. Rataj and my
(Please print name of individual signing)
relationship to the entity named above is Vice President.

3. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

4. I understand that a "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.

5. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 1. A predecessor or successor of a person convicted of a public entity crime: or
 2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The Cityship by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a *prima facie* case that one person controls another person. A person who knowingly enters into a

joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

6. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or any entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.
7. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **(Please indicate which statement applies.)**
 - A) Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.
 - B) The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND **(Please indicate which additional statement applies.)**
 - B1) There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. **(Please attach a copy of the final order.)**
 - B2) The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. **(Please attach a copy of the final order.)**
 - B3) The person or affiliate has not been placed on the convicted vendor list. **(Please describe any action taken by or pending with the Department of General Services.)**

EQUAL BENEFITS CERTIFICATION FORM FOR DOMESTIC PARTNERS AND ALL MARRIED COUPLES

Except where federal or state law mandates to the contrary, a Contractor awarded a Contract pursuant to a competitive solicitation shall provide benefits to Domestic Partners and spouses of its employees, irrespective of gender, on the same basis as it provides benefits to employees' spouses in traditional marriages.

The Contractor shall provide the City and/or the City Manager or his/her designee, access to its records for the purpose of audits and/or investigations to ascertain compliance with the provisions of this section, and upon request shall provide evidence that the Contractor is in compliance with the provisions of this section upon each new bid, contract renewal, or when the City Manager has received a complaint or has reason to believe the Contractor may not be in compliance with the provisions of this section. Records shall include but not be limited to providing the City and/or the City Manager or his/her designee with certified copies of the Contractor's records pertaining to its benefits policies and its employment policies and practices.

The Contractor must conspicuously make available to all employees and applicants for employment the following statement:

"During the performance of a contract with the City of Pembroke Pines, Florida, the Contractor will provide Equal Benefits to its employees with spouses, as defined by Section 35.39 of the City's Code of Ordinances, and its employees with Domestic Partners and all Married Couples".

The posted statement must also include a City contact telephone number and email address which will be provided to each contractor when a covered contract is executed.

SECTION 1 DEFINITIONS

- 1. Benefits** means the following plan, program or policy provided or offered by a contractor to its employees as part of the employer's total compensation package which may include but is not limited to sick leave, bereavement leave, family medical leave, and health benefits.
- 2. Cash Equivalent** mean the amount of money paid to an employee with a domestic partner or spouse in lieu of providing benefits to the employee's domestic partner or spouse. The cash equivalent is equal to the employer's direct expense of providing benefits to an employee for his or her spouse from a traditional marriage.
- 3. Covered Contract** means a contract between the City and a contractor awarded subsequent to the date when this section becomes effective valued at over \$25,000 or the threshold amount required for competitive bids as required in section 35.18(A) of the Procurement Code.
- 4. Domestic Partner** shall mean any two (2) adults of the same or different sex who have registered as domestic partners with a governmental body pursuant to state or local law authorizing such registration, or with an internal registry maintained by the employer of at

least one of the domestic partners. A contractor may institute an internal registry to allow for the provision of equal benefits to employees with domestic partners who do not register their partnerships pursuant to a governmental body authorizing such registration, or who are located in a jurisdiction where no such governmental domestic partnership registry exists. A contractor that institutes such registry shall not impose criteria for registration that are more stringent than those required for domestic partnership registration by the City of Pembroke Pines.

5. **Equal benefits** means the equality of benefits between employees with spouses and/or dependents of spouses and employees with domestic partners and/or dependents of domestic partners, and/or between spouses of employees and/or dependents of spouses and domestic partners of employees and/or dependents of domestic partners.
6. **Spouse** means one member of a married pair legally married under the laws of any state within the United States of America or any other jurisdiction under which such marriage is legally recognized, irrespective of gender.
7. **Traditional marriage** means a marriage between one man and one woman.

SECTION 2 CERTIFICATION OF CONTRACTOR

The firm providing a response, by virtue of the signature below, certifies that it is aware of the requirements of Section 35.39 "City Contractors providing Equal Benefits for Domestic Partners and all Married Couples" of the City's Code of Ordinances, and certifies the following (**Check only one box below**):

A. Contractor currently complies with the requirements of this section; or

B. Contractor will comply with the conditions of this section at the time of contract award; or

C. Contractor will not comply with the conditions of this section at the time of contract award: or

D. Contractor does not comply with the conditions of this section because of the following allowable exemption (**Check only one box below**):

1. The Contractor does not provide benefits to employees' spouses in traditional marriages;

2. The Contractor provides an employee the cash equivalent of benefits because the Contractor is unable to provide benefits to employees' Domestic Partners or spouses despite making reasonable efforts to provide them. To meet this exception, the Contractor shall provide a notarized affidavit that it has made reasonable efforts to provide such benefits. The affidavit shall state the efforts taken to provide such benefits and the amount of the cash equivalent. Cash equivalent means the amount of money paid to an employee with a Domestic Partner or spouse rather than providing benefits to the employee's Domestic Partner or spouse. The cash equivalent is equal to the employer's direct expense of providing benefits to an employee's spouse;

- 3. The Contractor is a religious organization, association, society, or any non-profit charitable or educational institution or organization operated supervised or controlled by or in conjunction with a religious organization, association, or society;
- 4. The Contractor is a governmental agency;

The certification shall be signed by an authorized officer of the Contractor. Failure to provide such certification (by checking the appropriate boxes above along with completing the information below) shall result in a Contractor being deemed non-responsive.

VENDOR DRUG-FREE WORKPLACE CERTIFICATION FORM

SECTION 1 GENERAL TERM

Preference may be given to vendors submitting a certification with their bid/proposal certifying they have a drug-free workplace in accordance with Section 287.087, Florida Statutes. This requirement affects all public entities of the State and becomes effective January 1, 1991. The special condition is as follows:

IDENTICAL TIE BIDS - Preference may be given to businesses with drug-free workplace programs. Whenever two or more bids that are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drugfree workplace program shall be given preference in the award process. Established procedures for processing tie bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

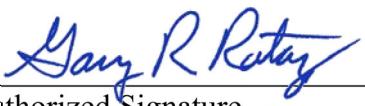

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after each conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section.

SECTION 2 AFFIRMATION

Place a check mark here only if affirming bidder complies fully with the above requirements for a Drug-Free Workplace.

Place a check mark here only if affirming bidder does not meet the requirements for a Drug-Free Workplace.

Failure to complete this certification at this time (by checking either of the boxes above) shall render the vendor ineligible for Drug-Free Workplace Preference. This form must be completed by/for the proposer; the proposer WILL NOT qualify for Drug-Free Workplace Preference based on their sub-contractors' qualifications.

Authorized Signer Name

Kimley-Horn and Associates, Inc.
Company Name

**SCRUTINIZED COMPANY CERTIFICATION
PURSUANT TO FLORIDA STATUTE § 287.135.**

I, Stefano Viola, P.E., Vice President, on behalf of Kimley-Horn and Associates, Inc.,
Print Name and Title Company Name
certify that Kimley-Horn and Associates, Inc. :
Company Name

1. Does not participate in a boycott of Israel; and
2. Is not on the Scrutinized Companies that Boycott Israel list; and
3. Is not on the Scrutinized Companies with Activities in Sudan List; and
4. Is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; and
5. Has not engaged in business operations in Syria.

Submitting a false certification shall be deemed a material breach of contract. The City shall provide notice, in writing, to the Contractor of the City's determination concerning the false certification. The Contractor shall have ninety (90) days following receipt of the notice to respond in writing and demonstrate that the determination of false certification was made in error. If the Contractor does not demonstrate that the City's determination of false certification was made in error then the City shall have the right to terminate the contract and seek civil remedies pursuant to Florida Statute § 287.135.

Section 287.135, Florida Statutes, prohibits the City from: 1) Contracting with companies for goods or services in any amount if at the time of bidding on, submitting a proposal for, or entering into or renewing a contract if the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, F.S. or is engaged in a boycott of Israel; and 2) Contracting with companies, for goods or services over \$1,000,000.00 that are on either the Scrutinized Companies with activities in the Iran Petroleum Energy Sector list, created pursuant to s. 215.473, or are engaged in business operations in Syria.

As the person authorized to sign on behalf of the Contractor, I hereby certify that the company identified above in the section entitled "Contractor Name" does not participate in any boycott of Israel, is not listed on the Scrutinized Companies that Boycott Israel List, is not listed on either the Scrutinized Companies with activities in the Iran Petroleum Energy Sector List, and is not engaged in business operations in Syria. I understand that pursuant to section 287.135, Florida Statutes, the submission of a false certification may subject the company to civil penalties, attorney's fees, and/or costs. I further understand that any contract with the City for goods or services may be terminated at the option of the City if the company is found to have submitted a false certification or has been placed on the Scrutinized Companies with Activities in Sudan list or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List.

E-VERIFY SYSTEM CERTIFICATION STATEMENT (UNDER SECTION 448.095, FLORIDA STATUTES)

1. Definitions:
 - a. **“Contractor”** means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “Contractor” includes, but is not limited to, a vendor or consultant.
 - b. **“Subcontractor”** means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.
 - c. **“E-Verify system”** means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.
2. Effective January 1, 2021, Contractors, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:
 - a. All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
 - b. All persons (including subvendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the City of Pembroke Pines. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the City of Pembroke Pines; and
 - c. Should vendor become the successful Contractor awarded for the above-named project, by entering into the contract, the Contractor shall comply with the provisions of Section 448.095, Fla. Stat., “Employment Eligibility,” as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract.
3. Contract Termination
 - a. If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
 - b. If the City has a good faith belief that a subcontractor knowingly violated s. 448.095 (2), but the Contractor otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
 - c. A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
 - d. Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
 - e. If the contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

VETERAN OWNED SMALL BUSINESS (VOSB) PREFERENCE CERTIFICATION

SECTION 1 GENERAL TERM

VETERAN OWNED SMALL BUSINESS (VOSB) PREFERENCE

The evaluation of competitive bids is subject to section 35.37 of the City's Procurement Procedures which, except where contrary to federal and state law, or any other funding source requirements, provides that preference be given to veteran owned small businesses. To satisfy this requirement, the vendor shall affirm in writing its compliance with the following objective criteria as of the bid or proposal submission date stated in the solicitation. A veteran owned small business shall be defined as:

1. "Veteran Owned Small Business" shall mean a business entity which has received a "Determination Letter" from the United States Department of Veteran Affairs Center for Verification and Evaluation notifying the business that they have been approved as a Veteran Owned Small Business (VOSB).

A preference of two and a half percent (2.5%) of the total evaluation point, or two and a half percent (2.5%) of the total price, shall be given to the **Veteran Owned Small Business (VOSB)**. This shall mean that if a **VOSB** submits a bid/quote that is within 2.5% of the lowest price submitted by any vendor, the **VOSB** shall have an option to submit another bid which is at least 1% lower than the lowest responsive bid/quote. If the **VOSB** submits a bid which is at least 1% lower than that lowest responsive bid/quote, then the award will go to the **VOSB**. If not, the award will be made to the vendor that submits the lowest responsive bid/quote. If the lowest responsive and responsible bidder IS a "**Local Pembroke Pines Vendor**" (**LPPV**) or a "**Local Broward County Vendor**" (**LBCV**) as established in Section 35.36 of the City's Code of Ordinances, entitled "Local Vendor Preference", then the award will be made to that vendor and no other bidders will be given an opportunity to submit additional bids as described herein.

If there is a **LPPV**, a **LBCV**, and a **VOSB** participating in the same bid solicitation and all three vendors qualify to submit a second bid, the **LPPV** will be given first option. If the **LPPV** cannot beat the lowest bid received by at least 1%, an opportunity will be given to the **LBCV**. If the **LBCV** cannot beat the lowest bid by at least 1%, an opportunity will be given to the **VOSB**. If the **VOSB** cannot beat the lowest bid by at least 1%, then the bid will be awarded to the lowest bidder.

If multiple **VOSBs** submit bids/quotes which are within 2.5% of the lowest bid/quote and there are no **LPPV** or **LBCV** as described in Section 35.36 of the City's Code of Ordinance, entitled "Local Vendor Preference", then all **VOSBs** will be asked to submit a **Best and Final Offer (BAFO)**. The award will be made to the **VOSB** submitting the lowest **BAFO** providing that that **BAFO** is at least 1% lower than the lowest bid/quote received in the original solicitation. If no **VOSB** can beat the lowest bid/quote by at least 1%, then the award will be made to the lowest responsive bidder.

COMPARISON OF QUALIFICATIONS

The preferences established in no way prohibit the right of the City to compare quality of supplies or services for purchase and to compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids or proposals. Further, the preference established in no way prohibit the right of the city from giving any other preference permitted by law instead of the preferences granted, nor prohibit the city to select the bid or proposal which is the most responsible and in the best interests of the city.

SECTION 2 AFFIRMATION

VETERAN OWNED SMALL BUSINESS (VOSB) PREFERENCE CERTIFICATION:

Place a check mark here only if affirming bidder meets requirements above as a Veteran Owned Small Business. In addition, the bidder must attach the "Determination Letter" from the U.S. Dept. of Veteran Affairs Center.

Place a check mark here only if affirming bidder does not meet the requirements above as a VOSB.

Failure to complete this certification at this time (by checking either of the boxes above) shall render the vendor ineligible for VOSB Preference. This form must be completed by/for the proposer; the proposer WILL NOT qualify for VOSB Preference based on their sub-contractors' qualifications.

**CERTIFICATION REGARDING LOBBYING;
DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS
FOR EXPENDITURE OF FEDERAL FUNDS**

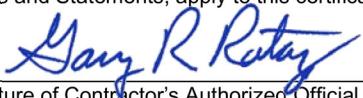

LOBBYING

As required by 7 CFR Part 3018, for persons entering into a contract, grant or cooperative agreement over **\$100,000** involving the expenditure of Federal funds, the undersigned certifies for itself and its principals that:

- (a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
- (b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress, in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit **Standard Form - LLL, "Disclosure Form to Report Lobbying,"** in accordance with its instructions; and
- (c) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The undersigned Contractor, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. Chap. 38, Administrative Remedies for False Claims and Statements, apply to this certification and disclosure, if any.

DEBARMENT, SUSPENSION AND OTHER RESPONSIBILITY MATTERS

As required by 7 CFR Part 3017, for persons entering into a contract, grant or cooperative agreement over **\$25,000** involving the expenditure of Federal funds, the undersigned certifies for itself and its principals that:

- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- (b) Have not within a three-year period preceding this application been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted for or otherwise criminally or civilly charged by a Government entity (Federal, State, or local) with commission of any offenses enumerated in paragraph (b) of this certification; and
- (d) Have not within a three-year period preceding this application had one or more public transaction (Federal, State, or local) terminated for cause or default; and

Where the applicant is unable to certify to any of the statements in this certification, he or she shall attach an explanation to this application.

This disclosure of lobbying activities is a material representation of fact upon which reliance was placed by the tier above when this transaction was made or entered into. This disclosure is required pursuant to 31 U.S.C. 1352. This information will be reported to the Congress semi-annually and will be available for public inspection. Any person who fails to file the required disclosure shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.	Signature: <u>Gary R. Ratay</u> Print Name: <u>Gary R. Ratay</u> Title: <u>Vice President</u> Telephone No.: <u>954.535.5100</u> Date: <u>1/24/23</u>	

INSTRUCTIONS FOR COMPLETION OF SF-LLL, DISCLOSURE OF LOBBYING ACTIVITIES

This disclosure form shall be completed by the reporting entity, whether subawardee or prime Federal recipient, at the initiation or receipt of a covered Federal action, or a material change to a previous filing, pursuant to title 31 U.S.C. section 1352. The filing of a form is required for each payment or agreement to make payment to any lobbying entity for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a covered Federal action. Complete all items that apply for both the initial filing and material change report. Refer to the implementing guidance published by the Office of Management and Budget for additional information.

1. Identify the type of covered Federal action for which lobbying activity is and/or has been secured to influence the outcome of a covered Federal action.
2. Identify the status of the covered Federal action.
3. Identify the appropriate classification of this report. If this is a followup report caused by a material change to the information previously reported, enter the year and quarter in which the change occurred. Enter the date of the last previously submitted report by this reporting entity for this covered Federal action.
4. Enter the full name, address, city, State and zip code of the reporting entity. Include Congressional District, if known. Check the appropriate classification of the reporting entity that designates if it is, or expects to be, a prime or subaward recipient. Identify the tier of the subawardee, e.g., the first subawardee of the prime is the 1st tier. Subawards include but are not limited to subcontracts, subgrants and contract awards under grants.
5. If the organization filing the report in item 4 checks "Subawardee," then enter the full name, address, city, State and zip code of the prime Federal recipient. Include Congressional District, if known.
6. Enter the name of the Federal agency making the award or loan commitment. Include at least one organizational level below agency name, if known. For example, Department of Transportation, United States Coast Guard.
7. Enter the Federal program name or description for the covered Federal action (item 1). If known, enter the full Catalog of Federal Domestic Assistance (CFDA) number for grants, cooperative agreements, loans, and loan commitments.
8. Enter the most appropriate Federal identifying number available for the Federal action identified in item 1 (e.g., Request for Proposal (RFP) number; Invitation for Bid (IFB) number; grant announcement number; the contract, grant, or loan award number; the application/proposal control number assigned by the Federal agency). Include prefixes, e.g., "RFP-DE-90-001."
9. For a covered Federal action where there has been an award or loan commitment by the Federal agency, enter the Federal amount of the award/loan commitment for the prime entity identified in item 4 or 5.
10. (a) Enter the full name, address, city, State and zip code of the lobbying registrant under the Lobbying Disclosure Act of 1995 engaged by the reporting entity identified in item 4 to influence the covered Federal action.
(b) Enter the full names of the individual(s) performing services, and include full address if different from 10 (a). Enter Last Name, First Name, and Middle Initial (MI).
11. The certifying official shall sign and date the form, print his/her name, title, and telephone number

LOCAL VENDOR PREFERENCE CERTIFICATION

SECTION 1 GENERAL TERM

LOCAL PREFERENCE

The evaluation of competitive bids is subject to section 35.36 of the City's Procurement Procedures which, except where contrary to federal and state law, or any other funding source requirements, provides that preference be given to local businesses. To satisfy this requirement, the vendor shall affirm in writing its compliance with either of the following objective criteria as of the bid or proposal submission date stated in the solicitation. A local business shall be defined as:

1. "Local Pembroke Pines Vendor" shall mean a business entity which has maintained a permanent place of business with full-time employees within the City limits for a minimum of one (1) year prior to the date of issuance of a bid or proposal solicitation. The permanent place of business may not be a post office box. The business location must actually distribute goods or services from that location. In addition, the business must have a current business tax receipt from the City of Pembroke Pines.

OR;

2. "Local Broward County Vendor" shall mean or business entity which has maintained a permanent place of business with full-time employees within the Broward County limits for a minimum of one (1) year prior to the date of issuance of a bid or proposal solicitation. The permanent place of business may not be a post office box. The business location must actually distribute goods or services from that location. In addition, the business must have a current business tax receipt from the Broward County or the city within Broward County where the business resides.

A preference of five percent (5%) of the total evaluation point, or five percent (5%) of the total price, shall be given to the **Local Pembroke Pines Vendor(s)**; A preference of two and a half percent (2.5%) of the total evaluation point for local, or two and a half percent (2.5%) of the total price, shall be given to the **Local Broward County Vendor(s)**.

COMPARISON OF QUALIFICATIONS

The preferences established in no way prohibit the right of the City to compare quality of supplies or services for purchase and to compare qualifications, character, responsibility and fitness of all persons, firms or corporations submitting bids or proposals. Further, the preference established in no way prohibit the right of the city from giving any other preference permitted by law instead of the preferences granted, nor prohibit the city to select the bid or proposal which is the most responsible and in the best interests of the city.

SECTION 2 AFFIRMATION

LOCAL PREFERENCE CERTIFICATION:

Place a check mark here only if affirming bidder meets requirements above as a Local Pembroke Pines Vendor.
In addition, the business must attach a current business tax receipt from the City of Pembroke Pines along with any previous business tax receipts to indicate that the business entity has maintained a permanent place of business for a minimum of one (1) year.

Place a check mark here only if affirming bidder meets requirements above as a Local Broward County Vendor.
In addition, the business must attach a current business tax receipt from the Broward County or the city within Broward County where the business resides along with any previous business tax receipts to indicate that the business entity has maintained a permanent place of business for a minimum of one (1) year.

Place a check mark here only if affirming bidder does not meet the requirements above as a Local Vendor.

Failure to complete this certification at this time (by checking either of the boxes above) shall render the vendor ineligible for Local Preference. This form must be completed by/for the proposer; the proposer WILL NOT qualify for Local Vendor Preference based on their sub-contractors' qualifications.

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Stefano Viola, P.E.	13. ROLE IN THIS CONTRACT Project Manager	14. YEARS EXPERIENCE a. TOTAL 18	b. WITH CURRENT FIRM 18
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Plantation, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Civil Engineering / Florida International University		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 74655	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Has 18 years of engineering experience, including roadway restoration/resurfacing, drainage modeling, water/wastewater utility design, stormwater master planning, preparation of engineering drawings, permitting, and site/plan preparation and review.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Welleby Park Expansion, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. As part of a landscape architecture continuing services agreement, the City of Sunrise tasked Kimley-Horn with the design of an expansion and major improvements to Welleby Park. The Welleby Park expansion included a dog park with three different sections, an expanded trail system, improved community facilities and pavilions, a splash pad, a train-themed playground with a railroad sidewalk, a miniature "Safety Town" to teach children about traffic safety, a lakefront boardwalk, and multiple shade trees. Project Cost: \$2,700,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) Fort Lauderdale Executive Airport (FXE) Master Drainage/Conceptual Environmental Resources Permit (ERP) Project, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Prior to this project, FXE did not have an ERP for its property. Without an ERP, each development requires a standalone permit which does not allow for the overall benefit and development of the FXE property as a whole. The purpose of the ERP is to conceptually approve the design concepts of a phased development master plan for a surface water management system, so long as the general guidelines set forth in the ERP are upheld. The scope included pre-design services, existing utility coordination, stormwater modeling, schematic plans, conceptual design permit plans, and permitting. Project Cost: \$313,762	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) OB Johnson Park, Hallandale Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. This 6.4-acre park in Hallandale Beach Park was part of the City-wide park master plan that set forth a program to enhance 13 of the City's parks and recreation areas in support of community-wide goals and neighborhood needs. Kimley-Horn provided master planning, landscape architecture, engineering design and permitting services, as well as construction observation and administration. Project Cost: \$14,600,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) Miramar Parkway Streetscape from SW 64th Avenue to SW 68th Avenue, Miramar, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn provided professional engineering and landscape architecture services for this FDOT LAP funded project that involves roadway, landscape, irrigation, and lighting improvements on Miramar Parkway. Additional project improvements include bicycle lanes, drainage modifications, landscaping, lighting, hardscaping, driveway apron regrading, sidewalk replacement, ADA improvements at the intersections, and a mid-block pedestrian crossing/emergency signal modification. Project Cost: \$1,490,300 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) Shores Estates Drainage Improvements, Miami Shores Village, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn is providing professional engineering services for the design and construction of a drainage collection system with water quality treatment measures for the residential neighborhood known as Shores Estates. Improvements consist of underground piping, a stormwater pump station, and an outfall connection to the adjacent canal system. Professional services include surveying, stormwater analysis, civil and electrical engineering design, landscaping and irrigation, permitting, coordinating with utility providers, preparing quantity calculations, and engineer's estimates of probable costs. Project Cost: \$225,000	<input checked="" type="checkbox"/> Check if project performed with current firm	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Stewart Robertson, P.E.	13. ROLE IN THIS CONTRACT QA/QC Reviewer	14. YEARS EXPERIENCE a. TOTAL 24	b. WITH CURRENT FIRM 23
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Plantation, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Master of Science / Civil Engineering Bachelor of Science / Civil Engineering		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 63939	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.)			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Fort Lauderdale General On-Call Traffic Engineering Services (2008), Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing general traffic engineering and transportation planning services as part of an on-call contract with the City. Kimley-Horn serves as an extension of the City of Fort Lauderdale staff reviewing traffic impact studies and parking analyses. Duties to date have included peer review of traffic impact and parking studies, site plan review, and representation at public hearings. Project Cost: \$400,000	CONSTRUCTION (If Applicable) 2023	
b.	(1) TITLE AND LOCATION (City and State) Wiles Road Design from Riverside Drive to Rock Island Road, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was selected to prepare complete contract plans for the widening of Wiles Road to a 6-lane divided urban arterial from Riverside Drive to Rock Island Road. One of the major accomplishments of this segment's design was to work with all stakeholders to avoid issues related to private property impacts given the narrow corridor and proximity of private features. Another major accomplishment was an innovative drainage solution that added new outfalls through City owned property to an existing undersized drainage system to avoid reconstructing the entire Wiles Road system. This segment had grant funding from FDOT and the improvements included roadway design, Complete Streets design, drainage, lighting, landscaping, irrigation, bicycle lanes, signalization, utility coordination, permitting coordination with the City of Coral Springs and detailed traffic control plans. Project Cost: \$30,000,000	CONSTRUCTION (If Applicable) 2021	
c.	(1) TITLE AND LOCATION (City and State) Miami-Dade TPO SMART GPC Pedestrian Scramble Evaluations, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE QA/QC Reviewer for the Kimley-Horn team completing two work orders to evaluate the feasibility of installing a pedestrian scramble phase at two signalized intersections in Miami-Dade County. The studies consisted of collecting peak period traffic count data, conducting peak period qualitative field reviews, and evaluating vehicular and pedestrian conditions at the study intersection before and after the implementation of the pilot pedestrian scramble phase. The studies also included developing recommendations and potential countermeasures to consider in order to improve overall intersection operations and safety at the intersection, if the pedestrian scramble is implemented. Project Cost: \$20,000	CONSTRUCTION (If Applicable) 2021	
d.	(1) TITLE AND LOCATION (City and State) Wave Streetcar Alternatives Analysis/Environmental Assessment and Small Starts Application, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn completed the Environmental Assessment NEPA document for a new 2.7-mile fixed guideway modern streetcar system in Downtown Fort Lauderdale. Kimley-Horn also assisted in the preparation of a successful TIGER Grant application for the project. The Kimley Horn program management team supported led and supported the development of all key project phases, including preparing design criteria, preliminary Kimley-Horn engineering plans (30% design plans), project management plans, and vehicle specifications (led by Hatch). The team was also responsible for FTA reporting and grant coordination; preparing vehicle procurement documents; public outreach during project development; preparing concept plans for the vehicle maintenance and storage facility; and managing the final design of the project. Project Cost: \$1,775,150	CONSTRUCTION (If Applicable) 2018	
e.	(1) TITLE AND LOCATION (City and State) Dixie Highway/21st Avenue Corridor Redesign Concept and Mobility Study, Hollywood, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Through contracts with the City of Hollywood and the Hollywood CRA, Kimley-Horn prepared a Redesign Concept Study for the Dixie Highway and 21st Avenue corridor throughout Hollywood between Pembroke Road and Sheridan Street. The Complete Streets approach recommended in this study includes a "road diet" lane reduction to repurpose excess automobile capacity for bicyclist, pedestrian, and transit improvements. In addition, the Complete Streets approach will establish a transit-ready corridor for seamless integration of an anticipated Tri-Rail Coastal Link station along the Florida East Coast (FEC) Railroad. Project Cost: \$82,086	CONSTRUCTION (If Applicable) 2015	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Gary Ratay, P.E.	13. ROLE IN THIS CONTRACT Principal-In-Charge; Utility Engineering	14. YEARS EXPERIENCE a. TOTAL 38	b. WITH CURRENT FIRM 28
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Plantation, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Mechanical Engineering / University of Florida		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 0046682	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Gary has 38 years of municipal engineering experience. His principal areas of practice include water distribution, wastewater collection, force main, stormwater, and associated pump station design, water treatment plant design, well pump design, and site piping, feasibility and engineering reports. Gary serves as project manager or project engineer for numerous South Florida water utility clients. He currently serves as project engineer for the City of Fort Lauderdale's general utility engineering contract.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Fort Lauderdale Executive Airport (FXE) Master Drainage/Conceptual Environmental Resources Permit (ERP) Project, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE QA/QC Reviewer. Prior to this project, FXE did not have an ERP for its property. Without an ERP, each development requires a standalone permit which does not allow for the overall benefit and development of the FXE property as a whole. The purpose of the ERP is to conceptually approve the design concepts of a phased development master plan for a surface water management system, so long as the general guidelines set forth in the ERP are upheld. The scope included pre-design services, existing utility coordination, stormwater modeling, schematic plans, conceptual design permit plans, and permitting. Cost: \$313,762	CONSTRUCTION (If Applicable) 2020	
b.	(1) TITLE AND LOCATION (City and State) Town Engineering Services, Miami Lakes, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2017	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Served as City Manager, providing numerous duties that are associated with engineering, utility, parks, planning, and other engineering-related issues. Over the past several decades, the Town of Miami Lakes has contracted with our firm to provide all aspects of engineering associated with the Town, including providing staff to fill the positions of Public Works Director and Stormwater Utility Director. Kimley-Horn provides services and acts as the town engineer, public works staff, utility staff, and construction oversight staff. Project Cost: \$3,290,000 (construction)	CONSTRUCTION (If Applicable) 2017	
c.	(1) TITLE AND LOCATION (City and State) City of Miramar Ansin Park Master Plan, Phase I - III, and Final Design, Miramar, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn developed a master plan and detail design for Ansin Park, a 33-acre sports complex in the City of Miramar. Our design included a community center, baseball fields, cricket practice area, basketball courts, playground, and track and field stadium. Involved in master planning, grading and drainage, and utility design. Project Cost: \$12,000,000	CONSTRUCTION (If Applicable) 2015	
d.	(1) TITLE AND LOCATION (City and State) Country Club Ranches Water and Reclaimed Water Main Feasibility Report, Miramar, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn provided engineering services associated with evaluating the feasibility of implementing a new water and reclaimed water distribution system throughout the Country Club Ranches neighborhood located in the City of Miramar. The residential area includes a network of canals and a mixture of paved and unpaved roadways that impacted the water and reclaimed water distribution system layout requiring extensive property ownership research for potential land acquisition and development of utility easements as well as permitting agency coordination. Project Cost: \$60,300	CONSTRUCTION (If Applicable) 2015	
e.	(1) TITLE AND LOCATION (City and State) Lloyd Estates Streetscape and Drainage Improvements, Oakland Park, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2013	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Principal-in-Charge. Kimley-Horn provided professional engineering services and landscape architecture for the design and construction of improvements to the Lloyd Estates residential area. The project involved phased drainage and water distribution system improvements consisting of the construction of a stormwater collection system with water quality treatment measures and possible upgraded outfalls, as well as replacement of select existing water mains within the project area. The professional services included surveying, stormwater analysis, civil and electrical engineering design, landscaping and irrigation, permitting, coordinating with utility providers for adjustments and or relocations, preparing quantity calculations, and engineer's estimates of probable costs. Project Cost: \$2,740,000	CONSTRUCTION (If Applicable) 2013

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (City and State) Welleby Park Expansion, Sunrise, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2023	CONSTRUCTION (If Applicable) 2023
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. As part of a landscape architecture continuing services agreement, the City of Sunrise tasked Kimley-Horn with the design of an expansion and major improvements to Welleby Park. The Welleby Park expansion included a dog park with three different sections, an expanded trail system, improved community facilities and pavilions, a splash pad, a train-themed playground with a railroad sidewalk, a miniature "Safety Town" to teach children about traffic safety, a lakefront boardwalk, and multiple shade trees. Project Cost: \$2,700,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Fort Lauderdale Executive Airport (FXE) Master Drainage/Conceptual Environmental Resources Permit (ERP) Project, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. The project included a master Conceptual Environmental Resource Permit for 692 acres of the airport to set consistent permitting parameters for future development. The purpose of the ERP was to conceptually approve the design concepts of a phased development master plan for a surface water management system, so long as the general guidelines set forth in the ERP are upheld. The scope included pre-design services, existing utility coordination, stormwater modeling, schematic plans, conceptual design permit plans, and permitting. Project Cost: \$355,155	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Wiles Road Design from Riverside Drive to Rock Island Road, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was selected to prepare complete contract plans for the widening of Wiles Road to a 6-lane divided urban arterial from Riverside Drive to Rock Island Road. Kimley-Horn coordinated closely with the County to tackle issues related to the narrow areas of the corridor, including a balance between traffic lane, sidewalk and bike lane widths. This segment had grant funding from FDOT and the improvements included roadway design, Complete Streets design, drainage, lighting, landscaping, irrigation, bicycle lanes, signalization, utility coordination, permitting coordination with the City of Coral Springs and detailed traffic control plans. Project Cost: \$30,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Las Olas Boulevard Corridor Improvements and Parking Garage, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2017	
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn provided final design, evaluation, and due diligence services for this mixed-use project for the City of Fort Lauderdale Community Redevelopment Agency. The project consists of the redevelopment of several pieces of City property from existing surface parking lots to a new multi-story parking garage; active park and plaza areas; and general open space to enhance the pedestrian and beachgoer experience in the Fort Lauderdale beach area. Las Olas Boulevard is being improved to provide a Complete Streets design to better connect the shops, restaurants, and other businesses with the new Oceanside Plaza on the south side of Las Olas Boulevard. Kimley-Horn also provided the initial site civil engineering design, roadway design, permitting coordination, stormwater, utility, franchise utility coordination, and other services. Cost: \$772,755	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Pembroke Pines Design and Post Design Services: Pines Village Water Main Improvements Phase II Pembroke Pines, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was selected by the City of Pembroke Pines to design a new distribution system to meet all water demands, provide system redundancy, improve operation and maintenance, and focus on minimizing project costs through accurate hydraulic modeling and efficient design. To implement these improvements, Kimley-Horn is providing a water demand analyst including water supply availability, peak flows, fire flow requirements, water service connection points, meter box locations, and hydraulic modeling for a proposed water distribution system. Cost: \$11,900,000	<input checked="" type="checkbox"/> Check if project performed with current firm

<p>(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE</p>		
<p><input checked="" type="checkbox"/> Check if project performed with current firm</p>		
<p>Project Manager. Kimley-Horn was selected by Lee County to complete various planning, design, and permitting services for the Larry Kiker Preserve, a 4,350-acre conservation area acquired by Lee County. When completed, the preserve will serve multiple functions – water quality, flood control, wildlife habitat, educational, and passive recreation. Components include over 40-miles of shared-use paths, hiking trails, equestrian trails, a nature center, fishing piers, several types of campgrounds, and scenic overlook towers. Kimley-Horn conducted a natural resource habitat assessment to identify wetlands and surface water and upland habitats (including potential sensitive habitats that provide habitat for listed plant and wildlife species. Project Cost: \$1,766,704</p>		
<p>Project Manager. Kimley-Horn is developing proposed alternatives including modification of a weir structure and the full analysis requires an integrated groundwater / surface water model to evaluate impacts. Kimley-Horn coordinated with the Client, SFWMD, and FDOT to collect data concerning the existing drainage/stormwater management systems within the Iona Drainage District Canal H-7 watershed. This data included existing reports/studies, roadway drainage plans, utility record drawings, permit files, topographic data, NRCS soils, land use, geotechnical reports, gauge data, NEXRAD data, and past flooding documentation available. Project Cost: \$288,012</p>		
<p>Project Engineer. Kimley-Horn is retained to provide professional services for the design of a water treatment plant (WTP) to be located at the northwest corner of the intersection of the future West Villages Parkway and future Manasota Beach Road. The facility will utilize reverse osmosis (RO) membrane treatment and will be constructed in two phases equaling 5 MGD. Kimley-Horn prepared a Preliminary Design Report and is providing WTP design services and construction plans, source water hydraulic modeling and water quality projections, environmental and permitting services, raw water wellhead and main designs, and concentrate line design services. Project Cost: \$45,421,016</p>		
<p>Project Engineer. Kimley-Horn is providing Sarasota County with trail design and related engineering and landscape architectural services for the Legacy Trail Extension project from Culverhouse Nature Park to Payne Park, as well as the North Port Connector trail from the east end of the pavement on Forbes Trail to Warm Mineral Springs Park. For these two segments, Kimley-Horn is providing trail design and related civil engineering, structural/bridge engineering, bridge inspection, planning/landscape architecture, environmental assessment/permitting, stormwater management, utility infrastructure, communication systems, and community engagement services. Project Cost: \$31,589,275</p>		
<p>Project Engineer. Kimley-Horn led an integrated flood modeling task. The purpose of the task was to assess four design storm events that represented a combination of rainfall, sea level rise, storm surge, and tide stage scenarios under no-build, public investment, and private investment scenarios. The resulting flood depths for the 12 scenarios were mapped out by Kimley-Horn and provided to the City. The outcome of the project was concise communication materials to help City decision-makers articulate the business case for resilience investments backed by technical analyses, integrated flood modeling, and economic analyses. Project Cost: \$100,000</p>		

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT
(Complete one Section E for each key person.)

12. NAME Matt Brosman, P.E.	13. ROLE IN THIS CONTRACT Surface Water Management	14. YEARS EXPERIENCE a. TOTAL 11

18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.)		
19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (City and State) South Florida Water Management District, Indian River Lagoon, C-25 Reservoir and Storm Water Treatment Area, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing professional design services for a 647-acre, eight-foot normal pool depth, 5,176 acre-feet-storage aboveground reservoir and a 142-acre, 2-foot normal pool depth, 284 acre-feet-storage Stormwater Treatment Area (STA). The reservoir is expected to capture runoff from the C-25 Basin and the Ft. Pierce Farms Basin (a total of approximately 147,225 acres). The STA was sized to retain 80% of the phosphorus load entering the STA from the reservoir on a long-term average annual basis. Our services include the development of a comprehensive Design Documentation Report (DDR) and the preliminary design for all features including but not be limited to groundwater modeling and hydraulic modeling. Project Cost: \$ 1,836,808	CONSTRUCTION (If Applicable) N/A <input checked="" type="checkbox"/> Check if project performed with current firm
b.	(1) TITLE AND LOCATION (City and State) Aventon Clearwater Multifamily, Clearwater, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager for the civil design and permitting of ten buildings for a 391 unit multifamily-residential development on a 26.23 acres site at US 19, north of Sunset Point Road, located in the City of Clearwater. Project aspects include parking lot and internal roadway network layout, design of a stormwater management system, utility infrastructure to serve all buildings, wetland mitigation, floodplain compensation, FEMA Floodplain Map revisions, and Florida Department of Transportation (FDOT) improvements to the US 19 on-ramp including drainage improvements. Project Cost: \$ 405,567	CONSTRUCTION (If Applicable) N/A <input checked="" type="checkbox"/> Check if project performed with current firm
c.	(1) TITLE AND LOCATION (City and State) Lee County Iona Drainage District Canal H-7 Drainage, Phase 1, Fort Myers, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2024
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Areas adjacent to the Iona Drainage District Canal H-7 experience flooding that does not meet the Level of Service for the area. Kimley-Horn is developing proposed alternatives including modification of a weir structure and the full analysis requires an integrated groundwater / surface water model to evaluate impacts. Kimley-Horn coordinated with the Client, SFWMD, and FDOT to collect data concerning the existing drainage/stormwater management systems within the Iona Drainage District Canal H-7 watershed. This data included existing reports/studies, roadway drainage plans, utility record drawings, permit files, topographic data, NRCS soils, land use, geotechnical reports, gauge data, NEXRAD data, and past flooding documentation available. Kimley-Horn analyzed the initial data gathered and identified data gaps and locations where additional survey and geotechnical data was required to create the 1D and 2D ICPR Version 4 model. Project Cost: \$288,012	CONSTRUCTION (If Applicable) N/A <input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) Apollo Beach Boulevard Extension/I-75 Flyover (Paseo Al Mar Blvd), Hillsborough County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is designing the extension of Apollo Beach Boulevard from US 41 to Paseo al Mar Boulevard that will result in a 4-lane facility including the bridge over I-75 to the eastern limits of the conservation easement or approach tie-down. Extending Apollo Beach from US 41 to US 301 will serve as an alternative east/west connection ultimately reducing traffic demands on Big Bend Road. This work effort includes alignment and traffic studies; surveying; geotechnical exploration, testing, and analysis; preparing engineering reports with right-of-way maps and environmental documentation incorporating roadway, stormwater detention, and wetland mitigation requirements; permitting requirements; and determination of right-of-way requirements. Project Cost: \$12,000,000	CONSTRUCTION (If Applicable) 2022 <input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) Business Case Analysis for the City of Miami Beach Stormwater Resiliency Program Pilot Project, Miami Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn led an integrated flood modeling task for the City of Miami Beach. The purpose of the task was to assess four design storm events that represented a combination of rainfall, sea level rise, storm surge, and tide stage scenarios under no-build, public investment, and private investment scenarios. The resulting flood depths for the 12 scenarios were mapped out by Kimley-Horn and provided to the City. The outcome of the project was concise communication materials to help City decision-makers articulate the business case for resilience investments backed by technical analyses, integrated flood modeling, and economic analyses. c.	(1) TITLE AND LOCATION (City and State) Miramar Historic Downtown Revitalization, Miramar, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020 CONSTRUCTION (If Applicable) 2020
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. The Historic Downtown Revitalization is a streetscape project on Miramar Parkway between SW 68th Avenue to SW 69th Way within the City of Miramar. The project improvements include landscaping, sidewalks, street lighting, ADA improvements at the intersections, and a mid-block pedestrian crossing. Additionally, SW 69th Way had minor flooding issues which were addressed during this project. Project Cost: \$120,800	<input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) Bicycle Lane Addition on NW 64th Avenue from Sunset Strip to Oakland Park Boulevard, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019 CONSTRUCTION (If Applicable) 2019
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing design and landscape services for the addition of bicycle lanes on NW 64th Avenue in Sunrise. The City retained Kimley-Horn for design services for landscape, lighting, drainage, pedestrian and bicycle enhancements. This includes developing schematic design, design development, permitting, and construction documents. Additionally, Kimley-Horn environmental scientists will review natural, social, and physical resource data in the area and complete a Type 1 and Programmatic Categorical Exclusion (CE) checklist. Project Cost: \$2,500,000	<input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) OB Johnson Park, Hallandale Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019 CONSTRUCTION (If Applicable) 2019
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. This 6.4-acre park in Hallandale Beach Park was part of the City-wide park master plan that set forth a program to enhance 13 of the City's parks and recreation areas in support of community-wide goals and neighborhood needs. Kimley-Horn provided master planning, landscape architecture, engineering design and permitting services, as well as construction observation and administration. Project Cost: \$14,600,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm

(1) TITLE AND LOCATION (<i>City and State</i>) Miami Lakes Design Services for Safe Routes to School for Bob Graham Education Center, Miami Lakes, FL		(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing CONSTRUCTION (<i>If Applicable</i>) N/A	
a.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Analyst. Kimley-Horn was selected to provide professional services for the design and preparation of construction documents for a safe routes to school project in Miami Lakes. The improvements consist of widening the eastside school campus frontage sidewalk from six to eight feet, reconstruction and/or addition of new pedestrian connector ramps, addition of embedded detectable warning pads, installation of pedestrian railings around storm drains drop-offs, crosswalks pavement markings, and installation of pedestal poles with signal heads and pedestrian push buttons. The project limits area is NW 79th Avenue, from NW 167th Terrace to NW 155th Street; and NW 82nd Avenue at NW 162nd Street. The professional services associated with this project includes design, permitting, bid document development, bidding assistance, and limited construction phase services. Project Cost: \$55,990	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (<i>City and State</i>) Memorial Cancer Institute, Memorial Healthcare System, Coral Springs, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing CONSTRUCTION (<i>If Applicable</i>) N/A	
b.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Analyst. Kimley-Horn is providing professional engineering services including site planning; civil engineering; drainage; traffic impact evaluation; landscape, hardscape, and irrigation design; as well as construction phase services for Phase 1 of Memorial Cancer Institute's new outpatient cancer center. Once completed, the outpatient cancer center will be 80,000 square feet. Project Cost: \$300,400	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (<i>City and State</i>) Shores Estates Drainage Improvements, Miami Shores Village, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing CONSTRUCTION (<i>If Applicable</i>) N/A	
c.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Analyst. Kimley-Horn is providing professional engineering services for the design and construction of a drainage collection system with water quality treatment measures for the residential neighborhood known as Shores Estates. Improvements consist of underground piping, a stormwater pump station, and an outfall connection to the adjacent canal system. Professional services include surveying, stormwater analysis, civil and electrical engineering design, landscaping and irrigation, permitting, coordinating with utility providers, preparing quantity calculations, and engineer's estimates of probable costs. Project Cost: \$2,200,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (<i>City and State</i>) Hardee County Miscellaneous Professional Engineering, Wauchula, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023 CONSTRUCTION (<i>If Applicable</i>) 2023	
d.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Analyst. Kimley-Horn was selected to provide on-call services for various miscellaneous projects including stormwater recertifications to the Southwest Florida Water Management District for various owned and maintained Hardee County facilities. Work includes validating existing construction for the College Hill Bridge for conformity with FDOT specifications and standards, performing recertification inspections for Southwest Florida Water Management District (SWFWMD) of County owned facilities, and designing a septic system replacement for Resthaven Assisted Living Facility. Project Cost: \$121,628	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (<i>City and State</i>) Wilton Manors NE 26th Street Roadway Improvement Design	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2024 CONSTRUCTION (<i>If Applicable</i>) N/A	
e.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE The City of Wilton Manors is pursuing construction plans for the NE 26 th Street Roadway Improvements project. Project improvements include widening the existing 5' sidewalk to 7' along both the north and south sides of the NE 26 th Street corridor from Dixie Highway at the western limits to the eastern City limits at the exiting bridge over the Middle River. Kimley-Horn provided the following services: planning, urban design, landscape architecture, construction engineering, civil engineering, site plan review, traffic engineering, right-of-way engineering, environmental engineering, sediment and erosion control, NPDES management, construction engineering inspections, mechanical and electrical engineering, project management, contract administration, GIS/Mapping services, and construction management. Project Cost: \$235,720	<input checked="" type="checkbox"/> Check if project performed with current firm

16. EDUCATION (<i>DEGREE AND SPECIALIZATION</i>) Bachelor of Science / Geology / University of South Florida		17. CURRENT PROFESSIONAL REGISTRATION (<i>STATE AND DISCIPLINE</i>) FL / Professional Geologist / 2570
18. OTHER PROFESSIONAL QUALIFICATIONS (<i>Publications, Organizations, Training, Awards, etc.</i>) Has 20 years of experience with preparing Phase I Environmental Site Assessments and conducting and managing remediation projects involving Brownfield sites, hazardous waste, industrial waste, and petroleum contamination; groundwater modeling; and regulatory reporting. Also, has experience with environmental compliance, RCRA, CERCLA, and state hazardous waste and petroleum cleanup programs.		
19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (<i>City and State</i>) Lee County Pine Island Environmental Monitoring, FL	
	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (<i>If Applicable</i>) N/A
b.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Manager. Kimley-Horn is providing Lee County with continuing groundwater monitoring services. The project team coordinates with the Lee County analytical laboratory to collect groundwater samples from a network of eight wells on a quarterly basis. Quarterly Groundwater Monitoring Reports are prepared, outlining all sampling activities. Data are evaluated to determine groundwater trends. Project Cost: \$69,620	
	[X] Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (<i>City and State</i>) Volusia County Professional Engineering Design Services for the River to Sea Loop Trail, Phase 1, FL	
	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (<i>If Applicable</i>) N/A
d.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Geologist. Kimley-Horn was selected to perform study and final design services for River to Sea Loop Trail Phase 1 from Lake Beresford Park to Old New York Avenue, a distance of 1.6 miles, and is part of the SUN Trail network for multimodal connectivity. The study phase involved reviewing a previous PD&E study performed by FDOT and evaluating three additional alignment options adjacent to the FDOT railroad right of way. This phase also included existing conditions analysis, planning evaluation, public involvement and right of way acquisition support including meetings with property owners and presentation at County Council. The scope also included environmental assessments for potential wetlands and protected species and gopher tortoise survey. Project Cost: \$825,365	
	[X] Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (<i>City and State</i>) Legacy Trail Extension Design, Sarasota County, FL	
	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022	CONSTRUCTION (<i>If Applicable</i>) 2022
e.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Geologist. Kimley-Horn provided Sarasota County with trail design and related engineering and landscape architectural services for the Legacy Trail Extension project from Culverhouse Nature Park to Payne Park, as well as the North Port Connector trail from the east end of the pavement on Forbes Trail to Warm Mineral Springs Park. For these two segments, Kimley-Horn provided trail design and related civil engineering, structural/bridge engineering, bridge inspection, planning/landscape architecture, environmental assessment/permitting, stormwater management, utilities infrastructure, communication system, and community engagement services. Project Cost: 31,589,275	
	[X] Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (<i>City and State</i>) Arris Downtown Condominium Tower, Tampa, FL	
	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	CONSTRUCTION (<i>If Applicable</i>) 2020
e.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Environmental Scientist. Kimley-Horn is currently providing professional consulting services for this proposed downtown tower development. Specifically, we are providing civil engineering design services, landscape architectural design services, and environmental services for this 34-story tower that will change the skyline of Downtown Tampa. Project Cost: \$224,847	
	[X] Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (<i>City and State</i>) City of Naples Baker Park, Naples, FL	
	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019	CONSTRUCTION (<i>If Applicable</i>) 2019
e.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Geologist. Kimley-Horn provided full design services for Baker Park on the Gordon River in Naples. Design components include a large multi-purpose concession building, playground with integrated splash pad, Founder's Garden, day dock, canoe/kayak launch, knoll/overlook, stormwater treatment marsh, small amphitheater area, sunrise terrace, waterfront boardwalks, and a ½ mile trail connecting to the Gordon River Greenway bridge. Kimley-Horn provided landscape architecture, civil, environmental, and permitting/construction phase services for this \$14.5 million, high-profile planned destination. Project Cost: \$16,551,548	
	[X] Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Tori Bacheler, PWS	13. ROLE IN THIS CONTRACT Wetland Mitigation	14. YEARS EXPERIENCE a. TOTAL 11	b. WITH CURRENT FIRM 7
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., West Palm Beach, FL	16. EDUCATION (DEGREE AND SPECIALIZATION) Master of Science / Marine and Environmental Biology / Nicholls State University Bachelor of Science / Wildlife Ecology and Conservation / University of Florida		
		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Gopher Tortoise Agent / GTA-22-00003 FL / Professional Wetland Scientist / 3486	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.)			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) McNab Road Over Cypress Creek (C-14) Bridge Replacement and Terra Mar Drive over Spanish River Bridge Rehabilitation Projects, Pompano Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Environmental Scientist. Kimley-Horn is currently serving the City of Pompano Beach to provide design and consulting services for two separate bridge projects within the City as part of the current G.O. Bond. The project at McNab Road includes the full replacement of the existing bridge and relocation of existing utilities. The proposed bridge will incorporate aesthetic features appropriate to the surrounding areas. Our project team is providing structural, architectural, roadway, permitting, utility adjustment, and geotechnical services for both projects. Kimley-Horn is leading permitting of this project, including USCG, SWFMD, and Broward County. Project Cost: \$7,065,273	CONSTRUCTION (If Applicable) N/A	
b.	(1) TITLE AND LOCATION (City and State) Apollo Beach Boulevard Extension/I-75 Flyover (Paseo Al Mar Blvd), Hillsborough County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Environmental Scientist. Kimley-Horn is designing the extension of Apollo Beach Boulevard from US 41 to Paseo al Mar Boulevard that will result in a 4-lane facility including the bridge over I-75 to the eastern limits of the conservation easement or approach tie-down. This work effort includes alignment and traffic studies; surveying; geotechnical exploration, testing, and analysis; preparing engineering reports with right-of-way maps and environmental documentation incorporating roadway, stormwater detention, and wetland mitigation requirements; permitting requirements; and determination of right-of-way requirements. Project Cost: \$12,000,000	CONSTRUCTION (If Applicable) 2022	
c.	(1) TITLE AND LOCATION (City and State) SW 10th Street PD&E Study (Sawgrass to I-95), FDOT District Four, Broward County, Deerfield Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Environmental Scientist. Kimley-Horn is providing public involvement, design, and traffic engineering support services for this politically charged PD&E study in Broward County. The study's goal is to look at options to provide connectivity between Florida's Turnpike, Sawgrass Expressway, and I-95 — three major limited-access, SIS facilities in South Florida. The study's goal is to creatively find an environmentally feasible engineering solution that improves safety and provides an efficient traffic solution between the Sawgrass Expressway, Florida's Turnpike, and I-95 while maintaining nearby residents' quality of life. Project Cost: \$865,456	CONSTRUCTION (If Applicable) 2021	
d.	(1) TITLE AND LOCATION (City and State) Buena Vista Boulevard Extension Preliminary Engineering Study (PES) and Design, Wildwood, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn prepared the Preliminary Engineering Study for the Buena Vista Boulevard Extension, from south of SR 44 to Meggison Road. Three alternative roadway alignments were evaluated based on environmental and engineering impacts, right-of-way and property impacts, public support, and costs. Following the PES approval, Kimley-Horn was selected to prepare design plans for the recommended alternative. The design scope included a bridge crossing over sovereign submerged lands, geotechnical evaluations and design for subsoil stabilization, signal design, roundabout design, stormwater design, wetland mitigation, and permitting with SWFWMD, FDEP, and FDOT. Project Cost: \$394,213	CONSTRUCTION (If Applicable) 2020	
e.	(1) TITLE AND LOCATION (City and State) Bridgewater Business Park, Lakeland, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Environmental Scientist. Kimley-Horn is providing professional engineering services for the three warehouse/distribution buildings located on the Bridgewater Property on State Road 33 in Lakeland. Our services include preliminary grading of the roads and building sites, preliminary potable water and sanitary sewer layout, and preliminary stormwater layout and sizing of ponds. The preliminary plans will be used to support the environmental permitting through the United States Army Corps of Engineers (USACE). Additional services include wetland permitting, wetland delineation, wetland mitigation monitoring, and gopher tortoise surveys. Project Cost: \$429,062	CONSTRUCTION (If Applicable) N/A	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Jeffrey Sallee, P.E.	13. ROLE IN THIS CONTRACT Electrical Engineering	14. YEARS EXPERIENCE a. TOTAL 19	b. WITH CURRENT FIRM 11
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Virginia Beach, VA			
16. EDUCATION (DEGREE AND SPECIALIZATION) Master / Engineering Management / Old Dominion University Bachelor of Science / Electrical Engineering / University of Arizona		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 76674	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Works on ITS projects to provide clients with updated and more robust detection, visual monitoring, dynamic messaging, and signal systems. Designs wireless, copper, and fiber solutions to meet clients' ITS needs. Designs roadway and parking lot lighting.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) North Bay Village Baywalk Plaza Area Design, North Bay Village, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical engineer. Kimley-Horn provided North Bay Village with landscape architecture and civil engineering services for the site improvements to separate plaza areas and connector boardwalk under the east bridge along JFK Causeway. Services included the design of landscape architectural components including hardscape, landscape, site furniture, site lighting and irrigation from concept through construction. Part of the design elements of the project includes an iconic "sail structure" to serve as a focal point. The contract was funded through The Florida Inland Navigation District (FIND). Project Cost: \$414,201	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) I-75 Managed Lane Project (Segments A & B) Design-Build from NW 170th Street to South of Miramar Parkway, FDOT District Four, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Engineer. Kimley-Horn provided professional engineering services for this design-build project. Responsibilities include structural plans for two steel box girder bridges, four precast/prestressed concrete beam bridges, and all retaining walls, toll gantries, and overhead sign structures. We will also provide signing and pavement marking plans, ITS plans, and post-design and construction phase services. Project Cost: \$3,799,187	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) Welleby Park Expansion, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Engineer. As part of a landscape architecture continuing services agreement, the City of Sunrise tasked Kimley-Horn with the design of an expansion and major improvements to Welleby Park. The Welleby Park expansion included a dog park with three different sections, an expanded trail system, improved community facilities and pavilions, a splash pad, a train-themed playground with a railroad sidewalk, a miniature "Safety Town" to teach children about traffic safety, a lakefront boardwalk, and multiple shade trees. Project Cost: \$2,700,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) I-75 Managed Lane Project (Segment C) Design-Build from South of Miramar Parkway to South of Sheridan Street, FDOT District Four, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Engineer. Kimley-Horn prepared a PSEMP and was responsible for the design of DMS for general purpose lanes, status and tolling DMS signs for managed lanes, design of CCTVs, MVDSs, Permanent Traffic Monitoring Sites (PTMS), power conductors, generators, and all associated equipment power. Services provided include structural plans for retaining walls, toll gantries, and overhead sign structures, signing and pavement marking plans, ITS plans, and post-design and construction phase services. Project Cost: \$799,401	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) I-75 Managed Lane Project (Segment D) Design-Build from South of Sheridan Street to North of Griffin Road, FDOT District Four, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Engineer. Kimley-Horn was responsible for the design of DMS for general purpose lanes, status and tolling DMS signs for the managed lanes, design of CCTVs, MVDSs, power conductors, generators, all associated equipment power, and all supporting underground conduit, pull boxes and splice vault infrastructure. Project Cost: \$925,841	<input checked="" type="checkbox"/> Check if project performed with current firm

<p>CONSTRUCTION (<i>If Applicable</i>) N/A</p>								
<p>Electrical Engineer. Kimley-Horn is currently leading a team for the design of ITS, lighting, communications, and security technologies for the Gerald Desmond Bridge Design-Build project. Peter was responsible for the electrical design of the new bridge tower and communications systems that included seismic sensors for structure movement monitoring. The tower electrical systems were designed to support bridge lighting, FAA systems, U.S. Coast Guard systems, and U.S. Geological systems. Included in the design were elements to maintain system operation in a seismic event where large movement would occur. The design implemented emergency systems and bridge maintenance systems as well. <p>CONSTRUCTION (<i>If Applicable</i>) N/A</p>								
<p>Electrical Engineer. Peter was responsible for the lighting designs for the much-needed additional general purpose lane capacity on the Pima Freeway (SR 101L) between Chaparral Road and SR 202L. As the lead engineer, responsible for the lighting photometrics, conforming to ADOT specifications, voltage drop calculations, electrical engineering, and coordination of other disciplines. The purpose of this project was to improve freeway capacity and reduce congestion of future traffic volumes. Project Cost: \$94,745,676</p>	<p><input checked="" type="checkbox"/> Check if project performed with current firm</p>							

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Erkan Gungor, P.E.	13. ROLE IN THIS CONTRACT Electrical Engineering	14. YEARS EXPERIENCE a. TOTAL 9 b. WITH CURRENT FIRM 9
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Phoenix, AZ		
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Electrical Engineering / University of Kansas		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 85201
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Erkan has 9 years of experience in area and roadway lighting designs, including performing photometric analysis/calculations, AGI32 and analysis communications, electrical power distribution, SCADA systems design, automation of industrial processes, and cost management of project lifecycles. Along with a passion for designing intelligent systems and helping clients achieve their goals, Erkan has a strong background in power delivery, NEC Codes, electrical equipment selection and specification, and all other facets of designing safe and working systems for our clients.		
19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (City and State) Marion County Utilities Tradewinds Water Reclamation Facility Decommissioning and Force Main, Marion County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022 CONSTRUCTION (If Applicable) N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn prepared the construction documents and assisted the County with bidding and construction phase services for the following: approximately 14,600 LF of 8-inch force main; a new master lift station with portable generator; and decommissioning and site restoration of the Tradewinds WRF. The project consisted of survey, design, permitting, construction plans, specifications, and bid administration assistance. Project Cost: \$119,907	<input checked="" type="checkbox"/> Check if project performed with current firm
b.	(1) TITLE AND LOCATION (City and State) Dunnellon Rainbow Springs Infrastructure Development Project, Dunnellon, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021 CONSTRUCTION (If Applicable) N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Engineer. Kimley-Horn provided engineering design, permitting, bidding assistance, construction phase services, environmental services, FDEP grant administration assistance, geotechnical services, and surveying. The project consisted of the construction of approximately 28,520 linear feet of sanitary sewer force main piping from the Juliette Falls Water Reclamation Facility (WRF) to the Dunnellon WRF. Funding for the project was made available through a cost reimbursement grant administered by the Florida Department of Environmental Protection (FDEP). Project Cost: \$351,409	<input checked="" type="checkbox"/> Check if project performed with current firm
c.	(1) TITLE AND LOCATION (City and State) Deerfield Station, Deerfield Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020 CONSTRUCTION (If Applicable) N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Analyst. Kimley-Horn provided professional site civil and traffic engineering services for this mixed-use project that includes 226 residential units and 12,000 square feet of office and retail space. Kimley-Horn's responsibilities included site plan and plat amendment assistance, site plan traffic impact study, on-site civil preliminary engineering drawings, and landscape architectural services. Project Cost: \$448,747	<input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) Peoria Paloma Community Park (formerly Northern Community Park), Peoria, AZ	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018 CONSTRUCTION (If Applicable) N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Electrical Engineer. Located in northern Peoria, this park was designed to provide recreation facilities for the area's growing communities. The City selected a 400-acre site north of the West Wing Mountains, east of Lake Pleasant Parkway, and south of State Route 303. The Phase 1 area provided 100 acres of recreational base amenities, including soccer fields, baseball fields, sport courts, trails, pathways, playgrounds, and ramada areas. The site was located within the New River Dam impoundment pool and levee, which was constructed by the U.S. Army Corps of Engineers (USACE) and is operated by the Flood Control District of Maricopa County (FCDMC). The existing site included several key design challenges, including rocky terrain and overall access. Because the site was required to maintain the existing flood pool storage volume, the project required coordination with both FCDMC and USACE. Kimley-Horn provided civil engineering, traffic/transportation engineering, drainage, and utility design services. Project Cost: \$38,532,210	<input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) Pasco County Biosolids Facility Design-Build, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2017 CONSTRUCTION (If Applicable) N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn provided civil engineering and environmental services for this 3-acre biosolids facility. Our specific civil engineering services included site grading, site utilities (water and sewer services), stormwater facilities design/management, pavement design, and associated site improvements. In addition, our environmental professionals provided gopher tortoise survey and relocation services for this project. Project Cost: \$13,400,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Jason Lee, P.E.	13. ROLE IN THIS CONTRACT Mechanical Engineering	14. YEARS EXPERIENCE a. TOTAL 20	b. WITH CURRENT FIRM 20
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., West Palm Beach, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Mechanical Engineering / Florida Atlantic University		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 67472	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Specializes in projects featuring water mains, forcemains, sanitary pump stations, stormwater pump stations, and potable water high service pumping stations.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Town of Jupiter FAS Wellhead Improvements, Jupiter, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. The Jupiter Utility Department is in the process of rehabilitating the Floridan Aquifer System (FAS) raw water supply wells. As part of the rehabilitation the Town was interested in making improvements to the mechanical and electrical components of the wellhead and well site improvements. Kimley-Horn recently completed a condition assessment for the existing 11 FAS wells. The condition assessment served as the basis for the wellhead and well site improvements. The improvements included: Completing a hydraulic analysis using WaterCAD and calculations to determine pump design conditions, coordination with pump representatives to select new well pumps, replacement of all wellhead piping, replacement of well casings, well site rehabilitation, well control panel and electrical equipment replacement, control system and instrumentation replacement and integration. Project Cost: \$193,170	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) SW 10th Street PD&E Study (Sawgrass to I-95), FDOT District Four, Broward County, Deerfield Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing public involvement, design, and traffic engineering support services as a subconsultant to another firm for this politically charged PD&E study in Broward County. The study's goal is to look at options to provide connectivity between Florida's Turnpike, Sawgrass Expressway, and I-95 — three major limited-access, SIS facilities in South Florida. Other goals include enhanced local access for businesses and communities; provisions for multimodal, bicycle and pedestrian facilities; provisions for future express bus service; and design services to increase capacity and eliminate existing operational and safety deficiencies along SW 10th Street. Project Cost: \$865,456	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) Town of Palm Beach, D-9 Stormwater Pump Station and Collection System 60-inch Piping, Palm Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Services for this stormwater pumping station in the Town of Palm Beach included expanding the existing station from a capacity of 52,000 GPM to 90,000 GPM, wet well expansion, 800-kW emergency generator and ventilation system design, and associated collection system upgrades. Responsibilities during design phase included the leading the design of the structural modifications to the pump station building, wetwell, bulkhead, outfall pipe repairs, pump hoist system, hydraulic calculations for the pump discharge outfall, hydraulic calculations for pump intakes following Hydraulic Institutes guidelines, pump selection, building mechanical systems that include generator fuel system, generator ventilation, generator exhaust system, generator sound attenuation and building ventilation. Project Cost: \$281,804	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) Palm Beach D-10 Stormwater Pump Station, Palm Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager for the design of the expansion of this stormwater pump station in the Town of Palm Beach. Responsibilities during design included the leading the design of the structural modifications to the pump station building, wetwell, bulkhead, outfall pipe repairs, pump hoist system, hydraulic calculations for the pump discharge outfall, hydraulic calculations for pump intakes following Hydraulic Institutes guidelines, pump selection, building mechanical systems that include generator fuel system, generator ventilation, generator exhaust system, generator sound attenuation, and building ventilation. Cost: \$330,198	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) PGA National South Pump Station Design (aka Stormwater Pump Station Replacement), Palm Beach Gardens, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was retained by the Northern Palm Beach County Improvement District to provide engineering services for the design, permitting, and bidding phases of this stormwater pumping station. This project consisted of the complete replacement of the existing pump station with a new single-story building, electrical and mechanical systems, and a three-bay garage for mobile generator storage. Project Cost: \$1,713,434	<input checked="" type="checkbox"/> Check if project performed with current firm	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Clayton Scelzi	13. ROLE IN THIS CONTRACT Mechanical Engineering	14. YEARS EXPERIENCE a. TOTAL 16	b. WITH CURRENT FIRM 1
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., St. Petersburg, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Associate of Arts / Engineering / St. Petersburg College Certificate / Advanced Architectural Drafting / Pinellas Technical Educational Center	17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE)		
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Clayton has 16 years of experience working on MEP projects. He has worked on a variety of projects including single family homes, multi-family, high rise, municipal, mixed-use and other various project types. Clayton is skilled in leading the MEP team and working directly with the staff and clients in meeting their needs. Clayton pairs his mechanical engineering background with a client-focused approach, fostering strong partnerships to support functional, inspiring buildings.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Clearwater Marina District Block A Medical Office Building MEP_S_Solar, Clearwater, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn is providing mechanical, electrical, plumbing, and fire protection engineering services as well as commissioning services associated with a 129,600-square-foot, three-story office building with integral two-level parking garage, rooftop terrace, and solar. Tasks include schematic design, design development, and construction documents phases, as well as permitting, and construction phase site visits and observation. Roof top solar design and engineering services include electrical interconnection application support and process support, PV array electrical drawings. Cost: \$183,390	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) Johnson Pope Interior Renovation, Tampa, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn is providing mechanical, electrical, plumbing, and fire protection engineering services for multiple floors of the Rivergate Tower. The project team will complete due diligence and preliminary engineering phases, produce construction documents, assist with permitting, and provide construction phase services. The project specified reuse of the existing HVAC systems, so the project team evaluated the existing ductwork for reuse. Project Cost: \$44,010	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) Miami Beach 41st Street Booster Rehabilitation Project, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE MEP Project Manager. Kimley-Horn is providing professional services associated with preparation of a Preliminary Engineering Report (PER) for the rehabilitation of the City of Miami Beach's 41st Street Booster Pump Station. The City wishes to implement other improvements specifically related to hardening and resiliency that will be funded via a \$900,000 grant issued by the Florida Department of Economic Development (DEO). This project will improve the resilience of this facility by installing a new back-up power generator above the 500-year floodplain elevation, providing improvements to the ventilation and AC systems, site accessibility, and storm proofing with the replacement of windows and doors with hurricane proof selections. Cost: \$ N/A	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) The Continuum South Beach, Miami Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. The Continuum on South Beach is a luxury 42-story oceanfront condominium located in Miami's "SoFi" neighborhood. Kimley-Horn is providing a comprehensive analysis of all potable water, sanitary sewer, natural gas, and electrical services within the property from meters to end users. Tasks include identifying how services are currently distributed from meters to end uses; identifying sub-metering opportunities to make utility billing more cost effective to the Client and help identify any utility services currently paid by the Client that should be paid by other entities; and recommending upgrades in service materials and installation to improve performance or where required by current code. Project Cost: N/A	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) Federal Emergency Management Agency (FEMA) Hurricane Assessments, Charlotte County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. The Kimley-Horn team provided FEMA damage assessments for Charlotte County after hurricane Ian. This work included site visits and reporting for more than 70 utility sites, ranging from pump stations to water treatment facilities. Our team was able to complete this work within a week so that our Client, Charlotte County, could submit its request for support from FEMA. Project Cost: N/A	<input checked="" type="checkbox"/> Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Tad Byrne, P.E.	13. ROLE IN THIS CONTRACT Plumbing Engineering	14. YEARS EXPERIENCE a. TOTAL 10 b. WITH CURRENT FIRM 3	
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Warrenville, IL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Mechanical Engineering		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 91059	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Tad has over 10 years of experience in HVAC engineering for a range of project types, including boiler/chiller plants, energy modeling and analysis, building assessments, and hydronic and air-side system design. He has experience with plumbing engineering for service water sizing, hot water heating, domestic water distribution, and wastewater and grease drainage. He also has experience with fire protection engineering for service water sizing and fire pump sizing. His expertise has been applied to a wide range of building types including commercial office space, retail, warehouses, industrial facilities, kitchens, multi-tenant residential, and high-rise buildings.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Knowledge Park Deck B, Rock Hill, SC	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was selected as the lead design consultant for Parking Deck B in the Knowledge Park development. Deck B is 5 levels (ground + 4 elevated) of precast concrete construction with 663 parking spaces, ground level retail, and a bus depot with fleet bus charging stations. The ground level retail consists of 14,000 square foot of leasable retail spaces covered with a steel frame and TPO roof system underneath the precast parking structure. Professional services provided by Kimley-Horn included parking functional design, structural engineering, traffic services, and MEP/fire protection. Project Cost: \$511,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) County Street Parking Garage - Programming and Design, Portsmouth, VA	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2020 N/A	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing professional services to the City of Portsmouth for the programming and design of the demolition and replacement of the existing County Street Parking Garage. The existing garage was built in 1969, has approximately 670 parking spaces, is approaching the end of its useful service life, and simply not meeting the future goals of the City. The goal of these programming services was to provide the City with alternative concepts that meet their expected needs and goals to select one preferred concept to advance into design. Project Cost: \$1,632,125 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) United Safety Technology, Inc., Manufacturing Facility Pretreatment System, Baltimore, MD	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2023 N/A	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing design services for the industrial water pretreatment plant associated with the new nitrile glove manufacturing facility. Design services include layout and design of treatment systems, chemical storage, inflow pump stations, discharge pump station, and a 5,600 linear foot force main. Project Cost: \$5M	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) City of Wilson Single A Baseball Stadium, Wilson, NC	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was retained to provide structural engineering services for a new minor league ballpark in the city of Wilson, North Carolina. The ballpark includes 4,106 fixed seats, eight suites, a berm area, a banquet area, and exterior patio areas. The ballpark consists of a field level, main concourse, and a suite level totaling 165,000 square feet. The ballpark includes a hotel program with transfers on the suite and concourse levels of the stadium. Structural engineering services includes the design development of the project including the steel, moment frame, and lateral load-resisting system of the structure. Contract Value: \$725,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) Freed Street Deck, The Bull Street District, Columbia, SC	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2022 N/A	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Lead Mechanical, Plumbing and Fire Protection Engineer. Kimley-Horn was retained to develop a parking deck, referred to as Freed Street Parking Deck, as part of The Bull Street District development. As Prime Consultant, Kimley-Horn is providing the following services: parking functionality, wayfinding, site civil, and MEP/fire protection design services.	<input checked="" type="checkbox"/> Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Jaime Ghitelman, P.E.	13. ROLE IN THIS CONTRACT Structural Analysis	14. YEARS EXPERIENCE a. TOTAL 9 b. WITH CURRENT FIRM 9
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Plantation, FL		
16. EDUCATION (DEGREE AND SPECIALIZATION) Master of Science / Civil Engineering / Georgia Institute of Technology Bachelor of Science / Civil Engineering / Georgia Institute of Technology		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 87473
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.)		
19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (City and State) Freedom Marina Center, Deerfield Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022 CONSTRUCTION (If Applicable) 2022
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn was responsible for providing structural engineering and environmental services for this marina. Permits included Environmental Resource Permit (ERP) through the Florida Department of Environmental Protection (FDEP), Right-of-Way (ROW) Permit through the South Florida Water Management District (SFWMD), Environmental Resource License through Broward County and an Individual Permit through the United States Army Corps of Engineers (USACE). Permits included coordination and creation of a suitable mitigation plan for mangrove impacts. Project Cost: \$111,650	<input checked="" type="checkbox"/> Check if project performed with current firm
b.	(1) TITLE AND LOCATION (City and State) Marina Dock Replacement and Seawall Repair, Miami Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020 CONSTRUCTION (If Applicable) 2020
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn performed an above and below water condition assessment of the 623-LF concrete post and panel seawall on the east side of the 9 Island Avenue. Our team also performed a timber marina assessment following Hurricane Irma - which was severely damaged during the storm rendering it inoperable and unsafe. Services provided included a visual and tactile level 2 seawall inspection in accordance with the guidelines of the American Society of Civil Engineers (ASCE), following which our structural team prepared repair plans, specifications, and an opinion of probable cost (OPC) for repairs to the concrete seawall and total replacement of the timber marina. Project Cost: \$96,500	<input checked="" type="checkbox"/> Check if project performed with current firm
c.	(1) TITLE AND LOCATION (City and State) Brickell Key One Property Structural Assessment and Repair Work, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019 CONSTRUCTION (If Applicable) 2019
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. This project included the assessment of building structural elements including exterior façade, roof, parking garage and interior structures. In addition, this project included structural design, construction drawings, product specifications, and providing construction phase services during. Subsequent to a prior property condition assessment of exterior façade and concrete elements of the building, Kimley-Horn was engaged to develop repair plans and specifications for deteriorating buildings and facilities at the site. Project Cost: \$896,289	<input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) Beach Road Water Control Structure (WCS) Repair Plans, Sanibel, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018 CONSTRUCTION (If Applicable) 2018
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. The City of Sanibel owns and maintains a stormwater conveyance and management system that includes water control structures operated by sluice gates. Kimley-Horn coordinated and oversaw the team that performed an in-depth inspection of the BRWCS both, above water and underwater to determine and document the attributes of each defect such that repair/rehab plans and bid documents could be prepared. Following the presentation of these findings, as the engineer of record, led the engineering team that developed a repair protocol manual, plan details, and specifications suitable for construction and bidding to repair the deficiencies and restore the structures. Project Cost: \$22,500	<input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) West Palm Beach Professional Engineering for Lake Mangonia 42-inch Force Main Aerial Crossing Construction Phase Services, West Palm Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing CONSTRUCTION (If Applicable) N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was recently retained by the City of West Palm Beach to provide construction phase engineering services in connection with the construction of the parallel 42-inch force main aerial crossing over Lake Mangonia. The work involves construction of a new crossing on the existing concrete pile support structure and replacement of the existing crossing. The existing 42-in pre-stressed concrete cylinder pipe (PCCP) aerial crossing has been identified as a point of vulnerability in the City's sanitary transmission system, as it is the only wastewater conveyance of the City of West Palm Beach and the Town of Palm Beach systems to the East Central Regional Water Reclamation Facility (ECRWRF). Project Cost: \$520,855	<input checked="" type="checkbox"/> Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Sheila Preble, P.E.	13. ROLE IN THIS CONTRACT Structural Analysis	14. YEARS EXPERIENCE a. TOTAL 9 b. WITH CURRENT FIRM 9
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., West Palm Beach, FL		
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Civil Engineering / University of Florida		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 91024
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Sheila has 10 years of experience providing structural forensic analyses on a variety of high-rise residential and commercial projects. Her experience includes a 40-year building recertification in Plantation, FL, structural inspections for a 72-story condominium in Miami, FL, and various inspections for bridges, wastewater treatment plants, warehouses, and pool decks.		
19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (City and State) Madeleine Villas on Crespi Boulevard for City of Miami Beach, Miami Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023 CONSTRUCTION (If Applicable) 2023
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn conducted a seawall evaluation and reconstruction for a city-owned housing development. The project included an evaluation of the existing seawall and dock, including a seagrass survey, underwater inspection, preparation of construction documents and permitting with multiple agencies and jurisdictions. Project Cost: \$74,000	<input checked="" type="checkbox"/> Check if project performed with current firm
b.	(1) TITLE AND LOCATION (City and State) Preliminary Vulnerability Analysis, Venice, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020 CONSTRUCTION (If Applicable) 2020
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn is assisting the City of Venice in evaluating the impacts of wind, sea level rise, and rainfall on select facilities owned by the City and identifying potential mitigation and adaptation strategies to protect them. The facilities include the City's reverse osmosis water treatment plant, east water reclamation facility, five major lift stations, and several administration buildings. The goal of the coastal flooding analysis is to identify vulnerabilities using future sea level scenarios, storm surge, and rainfall to identify adaptation measures and/or strategies to protect the facilities. Kimley-Horn evaluated different planning horizons (2045 and 2080) for the selected assets, developed a geodatabase, and generated inundation extents for each of the scenarios. Project Cost: \$99,000	<input checked="" type="checkbox"/> Check if project performed with current firm
c.	(1) TITLE AND LOCATION (City and State) Marina Dock Replacement and Seawall Repair, Miami Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020 CONSTRUCTION (If Applicable) 2020
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn performed an above and below water condition assessment of the 623-LF concrete post and panel seawall on the east side of the 9 Island Avenue. Our team also performed a timber marina assessment following Hurricane Irma - which was severely damaged during the storm rendering it inoperable and unsafe. Services provided included a visual and tactile level 2 seawall inspection in accordance with the guidelines of ASCE Practice No. 130; timber marina damage assessment; repair plans, specifications, and opinion of probable cost for repairs to the seawall and total replacement of the timber marina. Permit assistance and construction phase services were also provided. Project Cost: \$96,500	<input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) Brickell Key One Property Structural Assessment and Repair Work, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019 CONSTRUCTION (If Applicable) 2019
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. This project included the assessment of building structural elements including exterior façade, roof, parking garage and interior structures. In addition, this project included structural design, construction drawings, product specifications, and providing construction phase services during. Subsequent to a prior property condition assessment of exterior façade and concrete elements of the building, Kimley-Horn was engaged to develop repair plans and specifications for deteriorating buildings and facilities at the site. Project Cost: \$896,289	<input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) 900 Biscayne Condominium, Repairs, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019 CONSTRUCTION (If Applicable) 2019
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Analyst. Kimley-Horn provided structural engineering services for this high-rise condo in Miami. Our team provided bid/specifications development, preconstruction and construction phase services, construction documents, and permit assistance to waterproof the 17th floor elevated deck; the services also included mechanical, plumbing modifications, and structural repairs. The Kimley-Horn team also assisted with modifications to the AIA contract for use during construction between the winning contractor and the client. Project Cost: \$330,716	<input checked="" type="checkbox"/> Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Jamea Long, P.E.	13. ROLE IN THIS CONTRACT Structural Design	14. YEARS EXPERIENCE a. TOTAL 28	b. WITH CURRENT FIRM 27
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., West Palm Beach, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Civil Engineering / University of Florida		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 58677	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Jamea is West Palm Beach's Structural Team Leader with 28 years of design experience. She serves as project manager statewide for FDOT and major design efforts that involve structural design. Her responsibilities include quality control of structural calculations and plans, performing calculations, coordinating plan preparation, reviewing shop drawings, writing technical specifications, observing project construction, and conducting structural inspections.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Okeechobee Road (SR 25) from East of NW 87 Ave to NW 79 Ave, FDOT District Six, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing final design services for the reconstruction of a 3/4 - mile section of Okeechobee Road, a SIS facility in Miami-Dade County. Services include widening the existing road with concrete pavement to 4 lanes in each direction; widening the NW 79th Avenue Bridge over the Miami (C-6) Canal; intersection modifications at NW 95th Street and Frontage Road; relocation of an existing BJ's Wholesale Club entrance and addition of a new free-flow right-turn lane; and new access from the Frontage Road to westbound Okeechobee Road. Kimley-Horn is also responsible for all permitting; structural design; drainage design; signing and marking; signalization; lighting design; ITS system design; and landscaping along the corridor. Project Cost: \$46,969,797	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) Reconstruction of Krome Avenue from South of SW 296 St to South of SW 232 St, FDOT District Six, Miami-Dade County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer for the team providing roadway, signing and marking, signalization, lighting, structures and landscape design. The project consists of widening the existing 2-lane undivided road to a 4-lane divided road with a 10' wide shared use path. This project is part of the Krome Avenue South Corridor and has several environmentally sensitive areas. This segment of Krome Avenue handles part of the main freight activity in south and west Miami-Dade County, with a daily truck percentage of 15%. Project Cost: \$ 38,844,016	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) I-75 Managed Lane Project (Segments A & B) Design-Build from NW 170th Street to South of Miramar Parkway, FDOT District Four, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn provided professional engineering services for this design-build project as a subconsultant to another firm. Responsibilities include structural plans for two steel box girder bridges, four precast/prestressed concrete beam bridges, and all retaining walls, toll gantries, and overhead sign structures. We will also provide signing and pavement marking plans, ITS plans, and post-design and construction phase services. Project Cost: \$3,799,187	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) Lowson Boulevard Pedestrian Bridges, Delray Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was retained by Delray Beach to complete a set of construction plans for two pedestrian bridges for the proposed Lowson Blvd. pedestrian bridge over Lake Worth Drainage District's (LWDD) E-4 Canal. The bridges will be on either side of the canal. The bridge is part of the bicycle lane addition for Lowson Blvd. The project also includes the preparation of a Type 1 Categorical Exclusion environmental document with permitting and coordination with LWDD and the US. Army Corps of Engineers. Project Cost: \$7,000,000 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) Dixie Highway Flyover Design-Build, FDOT District Four, Deerfield Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2012	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Structural Design Engineer. Provided structural design services for an eight-span, s-curved, steel box girder bridge over Hillsboro Canal and FEC RR; a three-span bridge over the canal; and retaining walls. This was a fast-track design-build project with only seven months allotted to complete the design and release the project to construction. Project Cost: \$42,058,213	<input checked="" type="checkbox"/> Check if project performed with current firm	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT
(Complete one Section E for each key person.)

Exhibit "B"

12. NAME Jerry Piccolo, P.E.	13. ROLE IN THIS CONTRACT Structural Analysis; Structural Design	14. YEARS EXPERIENCE a. TOTAL 12	b. WITH CURRENT FIRM 11
15. FIRM NAME AND LOCATION (<i>City and State</i>) Kimley-Horn and Associates, Inc., West Palm Beach, FL			
16. EDUCATION (<i>DEGREE AND SPECIALIZATION</i>) Master of Engineering / Civil Engineering / University of Florida Bachelor of Science / Civil Engineering / University of Florida		17. CURRENT PROFESSIONAL REGISTRATION (<i>STATE AND DISCIPLINE</i>) FL / Professional Engineer / 80484	
18. OTHER PROFESSIONAL QUALIFICATIONS (<i>Publications, Organizations, Training, Awards, etc.</i>) Jerry provides support to senior engineers on projects that involve structural design. His responsibilities include performing calculations, plan preparation, reviewing shop drawings, observing project construction, and conducting structural inspections. He has worked on various FDOT projects including the Turnpike AET Phase 5A in Boca Raton, Indrio Road in Fort Pierce, and I-75 Segment C in Miramar.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (<i>City and State</i>) Wiles Road Design from Riverside Drive to Rock Island Road, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Structural Engineer. Kimley-Horn was selected to prepare complete contract plans for the widening of Wiles Road to a 6-lane divided urban arterial from Riverside Drive to Rock Island Road. We coordinated closely with the County to tackle issues related to the narrow areas of the corridor, including a balance between traffic lane, sidewalk, and bike lane widths. This segment had grant funding from FDOT and the improvements included roadway design, Complete Streets design, drainage, lighting, landscaping, irrigation, bicycle lanes, signalization, utility coordination, permitting coordination with the City of Coral Springs and detailed traffic control plans. We incorporated the Broward Complete Streets guidelines on this project (also prepared by Kimley-Horn), which were endorsed by the Broward MPO. Project Cost: \$30,000,000	CONSTRUCTION (<i>If Applicable</i>) 2021	
b.	(1) TITLE AND LOCATION (<i>City and State</i>) I-75 Managed Lane Project (Segments A & B) Design-Build from NW 170th Street to South of Miramar Parkway, FDOT District Four, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Structural Analyst. Kimley-Horn provided professional engineering services for this design-build project as a subconsultant to another firm. Responsibilities include structural plans for two steel box girder bridges, four precast/prestressed concrete beam bridges, and all retaining walls, toll gantries, and overhead sign structures. We will also provide signing and pavement marking plans, ITS plans, and post-design and construction phase services. Project Cost: \$3,799,187	CONSTRUCTION (<i>If Applicable</i>) 2021	
c.	(1) TITLE AND LOCATION (<i>City and State</i>) Wiles Road Design from Rock Island Road to US 441 (SR 7), Coral Springs, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Structural Engineer. Kimley-Horn was selected by the Broward County Engineering Division to prepare complete contract plans for the reconstruction and widening of Wiles Road as a 6-lane divided urban arterial from Rock Island Road to U.S. 441 (State Road 7). Broward County and FDOT are sharing in the cost of improvements which include roadway design, drainage, lighting, landscaping, irrigation, bicycle lanes, signalization, utility coordination, and detailed traffic control plans. Cost: \$30,000,000	CONSTRUCTION (<i>If Applicable</i>) 2018	
d.	(1) TITLE AND LOCATION (<i>City and State</i>) PD&E Study for Florida's Turnpike Spur and the HEFT from NW 57th Avenue to Turnpike Mainline, Broward/Miami-Dade Counties, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Structural Analyst. Kimley-Horn is providing engineering services for a PD&E study for the widening of the Florida's Turnpike Spur and the HEFT from East of NW 57th Avenue to Mainline in Broward and Miami-Dade counties. Kimley-Horn's role is to provide environmental and public involvement support, as well as to assist with roadway design, structural elements, drainage (including preparation of a Location Hydraulics Technical Memorandum and a Pond Siting Report), permitting, and lighting. Project Cost: \$858,469	CONSTRUCTION (<i>If Applicable</i>) 2018	
e.	(1) TITLE AND LOCATION (<i>City and State</i>) All Electronic Tolling (AET) 5B, Sawgrass Expressway Design-Build, Florida's Turnpike Enterprise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Structural Engineer. Kimley-Horn provided development of signing and pavement marking components for this AET conversion project along 20 miles of the Sawgrass Expressway from I-595 to Florida's Turnpike in Broward County. Kimley-Horn's scope also included development of an overall master signing plan, design of all ITS components, design of all sign structures, and design of all overhead spans, cantilever sign structures, and toll gantries. Project Cost: \$714,478	CONSTRUCTION (<i>If Applicable</i>) 2015	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT
(Complete one Section E for each key person.)

<p>12. NAME Jonathan Haigh, PLA, ASLA</p>	<p>13. ROLE IN THIS CONTRACT Landscape Design</p>	<p>14. YEARS EXPERIENCE a. TOTAL 28 b. WITH CURRENT FIRM 19</p>				
<p>15. FIRM NAME AND LOCATION (<i>City and State</i>) Kimley-Horn and Associates, Inc., West Palm Beach, FL</p>						
<p>16. EDUCATION (<i>DEGREE AND SPECIALIZATION</i>) Bachelor of Landscape Architecture / Landscape Architecture / University of Arkansas</p>		<p>17. a.	(1) TITLE AND LOCATION (City and State) SR A1A Complete Streets Design, Hollywood, FL		(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A		
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn led a feasibility study to incorporate Complete Streets elements within the corridor between Hollywood Boulevard and Sheridan Street. The traffic study considered alternatives including lane elimination and roadway reconfiguration. Because SR A1A is a state road, our team coordinated extensively with FDOT District Four for design approvals. The roadway plans include a reduction of speed, improving safety for vehicles, pedestrians, and bicyclists; wider sidewalks, improved street furniture, landscaping, and signage. The team also provided traffic signal analyses, driveway access reviews, emergency vehicle access reviews, meetings and coordination, and permitting services. Our team designed real world mock ups of selected alternatives for sidewalk pavers and decorative street lights for the public's input before final design. Project Cost: \$35,000,000		<input checked="" type="checkbox"/> Check if project performed with current firm		
b.	(1) TITLE AND LOCATION (City and State) Welleby Park Expansion, Sunrise, FL		(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2023 N/A		
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. As part of a landscape architecture continuing services agreement, the City of Sunrise tasked Kimley-Horn with the design of an expansion and major improvements to Welleby Park. Kimley-Horn provided conceptual design for two options for the park redevelopment that were presented at a public meeting. Our team refined the concept design and prepared design plans. The Welleby Park expansion included a dog park with three different sections, an expanded trail system, improved community facilities and pavilions, a splash pad, a train-themed playground with a railroad sidewalk, a miniature "Safety Town" to teach children about traffic safety, a lakefront boardwalk, and multiple shade trees. Cost: \$2,700,000		<input checked="" type="checkbox"/> Check if project performed with current firm		
c.	(1) TITLE AND LOCATION (City and State) Design-Build Criteria Packages for Broward MPO Regional Complete Streets Initiatives, FDOT District Four, FL		(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2020 2020		
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn provided professional engineering services for the development of five design-build criteria packages for the following locations in Broward County: Hammondville Road from Powerline Road to west of I-95; NW 31st Avenue from Commercial Boulevard to McNab Road; Powerline Road from Oakland Park Boulevard to Commercial Boulevard; Lauderdale Lakes Greenway from NW 31st Avenue to NW 29th Avenue; and Riverland Road from SR 7/US 441 to SR 842/Broward Boulevard. Design services included milling and resurfacing, utility coordination, signing and pavement marking, signal improvements, landscaping, and public involvement. Project Cost: \$1,140,404		<input checked="" type="checkbox"/> Check if project performed with current firm		
d.	(1) TITLE AND LOCATION (City and State) Bicycle Lane Addition on NW 64th Avenue from Sunset Strip to Oakland Park Boulevard, Sunrise, FL		(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2019 2019		
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is providing design and landscape services for the addition of bicycle lanes on NW 64th Avenue in Sunrise. The City retained Kimley-Horn for design services for landscape, lighting, drainage, pedestrian and bicycle enhancements. This includes developing schematic design, design development, permitting, and construction documents. Additionally, Kimley-Horn environmental scientists will review natural, social, and physical resource data in the area and complete a Type 1 and Programmatic Categorical Exclusion (CE) checklist. Project Cost: \$2,500,000 (construction)		<input checked="" type="checkbox"/> Check if project performed with current firm		
e.	(1) TITLE AND LOCATION (City and State) Historic Miramar Complete Streets, Miramar, FL		(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2016 2016		
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn was selected to develop design concepts and a phasing plan for the City to implement their Complete Streets vision utilizing a Broward County Redevelopment Program grant. Opinions of probable construction cost were developed in support of the phasing plan, along with a narrative detailing the design and cost differences between the initial grant application and current anticipated construction pricing. The Complete Streets improvements, designated for the 255-acre project area, include 7 miles of sidewalk improvements with accessible ramps and crosswalks, potential biking facilities, decorative crosswalk treatments, street trees, sodded swale improvements, irrigation, and pedestrian level lighting. E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Tom Hargrett, PLA, ASLA	13. ROLE IN THIS CONTRACT Landscape Design; Irrigation Design	14. YEARS EXPERIENCE a. TOTAL 8 b. WITH CURRENT FIRM 4
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., West Palm Beach, FL		
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor / Landscape Architecture / University of Georgia	17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Landscape Architect / LA6667512 American Society of Landscape Architects (ASLA)	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Tom is a landscape architect with eight years of public, private, and institutional design experience. His experience includes landscape/hardscape design, irrigation design, project management, site planning, due diligence coordination, construction documents, cost estimation, and construction phase services. Tom's software expertise includes Land F/X and Irrigation F/X, Adobe Suites, and GIS.		
19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (City and State) Village Arts Plaza, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn is the landscape architect for the design of this public plaza in the City of Sunrise that includes streetscape improvements to the existing Village Civic Center, portions of NW 68th Ave (between Sunset Strip and NE 22nd Court), and portions of the Village Multipurpose Center complex and parking lot. The project includes redesign and reconfiguring pedestrian and vehicular spaces, enhancements to the public realm between two buildings to create a flexible event space for community gatherings and other uses. The project includes an emphasis on artistic expression and the incorporation of public art. The project includes an event stage and enhanced security features within the plaza. Project Cost: \$2,333,755	<input checked="" type="checkbox"/> Check if project performed with current firm
b.	(1) TITLE AND LOCATION (City and State) Sunrise Oscar Wind Park, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2023 2023
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Analyst providing professional landscape design services for the expansion of Oscar Wind Park in Sunrise. This project includes improvements and renovations to the existing park, as well as the addition of new space from the School Board. The upgrades include new walkways, improvements to the existing parking lot on the School Board Cypress Bay Annex site, and landscaping/irrigation improvements. The project also includes the replacement of the playground and construction of an outdoor fitness court. Project Cost: \$227,629	<input checked="" type="checkbox"/> Check if project performed with current firm
c.	(1) TITLE AND LOCATION (City and State) Sunrise Art Plaza Design Services, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Analyst for the landscape, hardscape, and irrigation improvements for the proposed Sunrise City Hall Campus, Parking Garage, and Amphitheater Great Lawn. Kimley-Horn serves as lead engineering consultant for site civil design, landscape and irrigation design, hardscape design, traffic and parking studies; permitting, and construction phase services. This project consists of a new 100,000-squarefoot City Hall building, a 600-space parking garage, covered pedestrian connections, and improvements and expansion of existing facilities including an amphitheater. Project Cost: \$366,738	<input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) Hollywood Streetscape PH 4 Stage 2, Hollywood, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is providing planning, landscape architecture, civil and traffic engineering services for the City of Hollywood/CRA for Phase IV of streetscape improvements and undergrounding of overhead utilities. Tasks for the parallel 18 E/W side streets phase include project management for the entire project; roadway design; signing and marking design and plans; paving and grading; drainage design; landscape, hardscape, environmental services and permitting, and irrigation. Tasks for the SR A1A phase including roadway design, median modification, ADA improvements, traffic engineering, milling and resurfacing; public involvement; lighting analysis; signalization; drainage design; technical specifications; overhead line conversion and underground coordination and plan integration. Project Cost: \$2,870,090	<input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) City of Oakland Park North Andrews Gardens Community Center, Oakland Park, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn is providing site development services for the North Andrews Gardens Community Center for the City of Oakland Park. The project includes demolition of the existing building and construction of a new one-story, 7,500-square-foot community center. Kimley-Horn's services include site civil engineering, landscape, irrigation, hardscape plans and calculations, traffic statement, and construction phase services. Additional services include regulatory agency permitting with the City of Oakland Park, Broward County, and the Florida Department of Environmental Protection (FDEP). Project Cost: \$79,500	<input checked="" type="checkbox"/> Check if project performed with current firm

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME George Puig, PLA, ASLA	13. ROLE IN THIS CONTRACT Master Planning	14. YEARS EXPERIENCE a. TOTAL 34	b. WITH CURRENT FIRM 12
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Coral Gables, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor / Landscape Architecture / University of Florida	17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Landscape Architect / 0001706 American Society of Landscape Architects (ASLA)		
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) With 34 years of professional practice in South Florida, George Puig is a registered landscape architect with experience on a number of projects throughout the United States, Latin America, and abroad, within both private- and public-sectors. George's project knowledge has been built by his critical involvement in master planning, urban design/streetscape, site development, and conceptual and final design for resorts, hotels, single-family, multifamily, mixed-use, and entertainment/recreational facility projects.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Miami River Development - Chetrit Riverfront - Phase 2/3, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is providing traffic engineering and landscape architecture services to the Miami River project. The master plan is broken in to 5 phases, which will include two 58-story towers, two 60-story towers and two three-story structures connected by walkways at the 2nd, 3rd and 9th level. The master plan offers a mixed-used program containing uses such as commercial, offices, lodging, entertainment, and residential. Project Cost: \$338,123	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) The Underline Master Plan, Miami-Dade County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2016	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn led the transportation planning and civil engineering support areas of The Underline Master Plan. The Underline is an iconic bicycle and pedestrian greenway and urban linear park under the Miami-Dade Metrorail corridor. Our services included site analysis, mobility recommendations, transportation safety recommendations, framework plan support, key agency review meetings, and public meeting support. One of the key results of Kimley-Horn's participation in The Underline Master Plan was developing innovative engineering techniques for providing intersection crossing safety; improvements included wide crossings with separate space for bicyclists and pedestrians, innovative pavement markings, colored pavement treatments, and recessed stop bars for motor vehicle traffic to accommodate the wide crossings. Kimley-Horn provided transportation engineering services in the development of two demonstration projects including the "Brickell Backyard" and the "University Colonnade" sections of The Underline. Project Cost: \$40,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) Miami River Greenway Design - Six Sites, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2016	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn was retained for the development of a master plan for six sites owned by Miami-Dade County. Two design options were developed for each site and presented to the public and the Miami River Committee for discussion and concurrence for the recommended alternative to proceed with the design phase. Design included site development, drainage, permitting (DERM and FDEP), lighting, structural design new seawalls, and repairs of existing landscape and irrigation. Project Cost: \$3,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) Gables Station Mixed-Use Development, Coral Gables, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2017	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Gables Station is a proposed four-level, 330,000-square-foot, vertical retail shopping center with a seven-level, 1,450-space, attached parking garage. Kimley-Horn is providing civil and landscape architecture design services from concept through construction for both the on-site and the adjacent Underline site. This mixed-use project is also proposed to include two residential towers and one office tower with a Mediterranean-style outdoor plazas and gardens. The project site abuts the Metrorail corridor where historical use as a rail line left contamination requiring remedial actions in conjunction with the development. Project Cost: \$160,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) South Miami Intermodal Transportation Plan (ITP), South Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2015	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn prepared the South Miami Intermodal Transportation Plan (SMITP). The City of South Miami desired to enhance the existing transportation system and mobility choices available to residents, workers, and visitors to the City. Kimley-Horn prepared detailed recommendations for pedestrian facilities, bicycle facilities, intersection design, and sustainability. We developed an implementation plan that respects the limits of affordability and provides a strategy that the City could potentially follow to maximize the user benefit while keeping costs within reason of available funding sources. Project Cost: \$98,800	<input checked="" type="checkbox"/> Check if project performed with current firm	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Matthew Wisniewski, PLA	13. ROLE IN THIS CONTRACT Master Planning	14. YEARS EXPERIENCE a. TOTAL 19	b. WITH CURRENT FIRM 6
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Coral Gables, FL	16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor / Landscape Architecture / Pennsylvania State University		
17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Landscape Architect / LA6667406			
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) Matthew has 19 years of experience in landscape architecture. His diverse portfolio ranges from hospitality, mixed-use, and single-family developments to post-industrial landscapes, urban waterfront parks, and planning for cultural institutions. He has extensive technical experience in grading and planting design, drainage, soils, material detailing, and stormwater management. Additionally, Matthew has worked on several oceanfront projects in Florida such as The Confidante Hotel in Miami Beach, as well as multiple projects in the Faena District, including Faena Hotel Miami Beach, Faena House, Claridge Hotel, and Versailles Condominiums.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) 888 Brickell Avenue, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. The project is a luxury, mixed-use, high rise development which includes condo-hotel units, parking amenity programming and food and beverage outlets, including group floor commercial space. The property is in the Brickell neighborhood in Miami and is a rectangular site on the northwest corner of Brickell Avenue and SE 10th Street. Our services include civil design, permitting services, paving and grading, providing water and gravity sewer services to the tower, and landscape architecture. Project Cost: N/A	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) Fort Lauderdale Downtown Mobility Hub Streetscape, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is providing landscape architecture design, planning, traffic engineering, and civil engineering services for the revitalization of the existing streetscape in Downtown Fort Lauderdale. The goal is to create a pedestrian-friendly environment by adding walk/bike lanes and creating separation between traffic and pedestrian spaces—this includes adjusting lane lengths and altering bus lanes. Project Cost: \$279,932	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) Master Planning for Key Biscayne Village-Wide Undergrounding of Utilities Program, Key Biscayne, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. The design and construction of the undergrounding program is anticipated to take multiple years to complete. The underground program will be broken into multiple phases that can be constructed on an annual basis. In order to balance potentially competing priorities such as cost, project duration, traffic impacts for this large-scale project, development of a Master Plan was recommended in order to evaluate these priorities ahead of any detailed design of any single undergrounding phase. Project Cost: \$491,436	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) 545 Wyn Office and Mixed-Use Development, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. The Wynwood neighborhood has transformed from a desolate area into Miami's epicenter for the arts. Former warehouses and decaying urban structures have become canvases for local and global street artists, whose masterpieces can be seen all over the revitalized district. Wynwood is home to a mixture of residents, creative office users, and small business owners. Kimley-Horn is providing professional engineering services for this 660,00-square-foot, 10-story, mixed-use commercial development located in the Wynwood district. Kimley-Horn's specific services for this project include site civil engineering, site design, permitting, and construction administration. Project Cost: \$190,205	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) Faena District Miami Beach, Miami Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Stretching five blocks along Collins Avenue, this ambitious project involves the renovation and improvement of a number of existing, historic Miami Beach hotels including the Saxony Hotel, the Versailles Hotel, the Atlantic Hotel, and the Claridge Hotel. In addition, three new buildings will be constructed. Our services include due diligence; schematic design; site civil engineering pertaining to roadway design and site planning, as well as utility coordination and design (water, sewer, drainage, electrical, communications); traffic engineering; landscape architecture; permitting through the City of Miami Beach, Miami-Dade County Water and Sewer Department (WASD) and RER (Regulatory and Economic Resources), FDOT, FDEP, and SFWMD; preparation of construction documents; and construction phase assistance. Project Cost: \$1,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (<i>City and State</i>) Districtwide Complete Streets Contract, FDOT District Six, South Miami, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES 2022	CONSTRUCTION (<i>If Applicable</i>) 2022
a.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn is currently supporting FDOT District Six, performing professional services and development, evaluation, and implementation of complete streets projects through an ongoing districtwide contract. Kimley-Horn's duties include the preparation of Complete Street Analysis for arterials or collector road corridors, context-sensitive multimodal community transportation network planning, and cost feasible complete street improvements and strategy identification. In addition, Kimley-Horn is responsible for various tasks including review of Complete Streets pilot program evaluations, plan reviews, design plan development, GIS mapping, and context classification review of FDOT roadways and projects. Project Cost: \$1,500,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (<i>City and State</i>) The Underline Phase I, II, and III Design Criteria Package, Miami, FL	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (<i>If Applicable</i>) N/A	
b.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn is providing professional services to Miami-Dade County to develop a design-build criteria package for the Underline, a 10-mile linear trail and urban park underneath Miami's elevated Metrorail line. Services included utility coordination, development of design standards, schematic layouts for six intersection crossings, including bike lanes and pedestrian crossings, signage, pavement markings, and signal modifications. Design criteria for landscape architectural features and amenities was also included. Project Cost: \$589,872	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (<i>City and State</i>) Continuing Services Agreement for Planning, Utilities, Engineering, and Roadways, North Bay Village, FL	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES 2021	CONSTRUCTION (<i>If Applicable</i>) 2021	
c.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn provides general engineering services for the City of North Bay Village on an ongoing basis. Services have included water and wastewater studies, planning, design, permitting, and construction phase services. Project Cost: \$3,104,310	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (<i>City and State</i>) Gables Station Mixed-Use Development, Coral Gables, FL	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES 2017	CONSTRUCTION (<i>If Applicable</i>) 2017	
d.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Landscape Analyst. The Gables Station is a mixed-use, transit-oriented development that includes an onsite parking garage, two residential buildings, 105,000 square feet of retail space, and a 66-room hotel. Kimley-Horn provided landscape architectural design services for the 4.45-acre project site. Our scope of services included landscape, hardscape, furniture, and irrigation design for the amenity decks, as well as the Underline, North Linear Park, and McFarlane Linear Park areas. Project Cost: \$160,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (<i>City and State</i>) Miami-Dade County Complete Streets Design Guidelines, Miami, FL	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES 2017	CONSTRUCTION (<i>If Applicable</i>) 2017	
e.	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Landscape Architect Analyst. Kimley-Horn prepared the Miami-Dade Complete Streets Design Guidelines to provide the unifying design document for local governments in Miami-Dade County to be able to identify and incorporate Complete Streets elements into road projects. The Design Guidelines are targeted toward engineers, planners, and developers. The Design Guidelines were made possible through a Centers for Disease Control and Prevention (CDC) grant administered by the Florida Department of Health (FDOH) in Miami-Dade. Project Cost: \$115,520	<input checked="" type="checkbox"/> Check if project performed with current firm

18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.)			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) Fort Lauderdale Breakers Avenue Streetscape Improvements Project, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is serving the City of Fort Lauderdale for the design of streetscape improvements for Breakers Avenue from Riomer Street to north of Vistamar Street. Services include: 1) design of limited watermain and services relocations, 2) design of limited sewer relocations, 3) preparation of roadside profile, 4) landscape and irrigation design for planter areas, 5) design of suspended pavement systems, 6) design for roadside urban bioswale treatments, and 7) coordination with CMAR. As part of the project Kimley-Horn performed the underground conversion design for this streetscape project in Ft. Lauderdale. Kimley-Horn designed the conduit and pullbox infrastructure for the electric, telephone and cable utilities along with providing utility provider coordination and infrastructure upgrade design services. Project Cost: \$909,553	(2) YEAR COMPLETED CONSTRUCTION (If Applicable) N/A	
b.	(1) TITLE AND LOCATION (City and State) Hollywood Streetscape PH 4 Stage 2, Hollywood, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is providing planning, landscape architecture, civil and traffic engineering services for the City of Hollywood/CRA for Phase IV of streetscape improvements and undergrounding of overhead utilities along SR A1A and 18 intersecting east-west (E/W) side streets (Phase IV). Tasks for the parallel 18 E/W side streets phase include project management for the entire project; roadway design; signing and marking design and plans; paving and grading; drainage design; landscape, hardscape, environmental services and permitting, and irrigation. It also included coordination with FDOT regarding street flooding caused by sea level rise. Tasks for the SR A1A phase including roadway design, median modification, ADA improvements, traffic engineering, milling and resurfacing; public involvement; lighting analysis; signalization; drainage design; technical specifications; overhead line conversion and underground coordination and plan integration. Project Cost: \$2,870,090 (construction)	(2) YEAR COMPLETED CONSTRUCTION (If Applicable) N/A	
c.	(1) TITLE AND LOCATION (City and State) Sunrise Oscar Wind Park, Sunrise, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Architect. Kimley-Horn is providing professional landscape architectural services for the expansion of Oscar Wind Park in Sunrise, Florida. This project includes improvements and renovations to the existing park, as well as the addition of new space from the School Board. The upgrades include new walkways, improvements to the existing parking lot on the School Board Cypress Bay Annex site, and landscaping/irrigation improvements. The project also includes the replacement of the playground and construction of an outdoor fitness court. Project Cost: \$245,016	(2) YEAR COMPLETED CONSTRUCTION (If Applicable) 2023	
d.	(1) TITLE AND LOCATION (City and State) SR A1A Complete Streets Design, Hollywood, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn led a feasibility study to incorporate Complete Streets elements within the corridor between Hollywood Boulevard and Sheridan Street. This streetscape project features a reconfiguration of medians to widen sidewalks and improve crosswalks and pedestrian lighting in the corridor. Design services included hardscape design, landscape design, irrigation design services and conceptual renderings. Because SR A1A is a state road, our team coordinated extensively with FDOT District Four for design approvals. The roadway plans include a reduction of speed, improving safety for vehicles, pedestrians, and bicyclists; wider sidewalks, improved street furniture, landscaping, and signage. The team also provided traffic signal analyses, driveway access reviews, emergency vehicle access reviews, meetings and coordination, and permitting services. Project Cost: \$635,001	(2) YEAR COMPLETED CONSTRUCTION (If Applicable) 2021	
e.	(1) TITLE AND LOCATION (City and State) Rosemary Avenue (CityPlace) Streetscape Improvements, West Palm Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2020	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Landscape Analyst. Kimley-Horn was retained to provide landscape, hardscape, irrigation, civil engineering, and utility design services to enhance the Rosemary Avenue and Hibiscus Street corridors from Okeechobee Boulevard throughout CityPlace as part of the rebranding transition to Rosemary Square, now known as "The Square." Streetscape improvements include narrowing the travel lanes, eliminating on-street parking, creating fluid pedestrian transition areas, and raising the road to create a curbless street. Project Cost: \$18,973,000 (construction)	(2) YEAR COMPLETED CONSTRUCTION (If Applicable) 2020	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT
(Complete one Section E for each key person.)

Exhibit "B"

12. NAME Gin Ng, P.E.	13. ROLE IN THIS CONTRACT PD&E	14. YEARS EXPERIENCE a. TOTAL 29 b. WITH CURRENT FIRM 24	
15. FIRM NAME AND LOCATION (<i>City and State</i>) Kimley-Horn and Associates, Inc., West Palm Beach, FL			
16. EDUCATION (<i>DEGREE AND SPECIALIZATION</i>) Master of Science / Civil Engineering / University of Arkansas Bachelor of Science / Civil Engineering / University of Arkansas		17. CURRENT PROFESSIONAL REGISTRATION (<i>STATE AND DISCIPLINE</i>) FL / Professional Engineer / 58123	
18. OTHER PROFESSIONAL QUALIFICATIONS (<i>Publications, Organizations, Training, Awards, etc.</i>) Gin has 29 years of experience in design and preparation of construction plans, including roadway geometrics, specifications, signing and pavement marking plans, permitting, and traffic control plans. Expert in interchange design, alternative concept design development with specialty in diverging diamond intersection (DDI) and displaced left turn (DLT) / continuous flow intersection (CFI) design.			

19. RELEVANT PROJECTS

a.	(1) TITLE AND LOCATION (<i>City and State</i>) Turnpike PD&E Study to Widen Florida's Turnpike from South of I-595 to Wiles Road, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (<i>If Applicable</i>) Ongoing N/A	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was selected for a PD&E Study to evaluate alternative improvements for the widening of a 17-mile segment of Florida's Turnpike from south of I-595 to Wiles Road. The project includes modifications to a portion of the service road and on/off ramps of Pompano service plaza to accommodate Florida's Turnpike widening. Improvements to the existing interchanges in the corridor will be evaluated as well as alternatives for new interchange access locations. Project Cost: \$2,166,448	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (<i>City and State</i>) Wiles Road Design from Riverside Drive to Rock Island Road, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (<i>If Applicable</i>) 2021 2021	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Engineer. Kimley-Horn was selected to prepare complete contract plans for the widening of Wiles Road to a 6-lane divided urban arterial from Riverside Drive to Rock Island Road. One of the major accomplishments of this segment's design was to work with all stakeholders to avoid issues related to private property impacts given the narrow corridor and proximity of private features. This segment had grant funding from FDOT and the improvements included roadway design, Complete Streets design, drainage, lighting, landscaping, irrigation, bicycle lanes, signalization, utility coordination, permitting coordination with the City of Coral Springs and detailed traffic control plans. Our team provided tree mitigation permit services and coordinated with both County and City forester. We incorporated the Broward Complete Streets guidelines on this project (also prepared by Kimley-Horn), which were endorsed by the Broward MPO. Project Cost: \$30,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (<i>City and State</i>) PD&E Study for Jupiter Bascule Bridge Replacement, SR 5/US 1/Federal Highway from CR A1A to Beach Road, FDOT District Four, West Palm Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (<i>If Applicable</i>) 2019 2019	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Roadway Design Engineer. Kimley-Horn was retained by FDOT District Four to conduct a PD&E study for Bascule Bridge No. 930005 in Jupiter. Our team evaluated the following alternatives: 1) Bridge rehabilitation; 2) high-, mid-, or low-level replacement, and various alignment alternatives that included consideration for temporary bridge, full bridge closure, and phased construction with temporary traffic using the existing bridge. Each alternative evaluated updating the bridge to FDOT standards that included options to accommodate pedestrian and bicyclists. Project Cost: \$1,071,560	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (<i>City and State</i>) SR A1A North Causeway PD&E Study, FDOT District Four, Fort Pierce, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (<i>If Applicable</i>) 2018 2018	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Engineer. The SR A1A North Causeway Bridge is a movable bascule bridge that was constructed in 1963. It spans over the Atlantic Intracoastal Waterway (ICWW) connecting the barrier island to the mainland in the City of Fort Pierce. In March 2013 the bridge was inspected and deemed an "operational area of concern." The purpose of this PD&E Study is to evaluate bridge replacement alternatives to resolve the structurally deficient conditions of the existing bridge and enhance regional mobility for the adjacent area. Project Cost: \$1,918,923	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (<i>City and State</i>) Districtwide Traffic Operations 3R Safety Reviews, FDOT District Four, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (<i>If Applicable</i>) 2015 2015	
	(3) BRIEF DESCRIPTION (<i>Brief scope, size, cost, etc.</i>) AND SPECIFIC ROLE Project Engineer. Evaluated the feasibility of retrofitting Broward Boulevard between SR 7 and I-95 interchange to provide dedicated bike lanes. Also reviewed as-built plans and performed design calculations to determine the need for cross-slope and superelevation corrections on I-95 in Martin County. Kimley-Horn will be responsible for establishing the nature of the safety issue, deciding whether it can be corrected through an education/marketing campaign or whether it needs an engineering solution. Project Cost: \$1,666,833	<input checked="" type="checkbox"/> Check if project performed with current firm

		PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (If Applicable) N/A
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing traffic and transportation engineering, grade separation analyses, design traffic, access management, roadway design, environmental analyses, and development of conceptual alternatives as part of our subconsultant services on this PD&E study. The objective is to eliminate vehicle conflicts with existing and future freight and passenger trains in the Florida East Coast (FEC) Rail Corridor while enhancing vehicular and pedestrian traffic flow and safety conditions in the area. Project Cost: \$1,130,538	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) PD&E Study for Jupiter Bascule Bridge Replacement, SR 5/US 1/Federal Highway from CR A1A to Beach Road, FDOT District Four, West Palm Beach, FL	(2) YEAR COMPLETED	PROFESSIONAL SERVICES 2019
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Deputy Project Manager. Kimley-Horn was retained by FDOT District Four to conduct a PD&E study for Bascule Bridge No. 930005 in Jupiter. Our team evaluated the following alternatives: 1) Bridge rehabilitation; 2) high-, mid-, or low-level replacement, and various alignment alternatives that included consideration for temporary bridge, full bridge closure, and phased construction with temporary traffic using the existing bridge. Each alternative evaluated updating the bridge to FDOT standards that included options to accommodate pedestrian and bicyclists. The study effort also included a public involvement component with a public hearing. Project Cost: \$1,963,372	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) PD&E Study for Florida's Turnpike Spur and the HEFT from NW 57th Avenue to Turnpike Mainline, Broward/Miami-Dade Counties, FL	(2) YEAR COMPLETED	PROFESSIONAL SERVICES 2018
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn is providing engineering services for a PD&E study for the widening of the Florida's Turnpike Spur and the HEFT from East of NW 57th Avenue to Mainline in Broward and Miami-Dade counties. Kimley-Horn's role is to provide environmental and public involvement support, as well as to assist with roadway design, structural elements, drainage (including preparation of a Location Hydraulics Technical Memorandum and a Pond Siting Report), permitting, and lighting. Kimley-Horn's role was to provide environmental and public involvement support, as well as to assist with roadway design, structural elements, drainage design, permitting, and lighting. Project Cost: \$858,469	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) SR A1A North Causeway PD&E Study, FDOT District Four, Fort Pierce, FL	(2) YEAR COMPLETED	PROFESSIONAL SERVICES 2018
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Public Involvement Specialist. The SR A1A North Causeway Bridge is a movable bascule bridge that was constructed in 1963. It spans over the Atlantic Intracoastal Waterway (ICWW) connecting the barrier island to the mainland in the City of Fort Pierce. In March 2013 the bridge was inspected and deemed an "operational area of concern." The purpose of this PD&E Study is to evaluate bridge replacement alternatives to resolve the structurally deficient conditions of the existing bridge and enhance regional mobility for the adjacent area. 19. RELEVANT PROJECTS		
a.	(1) TITLE AND LOCATION (City and State) Turnpike PD&E Study to Widen Florida's Turnpike from South of I-595 to Wiles Road, Broward County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) Ongoing N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Roadway Design Engineer. Kimley-Horn was selected for a PD&E Study to evaluate alternative improvements for the widening of a 17-mile segment of Florida's Turnpike from south of I-595 to Wiles Road. The project includes modifications to a portion of the service road and on/off ramps of Pompano service plaza to accommodate Florida's Turnpike widening. Improvements to the existing interchanges in the corridor will be evaluated as well as alternatives for new interchange access locations. Alternatives include build alternatives, including managed lanes, and the no-build alternative. Florida's Turnpike is currently an 8-lane (4 lanes in each direction) limited access facility from I-595 to Atlantic Boulevard and a 6-lane limited access facility from Atlantic Boulevard to Wiles Road. Project Cost: \$7,743,722	<input checked="" type="checkbox"/> Check if project performed with current firm
b.	(1) TITLE AND LOCATION (City and State) I-75 Managed Lane Project (Segments A & B) Design-Build from NW 170th Street to South of Miramar Parkway, FDOT District Four, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2021 2021
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer for 3-mile design-build project from south of Miami Gardens Drive in Miami-Dade County to south of Miramar Parkway in Broward County, including the HEFT interchange. The project will improve I-75's managed lanes network for all motorists and improve mobility, relieve congestion, provide additional travel options and accommodate future growth in the area. Responsibilities for this segment include signing and pavement marking plans, ITS plans development, and post-design and construction phase services. Project Cost: \$3,799,186	<input checked="" type="checkbox"/> Check if project performed with current firm
c.	(1) TITLE AND LOCATION (City and State) I-95 Corridorwide Planning for Operational Deficiencies, US 1 to Broward County Line, FDOT District Six, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2019 2019
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn developed and evaluated improvement concepts and performed a detailed planning level operational analysis for the I-95 corridor within District Six. The analysis included evaluation of the study interchanges, interchange influence areas, and ramp junctions, as well as post-implementation operational conditions of the 95 Express corridor improvements. The purpose of this evaluation was to identify deficiencies focusing on recurring bottlenecks and to develop a series of proposed improvements to address the existing and future demands of the corridor. Cost: \$4,154,809	<input checked="" type="checkbox"/> Check if project performed with current firm
d.	(1) TITLE AND LOCATION (City and State) SR 992/SW 152 St/Coral Reef Drive from SR 821/HEFT to SR 5/US 1/S Dixie Highway Corridor Study, FDOT District Six, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2017 2017
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn developed and evaluated improvement concepts and performed a detailed planning level operational analysis for SR 992/Coral Reef Drive corridor within District Six. Two alternative improvements were proposed for the corridor. Alternative 1 consisted of intersection improvements at constrained intersections with no additional right-of-way required. Alternative 2 proposed to widen the SR 992 corridor from the existing 4-lane section to a 6-lane section to address vehicular traffic needs. Both alternatives also proposed multimodal improvements. These improvements included pedestrian and bicycle improvements at study intersections and transit improvements to enhance and encourage transit ridership. Project Cost: \$164,025	<input checked="" type="checkbox"/> Check if project performed with current firm
e.	(1) TITLE AND LOCATION (City and State) Reconstruction of Krome Avenue from South of SW 296 St to South of SW 232 St, FDOT District Six, Miami-Dade County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES CONSTRUCTION (If Applicable) 2021 N/A
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Deputy Project Manager. Kimley-Horn is provided roadway, signing and marking, signalization, lighting, structures and landscape design. This project is part of the Krome Avenue South Corridor and has several environmentally sensitive areas. This segment of Krome Avenue handles part of the main freight activity in South and West Miami-Dade County, with a daily truck percentage of 15%. The objectives of the project are Safety, as the corridor has been on the High Crash List for 14 years in a row and to improve capacity and correct existing design deficiencies. This project changes the existing typical section from a rural two-lane road into a four-lane divided road. Total Project Cost: \$38,844,016 (construction)	<input checked="" type="checkbox"/> Check if project performed with current firm

	(1) TITLE AND LOCATION (City and State) Fort Lauderdale Breakers Avenue Streetscape Improvements Project, Fort Lauderdale, FL	(2) YEAR COMPLETED	
		PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (If Applicable) N/A
a.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Breakers Avenue lies at the center of the North Beach district in Fort Lauderdale Beach, FL. Breakers Avenue is situated adjacent to A1A, stretching from Riomar St. to Vistamar St., behind the hotels and restaurants that front the beach. The goal of the project is to make Breakers Avenue comfortable, connected, safe, and a memorable destination experience. Breakers Avenue, will become a complete street that reduces the excess pavement, formalizes the seating and gathering spaces, and creates event spaces with the use of street trees, varied seating options, a unified material design, and a pedestrian friendly approach. Project Cost: \$10,000,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Delray Beach Design Services for Lindell Blvd. from Linton Blvd. to US-1/Federal Highway and Barwick Rd. from SR-806/Atlantic Ave. to Lake Ida Rd., Delray Beach, FL	(2) YEAR COMPLETED	
b.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn was selected by the City of Delray Beach to provide civil engineering and design services roadway improvements for approximately 1.3 miles of Lindell Boulevard. The project limits are 200 feet south of Linton Boulevard along SW 10th Avenue to Lindell Boulevard and Lindell Boulevard from SW 10th Avenue to the west side of the Florida East Coast (FEC) Railroad crossing (not including any work within FEC R/W). The project will be administered by FDOT under the Local Agency Program (LAP). In addition to design, project management, and LAP coordination, the project includes pedestrian lighting photometrics design, utility coordination, subsurface utility exploration (SUE), permitting, bidding services, public involvement, and post design services. Project Cost: \$715,769	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Design-Build Criteria Packages for Broward MPO Regional Complete Streets Initiatives, FDOT District Four, FL	(2) YEAR COMPLETED	
c.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn provided professional engineering services for the development of five design-build criteria packages for the following locations in Broward County: Hammondville Road from Powerline Road to west of I-95; NW 31st Avenue from Commercial Boulevard to McNab Road; Powerline Road from Oakland Park Boulevard to Commercial Boulevard; Lauderdale Lakes Greenway from NW 31st Avenue to NW 29th Avenue; and Riverland Road from SR 7/US 441 to SR 842/Broward Boulevard. The MPO requested the construction of new bicycle and pedestrian facilities in the existing right-of-way to improve safety and access for Broward's residents and provide more transportation alternatives. Design services included milling and resurfacing, utility coordination, signing and pavement marking, signal improvements, landscaping, and public involvement. Project Cost: \$1,140,404	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Dixie Highway and Atlantic Boulevard Improvements, Pompano Beach, FL	(2) YEAR COMPLETED	
d.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley- Horn was selected by the City of Pompano Beach to provide professional engineering services for all of Dixie Highway within the City limits along with a segment of Atlantic Blvd. This included shared-use paths along both sides of Atlantic Blvd and separated shared-use path along Dixie Highway. We provided the final design and construction documents for the beautification Gateway elements of Atlantic Boulevard and Dixie Highway to revitalize the downtown area of Pompano. The Dixie Highway project limits are from McNab Road to Sample Road and Atlantic Boulevard from I-95 to Cypress Road. This project is part of the City of Pompano Beach GO Bond program and includes beautification of the roadway to include paving, drainage improvements, sidewalks, lighting, parking, multiuse trails, landscaping, irrigation, and curbing. Project Cost: \$2,495,340	<input checked="" type="checkbox"/> Check if project performed with current firm	
	(1) TITLE AND LOCATION (City and State) Sand Lake Road Interchange Design, Florida's Turnpike Enterprise, Orlando, FL	(2) YEAR COMPLETED	
e.	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is leading the design services for the implementation of a new interchange at the crossing of the Florida's Turnpike and Sand Lake Road. The project includes the reconstruction of the Sand Lake Road Bridge over Florida's Turnpike and providing tolling sites for two of the four interchange ramps. Additionally, the project includes extensive coordination with Florida Gas Transmission for possible conflicts with their facilities. Project Cost: \$610,506	<input checked="" type="checkbox"/> Check if project performed with current firm

a.	(1) TITLE AND LOCATION (City and State) Kendall Regional Medical Center Bed Tower Vertical Expansion and Parking Garage, Plantation, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing general traffic engineering and transportation planning services as part of an on-call contract with the City. Kimley-Horn serves as an extension of the City of Fort Lauderdale staff reviewing traffic impact studies and parking analyses. Duties to date have included peer review of traffic impact and parking studies, site plan review, and representation at public hearings. Additional projects have included development of a corridor study to support lane reductions along SR A1A and development of a Greenways Plan to complement multimodal transportation options within the corridor. Project Cost: \$400,000	<input checked="" type="checkbox"/> Check if project performed with current firm	
b.	(1) TITLE AND LOCATION (City and State) Motif (Formerly Metropolitan Apartments), Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn provided professional civil and traffic engineering services for the development of a two-floor, 130,000-square-foot bed tower and parking garage. The firm provided master planning services, including onsite design development, project phasing, temporary helipad evaluation, and construction documents for the construction of the new bed tower. Additionally, the team met with Miami-Dade County DOT and Public Works to determine requirements for a traffic impact analysis (TIA) that included methodology determination, traffic data collection, trip generation, capacity analysis, and maneuverability analysis. Project Cost: \$68,010	<input checked="" type="checkbox"/> Check if project performed with current firm	
c.	(1) TITLE AND LOCATION (City and State) Las Olas Boulevard and Colee Hammock Neighborhood Traffic Calming, Fort Lauderdale, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Located on Andrews Avenue in Fort Lauderdale, Kimley-Horn provided professional site civil and traffic engineering services for this mixed-use project that includes a six-story residential building surrounding a central seven-story parking garage, 385 residential units, and 25,000 square feet of retail space. Kimley-Horn's responsibilities included due diligence, site plan approval, site design and permitting, and civil design services including stormwater collection and routing, paving and grading plans, surrounding parking, drive areas, and roadway improvements. Project Cost: \$376,400	<input checked="" type="checkbox"/> Check if project performed with current firm	
d.	(1) TITLE AND LOCATION (City and State) Motorola at Plantation Pointe, Plantation, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn assisted the City with preliminary designs for the reconfiguration of Las Olas Boulevard, which resulted in the City implementing a pilot project for temporary lane elimination and buffered bike lanes. Our services also addressed traffic circulation, safety, multimodal mobility, and quality-of-life issues along the Las Olas Boulevard corridor. The project also included a traffic calming study for the Colee Hammock neighborhood. Improvements included enhanced crosswalks, raised intersection, and warning lights for improved safety. For Colee Hammock, our team provided plans for roadway design, signing and pavement markings, lighting improvements, and permitting application preparation. Project Cost: \$153,263	<input checked="" type="checkbox"/> Check if project performed with current firm	
e.	(1) TITLE AND LOCATION (City and State) Motorola at Plantation Pointe, Plantation, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2018	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn provided civil engineering services and traffic engineering services for this office park. Kimley-Horn was responsible for drainage due diligence, site plan support, traffic concurrency evaluations, environmental mitigation permitting, and civil design services. The project included the preparation of design documents and multi-phase plan sets. The team used design documents and calculations to submit permitting documents for local government approval and FDOT approval. Project Cost: \$26,000	<input checked="" type="checkbox"/> Check if project performed with current firm

	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn serves as the District's Signal Retiming consultant. Task Work Order efforts include development of rail signal timing technologies and strategies, identification and development of context sensitive signal timing strategies for Broward County's top congested corridors, and miscellaneous support on other signal timing initiatives. Project Cost: \$72,407	<input checked="" type="checkbox"/> Check if project performed with current firm	

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME John McWilliams, P.E.	13. ROLE IN THIS CONTRACT Signalization	14. YEARS EXPERIENCE a. TOTAL 26	b. WITH CURRENT FIRM 24
15. FIRM NAME AND LOCATION (City and State) Kimley-Horn and Associates, Inc., Plantation, FL			
16. EDUCATION (DEGREE AND SPECIALIZATION) Bachelor of Science / Civil Engineering / Ohio Northern University		17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE) FL / Professional Engineer / 62541	
18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.) John has more than 26 years of traffic engineering and transportation planning experience in South Florida. This experience includes traffic impact studies multimodal planning/design, and site plan development. John graduated with a Bachelor of Science in Civil Engineering from Ohio Northern University and is a member of the Urban Land Institute (ULI) and the Institute of Transportation Engineers (ITE). He served as the transportation project manager for numerous Transit-Oriented Development (TOD) projects throughout South Florida, including Brightline's Fort Lauderdale Station, Grove Central, Dolphin Station, and Miami Central. His services on these projects include traffic impact analysis (TIA), station site plan development, and agency permitting services. John's clients include Florida Department of Transportation (FDOT), City of Pompano Beach, and City of Aventura.			
19. RELEVANT PROJECTS			
a.	(1) TITLE AND LOCATION (City and State) The Underline Phase I, II, and III Design Criteria Package, Miami, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn is providing professional services to Miami-Dade County to develop a design-build criteria package for the Underline, a 10-mile linear trail and urban park underneath Miami's elevated Metrorail line. Services included utility coordination, development of design standards, schematic layouts for six intersection crossings, including bike lanes and pedestrian crossings, signage, pavement markings, and signal modifications. Design criteria for landscape architectural features and amenities was also included. Project Cost: \$589,872	CONSTRUCTION (If Applicable) N/A	
b.	(1) TITLE AND LOCATION (City and State) Isle Casino Pompano Park Redevelopment Traffic Services, Pompano Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. Kimley-Horn is providing professional traffic engineering services for this redevelopment project. Our specific services include a Land Use Plan Amendment (LUPA) Traffic Circulation Analysis, traffic impact study, Florida Department of Transportation (FDOT) traffic impact study, intersection capacity analysis, conceptual roadway plans, meeting coordination, signal warrant analysis, and trip generation analysis. Project Cost: \$276,180	CONSTRUCTION (If Applicable) 2022	
c.	(1) TITLE AND LOCATION (City and State) Pembroke Lakes Redevelopment, Pembroke Pines, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn provided professional consulting services for the proposed Pembroke Lakes Shopping Center located at 11401 Pines Boulevard in Pembroke Pines, FL. Our services included national resource assessment and wetland delineation, conceptual civil engineering services, traffic engineering services, conceptual drainage review, entitlements including land use plan amendment, rezoning, platting, DRI Development Order amendment. Project Cost: \$15,000	CONSTRUCTION (If Applicable) 2022	
d.	(1) TITLE AND LOCATION (City and State) Miami-Dade Advanced Traffic Management System (ATMS) (KITS), Miami-Dade County, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2019	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Engineer. Kimley-Horn provided systems integration and deployment services for the countywide ATMS software capable of managing 4,000 traffic signals and ancillary field devices using both serial and IP wired/wireless communications. The system supported type 170 controllers with BI Tran 233 firmware and was upgraded to support an Advanced Technology Controller. More than 2,800 intersections are online. The KITS system in Miami-Dade includes integration of reversible lane control systems, CCTV cameras, emergency route preemption, transit priority operations, and intersection operations with specialized transit-only right-of-way. Kimley-Horn also provided integration cut-over services, system operations, signal timing, concept of operations planning, and TMC design services to the County under this multi-year ITS support contract. Project Cost: \$22,000,000	CONSTRUCTION (If Applicable) 2019	
e.	(1) TITLE AND LOCATION (City and State) Pompano Beach East Transit Oriented Corridor (ETOC) Transportation Analysis, Pompano Beach, FL	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2014	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE Project Manager. The City of Pompano Beach CRA selected Kimley-Horn to provide transportation support services for a land use plan amendment along the Atlantic Boulevard corridor to allow for increased residential/mixed-use density and improve walkability/connectivity. Duties included corridor operations analysis, transportation systems management/geometric improvements, neighborhood protection and enhancement plans, and community outreach/workshops. Project Cost: \$87,794	CONSTRUCTION (If Applicable) 2014

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn was selected by the City of Pembroke Pines to design a new distribution system to meet all water demands, provide system redundancy, improve operation and maintenance, and focus on minimizing project costs through accurate hydraulic modeling and efficient design. To implement these improvements, Kimley-Horn is providing a water demand analyst including water supply availability, peak flows, fire flow requirements, water service connection points, meter box locations, and hydraulic modeling for a proposed water distribution system. Kimley-Horn is also providing a wastewater system analysis required for septic to sewer conversion. Project Cost: \$11.9 million

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

Kimley-Horn is providing professional engineering services for the design and construction of a drainage collection system with water quality treatment measures for the residential neighborhood known as Shores Estates. Improvements consist of underground piping, a stormwater pump station, and an outfall connection to the adjacent canal system. Professional services include surveying, stormwater analysis, civil and electrical engineering design, landscaping and irrigation, permitting, coordinating with utility providers, preparing quantity calculations, and engineer's estimates of probable costs. The construction phase services will include site visits, pay application review, responding to RFIs, and project closeout/certifications. Project Cost: \$225,000

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

This 6.4-acre park in Hallandale Beach Park was part of the City-wide park master plan that set forth a program to enhance 13 of the City's parks and recreation areas in support of community-wide goals and neighborhood needs. As part of the development, the park included a 42,000-square-foot multigenerational facility that included a teen center, indoor basketball courts, after school and senior programming, exercise room, administrative offices, and other accessory uses for computer and dance classes, food distribution, and other programming for all ages. The exterior park amenities included a walking trail, playground, tennis courts, a field house, and a football/soccer field. Additionally, the park improvements included a centrally located surface parking lot, site infrastructure, and landscaping. Kimley-Horn provided master planning, landscape architecture, engineering design and permitting services, as well as construction observation and administration. This is a LEED Gold certified project. Project Cost: \$15,508,000

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT *(Include scope, size, and cost)*

Kimley-Horn was selected by the Town of Southwest Ranches to develop the Town's first Stormwater Master Plan (SWMP). The SWMP study area included the entire Southwest Ranches municipal limits, which is a total of 13 square miles. Major work tasks included the assessment of existing stormwater systems and parameter conditions; analysis of local drainage water control plans; the development of existing conditions baseline stormwater modeling, analyzing floodplain and risks to the project area; the development of proposed conditions modeling with impacts of sea level rise; the development of quantifiable metrics and key performance indicators, identification of proposed stormwater sites and/or projects; analysis of performance against LOW standards; develop a 10-year Stormwater Capital Improvement Plan; and final summary and recommendations. Kimley-Horn provided the following the development of services: asset management, data review and collection, the hydrologic and hydraulic modeling development, capital improvement planning, town comprehensive plan/code/ordinance review, GIS services, watershed evaluation and drainage basin analysis, stormwater master plan development, community rating system, resiliency, public outreach, and grant coordination. Project Cost: \$ 220,000

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

As part of a landscape architecture continuing services agreement, the City of Sunrise tasked Kimley-Horn with the design of an expansion and major improvements to Welleby Park, located at NW 44th Street and Hiatus Road within the City. As part of the project, the City incorporated a former FPL-owned property located northwest of the developed park property. The existing building and outdoor storage yard were demolished, and the site was improved with park amenities as identified by a park master plan prepared by another consultant.

The City identified a park program comprised of the following: additional parking, grading and drainage improvements, dog park facilities, a stand-alone restroom building, completing an off-street loop for the park trail system, playground area improvements, relocating a sand volleyball court, a new safety town play feature, 800-square-foot addition to the existing park community building as well as a reconfigured patio space, and a boardwalk at the lake's edge to replace portions of existing chain link fence. Project Cost: \$2,700,000 (construction)

-----------------------------------	---	--

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

The City of Wilton Manors is pursuing construction plans for the NE 26th Street Roadway Improvements project. Kimley-Horn understands the City of Wilton Manors faces a number of challenges related to planned growth and redevelopment that will inevitably lead to necessary improvements and the expansion of existing resources. Project improvements include widening the existing 5' sidewalk to 7' along both the north and south sides of the NE 26th Street corridor from Dixie Highway at the western limits to the eastern City limits at the existing bridge over the Middle River. The sidewalk widening will require the reduction in travel lane widths from 11' to 10' for all four travel lanes. The improvements will include new sidewalks, curbs and milling and resurfacing, and associated striping for the corridor. Kimley-Horn provided the following services: planning, urban design, landscape architecture, construction engineering, civil engineering, site plan review, traffic engineering, right-of-way engineering, environmental engineering, sediment and erosion control, NPDES management, construction engineering inspections, mechanical and electrical engineering, project management, contract administration, GIS/Mapping services, and construction management. Project Cost: \$235,720

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

This project consists of expanding the City of Hollywood's existing sanitary sewage collection system across the north central area of the City and converting approximately 1,700 properties from private on-site wastewater treatment (septic) systems and private sewage lift stations to public collection and conveyance systems. Proposed sanitary sewer system expansion improvements include:

- Over 14 miles of new gravity sanitary sewer collection mains ranging from 8-inch to 24-inch diameter and manholes within two sanitary basins
- Trenchless pipeline installation under CSX right-of-way
- Design of upgrades to existing City of Hollywood Sewage Lift Station W-09 to provide sufficient additional capacity to handle projected flows from East Basin
- Design of new sanitary sewage lift station W-25 to serve the West Basin, including designing a shell building that is aesthetically similar to the surrounding homes.
- Decommissioning of several smaller City-owned lift stations
- Approximately 4,600 LF of new 10 to 12-inch discharge force main connecting to an existing 30-inch transmission force main

Project Cost: \$890K

Lift Station E-06

21. TITLE AND LOCATION (City and State) Fort Lauderdale Executive Airport (FXE) Master Drainage/Conceptual Environmental Resources Permit (ERP) Project Fort Lauderdale, FL	22. YEAR COMPLETED PROFESSIONAL SERVICES 2020	
		CONSTRUCTION (if Applicable)

23. PROJECT OWNER'S INFORMATION

a. PROJECT OWNER City of Fort Lauderdale, FL	b. POINT OF CONTACT NAME Khart Myatt, P.E.	c. POINT OF CONTACT TELEPHONE NUMBER 954.868.5061
---	---	--

24. BRIEF DESCRIPTION OF PROJECT AND RELEVANCE TO THIS CONTRACT (Include scope, size, and cost)

The Fort Lauderdale Executive Airport (FXE) is located within the City of Fort Lauderdale. The site operates as a general aviation airport with the capacity to serve all aircrafts other than commercial airliners. The airport consists of two asphalt runways, taxiway space, an air traffic control tower, U.S. Customs and Border Protection Facility, rescue and firefighting services, airport security, police sub-station, and fixed-base operators (FBOs), as well as 200 acres of industrial airpark space consisting of office, warehouse, and manufacturing spaces.

The project included a master Conceptual Environmental Resource Permit for 692 acres of the airport to set consistent permitting parameters for future development. Having consistent permitting parameters would allow for the same minimum finished floor elevations and average grades throughout the airport property, which would allow for better aircraft maneuverability. In addition, the City also sought a Letter of Map Revision (LOMR) to revise the effective FEMA Flood Insurance Rate Map (FIRM) and associated Flood Insurance Study (FIS) within the project area which was done to assist in leveling the elevation requirements being mandated by the multiple flood zones within the airport property.

Prior to this project, FXE did not have an ERP for its property. Without an ERP, each development required a standalone permit which did not allow for the overall benefit and development of the FXE property. The purpose of the ERP was to conceptually approve the design concepts of a phased development master plan for a surface water management system as long as the general guidelines set forth in the ERP were upheld. The scope included pre-design services, existing utility coordination, stormwater modeling, schematic plans, conceptual design permit plans, and permitting. Project Cost: \$313,762

EXECUTIVE SUMMARY/FIRM OVERVIEW

Founded in 1967, Kimley-Horn and Associates, Inc. is a full-service multidisciplinary firm. Today, Kimley-Horn has more than 7,500 employees in over 120 offices throughout the United States, offering a full range of consulting services to local, regional, national, and international clients. In Florida alone, there are more than 1,400 employees in 20 offices. Kimley-Horn takes great pride in our unique approach to providing professional services that are based on our commitment to serving our clients with responsive, proactive consulting professionals. Our hands-on and collaborative approach to consulting enables our team to deliver the high level of personal service you expect. **We will work with your staff to establish goals and then draw upon our experience to formulate innovative and cost-effective approaches—this is the Kimley-Horn difference.**

General Civil

Kimley-Horn's long history of civil engineering services includes both public-sector facilities and private land development. The firm has provided comprehensive civil engineering services for site planning and site work, survey, design, utilities, permitting, bid phase assistance, and construction observation. We also provide site investigations with Phase I environmental audits and natural resource inventories. Our expertise in anticipating and addressing a wide range of issues enables our engineers and planners to provide innovative solutions, successful permitting, and on-time completions.

Water and Wastewater Engineering

Kimley-Horn's staff of professionals have award-winning experience in the design of water treatment and distribution systems (including the design of wells, master pumping stations, and water storage facilities). The firm's water treatment and distribution expertise ranges from systems as simple as aeration/chlorination to reverse osmosis, membrane softening, ion exchange, and distillation. The firm's capabilities encompass all planning, design, permitting, and construction observation services required from the onset of a project through the approval process to plant startup and operational testimony. Our team has the necessary expertise to provide you with services related to wastewater infrastructure, including lift station design, force main systems, gravity systems, computer modeling, permitting, rehabilitation, and mapping.

Water Resources

Kimley-Horn's staff of professionals have award-winning experience in the design of water treatment and distribution systems (including the design of wells, master pumping stations, and water storage facilities). The firm's water treatment and distribution expertise ranges from systems as simple as aeration/chlorination to reverse osmosis, membrane softening, ion exchange, and distillation. The firm's capabilities encompass all planning, design, permitting, and construction observation services required from the onset of a project through the approval process to plant startup and operational testimony.

Stormwater

Our expertise includes hydrological and hydraulic analyses, surveying, planning, permitting, stormwater quantity and quality issues, and the design of all water control structures ranging from pipes, culverts, and canals to major water control and pump structures. We have designed culvert crossings, roads, levees, and bridges. Representative project areas range in size from 400 to more than 130,000 acres, and our engineers have been called upon by numerous public agencies as well as major agricultural, industrial, and residential developers. Our staff has the expertise to conduct preliminary studies, prepare stormwater management plans, and coordinate permit applications on behalf of our clients.

Coastal Engineering

As specialists in the planning and design of marinas and waterfront developments, Kimley-Horn has completed a significant number of projects for both public- and private-sector clients. This experience is as diverse as it is varied in levels of complexity. Our experience has involved assessing and/or designing marine and coastal structures, including seawalls/bulkheads, revetments, piers, docks, mooring facilities, rock groins and breakwaters, and other coastal structures.

Environmental

Kimley-Horn maintains an experienced team of environmental scientists, geologists, hydrogeologists, biologists, planners, and field technicians with expertise in a wide range of environmental planning and problem-solving services, including permitting, site location studies, environmental assessment reports, and environmental analyses. This team is familiar with regional issues and interacts daily with federal, state, and local government agencies. They stay abreast of current environmental regulations and regularly participate in rule-making decisions to understand how proposed changes affect environmental permitting and regulations.

Aviation

Kimley-Horn began providing aviation consulting services in the early 1970s; since then, we have offered comprehensive consulting services across the world, from general aviation facilities to large commercial hubs. We are proud to have served more than 650 airports and completed more than 1,300 airfield projects. Our aviation experience includes asset management, parking management, comprehensive airport planning, design, construction administration, site selection, and environmental assessments.

Transportation

Kimley-Horn has designed more than 5,000 miles of roadway ranging from local street modifications to interstate roadway design. We are well-equipped to address all related aspects of roadway design projects such as intersection geometrics, utility relocations, traffic control, signalization, structural/bridge design, and other features. Kimley-Horn is also a leading consultant in the planning of regional and statewide transportation systems, corridor studies, transportation demand management programs, and transportation impact assessments. The firm has assisted numerous local and state agencies in developing transportation plans and

Exhibit "B"

programs for both short-term and long-range improvements. These and other assignments in transportation planning and network analysis, economics, urban and regional planning, and engineering design have positioned us as a national leader in the constantly evolving transportation field.

FDOT

Kimley-Horn has extensive knowledge and understanding of FDOT methodologies and design. As a leading engineering and planning firm, Kimley-Horn has served the Florida Department of Transportation (FDOT) for more than 50 years. We have successfully completed projects and have ongoing contracts with all seven (7) Districts, as well as Florida's Turnpike Enterprise and Central Office. Our team of highly skilled professionals is well-versed in FDOT's guidelines and specifications, ensuring that our designs and solutions align seamlessly with their requirements and goals. We have a deep understanding of FDOT's project development process, from planning to design, construction, and maintenance. This holistic understanding allows us to provide innovative and efficient solutions that meet FDOT's standards and add value to projects. Kimley-Horn's commitment to staying up-to-date with FDOT's evolving methodologies and design practices enables us to deliver successful projects that enhance transportation infrastructure in Florida.

Structural

Our structural engineers are experienced in bridge design, industrial facilities planning, stormwater and water management structures, and the design of municipal facilities and transportation-related structures like overhead signs. Our experience with a variety of structural systems, including steel beam and girder structures, post-tensioned box girder, and precast and conventional reinforced concrete, enables us to readily address your needs, schedule, and budget. Kimley-Horn offers you expertise in the design, construction inspection, and evaluation of buildings, parking facilities, water control structures, bridges, and roadway structures. Our engineers are well-versed in local, state, federal, and national design codes, and requirements. The strength of our design approach is versatility and depth.

Landscaping

Kimley-Horn offers landscape architecture, streetscape, redevelopment, park planning, and urban design for municipalities nationwide. As areas continue to grow, urban design, streetscape design, and landscape architecture have become integral components of infrastructure improvements. We provide services in feasibility studies, master planning, design, permitting, public participation and consensus building, and construction administration. The firm's landscape architects and urban planners have extensive public and private sector experience, ranging from multifamily residential developments to municipal streetscapes and roadway improvements. Our planners and landscape architects emphasize the development of pleasing visual environments, meaningful themes, distinctive images, and strong senses of place while being sensitive to the client's budget and long-term maintenance obligation.

Mechanical, Electrical, and Plumbing (MEP) Engineering

Kimley-Horn's mechanical, electrical, and plumbing (MEP) practice has completed numerous projects nationwide. Our MEP group utilizes the latest technology including energy modeling, BIM, and electrical studies to improve design coordination and identify potential issues prior to construction. Our clients include municipal, industrial, manufacturing, research, higher education, airports, and commercial clients. Our MEP practice is comprehensive, providing studies, design, cost estimating, construction phase services, and start-up and close-out services.

Geotech, Hydrology & Hydraulic

Our staff has a strong working knowledge of WaterCAD, WaterGEMS, StormCAD, and ICPR as they are regularly involved with water system modeling projects. We have provided modeling services to many of our South Florida clients for a variety of systems including water, wastewater, reuse, and stormwater. For example, we developed Martin County's first hydraulic model of their water supply system back in 1992 and to this day still provide modeling services to them as their system continues to grow and mature. Kimley-Horn also can integrate water supply hydraulic models with GIS systems using WaterGEMS software.

GIS/Survey

The main purpose of a geographic information system (GIS) is to process spatial information. Kimley-Horn uses GIS concepts to facilitate the integration and management of spatial data. Global positioning systems (GPS) equipment can also be used to capture data quickly and efficiently for use in a GIS. We have used GIS concepts in previous projects to focus on the organization of information and the design of information systems. GIS integrates many diverse areas of information into a single, cohesive decision support system. We use GIS to establish and maintain background databases, perform automated analysis for alternative corridor locations, quantify environmental impacts, assess historical change, and provide advanced support in the preliminary design process.

Master Planning

Kimley-Horn's master plans are interdisciplinary. We have a keen understanding of the interrelationships between urban design, land use, transportation, economic development, and placemaking. We are prepared to facilitate a community's vision, conceptualize short- and long-term improvement strategies, and begin implementation by revising appropriate policies, codes, and ordinances. The ultimate mission of our highly qualified professionals is to capture the spirit and aspirations of your community through a tailored, realistic, and creative master plan.

Grant Writing

Kimley-Horn understands that obtaining successful funding and the identification of potential public and private sources is critical to your projects, and we will work to identify alternative funding and financing strategies within multiple categories. The Kimley-Horn team often deals with the complex regulations tied to the local use of federal funding and has been successful in obtaining grants for many municipalities. The Kimley-Horn project team will provide insight into the opportunities available, and the procedures required to obtain funding. Kimley-Horn has aided our clients resulting in more than \$247 million in grants and outside funding. Recently, we were successful in helping the City of Boynton Beach obtain an award for \$16,500,000, and the City of Hollywood secured \$3,435,000 for lift station and wastewater infrastructure improvements and \$400,000 for a Floodplain Management Plan.

APPROACH TO ON-CALL CONTRACTS

On-call contracts require a different approach from typical project-specific contracts. For the projects anticipated to develop from this contract, your project manager's approach will be specific based on the necessary disciplines required to complete the assignment effectively. At Kimley-Horn, we understand that responsiveness is of the utmost importance. Kimley-Horn recognizes that strong project management techniques are necessary to complete all the County's projects. Our standard management practices are outlined in a formal manual published by the firm entitled Project Manager's Manual. This document establishes the firm's policy, which requires the project manager to prepare a detailed work plan and management plan for each project, no matter the scale or complexity of the project. This includes a plan for controlling and directing all elements of the project, including schedule and budget.

Ability to Meet Schedule and Budget

Effectively controlling design costs involves different techniques, a thorough understanding of the project scope of services, and management tools to track/assess design budgets. Often during design, requests are made by project reviewers, agencies, and other involved parties that may encompass project expansion to account for unanticipated improvements. Although making the necessary changes from the design perspective may be minor, there could be significant impacts on construction costs. By thoroughly understanding the scope we will alert the appropriate person to a request that will impact the project design and construction costs early in the process. Managing scope creep is the most effective way to control both design and potential construction costs. Kimley-Horn understands our team's current workload and capacity to take on additional work without impacting our ability to serve our clients. Kimley-Horn uses a proactive management information system (MIS) to continuously track our financial performance and productivity, accurately forecasting technical and manpower needs. One key element of the MIS is a proprietary manpower forecasting tool we call the castahead system.

Castaheds

Kimley-Horn understands our team's current workload and capacity to take on additional work without impacting our ability to serve our clients. Kimley-Horn uses a proactive management information system (MIS) to continuously track our financial performance and productivity, accurately forecasting technical and manpower needs. One key element of the MIS is a proprietary manpower forecasting tool we call the **castahead** system.

This system is accessible by our project managers. It is a means of tracking and managing our staffing requirements and meeting client schedule commitments. Updated monthly, the castahead system forecasts our workload for the next month and the upcoming six-month period. This process ensures that staff is available to meet contracted project schedules.

The input required of the project managers includes individual project names, as well as requests for specific personnel to work on client projects they manage. The combined input from all project managers is compiled and distributed in the form of a report to project managers and regional management for review at monthly manpower allocation meetings. Work overloads or shortages for specific personnel, individual offices, and disciplines are tabulated and resolved. Imbalances are resolved through internal shifts of personnel between offices. The objective is to balance the workload in a manner that maximizes the use of production staff while ensuring that all client project requirements are achieved and that client deadlines are met.

Based on a review of our castahead system, we can assure the City of Pembroke Pines that the staff members selected for this team are available immediately to serve the City and are in an excellent position to handle the workload.

SUBCONSULTANTS

Stoner & Associates, Inc.

Stoner & Associates, Inc. was founded in September of 1988 by James D. Stoner, P.S.M. whose mission is to provide quality Land Surveying services, while utilizing the latest technology and techniques. **Stoner & Associates, Inc.** is a Professional Land Surveying Consultant to numerous municipalities, including, Broward County Aviation Department, South Florida Water Management District, Broward College, Town of Davie, City of Fort Lauderdale, and City of Sunrise. **Stoner & Associates, Inc.** has performed Land Surveys for most municipalities and numerous governmental agencies and private clients within the Tri-County Area.

Tierra South Florida, Inc.

TSFGeo, is a full-service consulting Geotechnical Engineering, Construction Materials Testing, and Inspections firm with capabilities to provide test borings, engineering analyses and reports, AutoCAD and MicroStation plan sheets, laboratory soils testing, and construction engineering inspection services. Their professional team is committed to providing quality, responsive service, establishing a reputation for sound approaches and professional competence in a wide range of technically demanding areas. Their services also include threshold/special inspection and roofing inspection services. TSFGeo is a certified **Disadvantaged Business Enterprise (DBE)** with the Florida Department of Transportation and a certified **Small Business Enterprise (SBE)** with the SFWMD, the City of WPB, and Pinellas County. Their main office is in West Palm Beach, Florida with branch offices in Miami Lakes, Tampa, and Orlando, Florida. Their staff includes principal engineers with more than 36 years of experience in geotechnical, construction, laboratory and field materials testing, and inspection services. TSFGeo features a master's degree level or higher educational background amongst the majority of their Registered Professional Engineers and maintain licenses in the State of Florida.

H2R Corp possesses pioneering new technology, providing exceptional geotechnical and material testing services and striving to be a Total Solution Provider for their client's design and construction needs. The resources of H2R Corp include full-service laboratories, geotechnical engineering services, and drilling/field exploration equipment located in Pompano Beach. The excellence in geotechnical engineering, field exploration, foundation testing, soil improvement engineering, and construction inspection services have been established in the market for nearly 50 years. H2R's Pompano Beach laboratory is certified and validated by multiple agencies such as the US Army Corps of Engineers (USACE), Florida Department of Transportation (FDOT), Construction Materials Engineering Council (CMEC), and the American Association of State Highway and Transportation Officials Materials Reference Laboratory (AASHTO/AMRL). H2R is guided by expert personnel with the purpose to successfully deliver on client projects and help their partners meet project and performance goals.

Engenuity Group, Inc.

Engenuity Group, Inc. was founded in 1978 to provide professional civil engineering services to the South Florida community. Engenuity Group offers a full range of services in Civil Engineering, Surveying, GIS Mapping, and Construction Contract Administration. For 40 years Engenuity Group has been providing professional services to their clients and are dedicated to the development and economic prosperity of the local community, whether they are in the private sector or public sector, whether they are urban land developers or agricultural enterprises.

OUR COMMITMENT TO YOU

Kimley-Horn is pleased to submit this Statement of Qualifications to provide the City of Pembroke Pines with professional consulting services in the following categories: General Civil and Environmental Engineering Services, MEP Engineering Services, Geotechnical Services, Structural Engineering Services, Land Surveying Services, Landscape Architectural Services, and FDOT Roadway Engineering Services. We have selected a talented and experienced group of professionals with extensive local experience to serve you on this contract. Kimley-Horn pledges our full commitment to assist in developing the best solutions for all your project needs.

With an office located in Fort Lauderdale, 9.2 miles from City Hall, we can be to you at a moment's notice. We know that we can only exceed your expectations if we listen to what you say, anticipate project needs, and develop strategies to help ensure success in meeting your project goals—and that is the strategy we utilize.

The Kimley-Horn team is dedicated to partnering with the City on engineering services associated with this RFQ. Our goal is to provide you with technical excellence delivered in a professional, timely, and economical manner. Our project team will be readily available to serve you and deliver high quality results our firm is known for. Kimley-Horn looks forward to building a relationship with the City of Pembroke Pines and we appreciate the opportunity to submit our qualifications for this contract.

Stefano Viola, P.E., Vice President

Kimley»Horn

Certificate of Secretary

To Whom It May Concern:

I am the duly qualified and acting Secretary of Kimley-Horn and Associates, Inc., a North Carolina Corporation.

The following is a true copy of a resolution duly adopted by the Board of Directors of the corporation at the Board meeting held on December 14, 2023 and entered in the minutes of such meeting in the minute book of the corporation.

"The Board unanimously approved the contract signing authority of employees as presented." (Copies of the employee lists as presented are enclosed.)

The resolution is in conformity with the articles of incorporation and bylaws of the corporation, has never been modified or repealed, and is now in full force and effect.

Dated:

Richard N. Cook, Secretary

(corporate seal)

Kimley-Horn and Associates, Inc.
FULL CONTRACT SIGNING AUTHORITY
December 14, 2023

The following individuals have authority to sign both standard and non-standard agreements directly related to serving clients ("Project Agreements"). Project Agreements include client contracts, subcontracts, project-specific vendor agreements, IPO's, contract amendments, non-disclosure agreements, teaming agreements, project-specific equipment and facility rental agreements for specific projects, and certifications related to proposals. This document does not grant authorization to sign other types of contracts or legal documents not directly related to client service such as office leases, software purchase or license agreements, tax returns, purchase agreements for supplies, or agreements to procure accounting, legal, recruiting, or similar services.

Kimley»Horn

Certificate of Secretary

To Whom It May Concern:

I am the duly qualified and acting Secretary of Kimley-Horn and Associates, Inc., a North Carolina Corporation.

The following is a true copy of a resolution duly adopted by the Board of Directors of the corporation at the Board meeting held on December 14, 2023 and entered in the minutes of such meeting in the minute book of the corporation.

"The Board unanimously approved the contract signing authority of employees as presented." (Copies of the employee lists as presented are enclosed.)

The resolution is in conformity with the articles of incorporation and bylaws of the corporation, has never been modified or repealed, and is now in full force and effect.

Dated:

Richard N. Cook, Secretary

(corporate seal)

Kimley-Horn and Associates, Inc.
FULL CONTRACT SIGNING AUTHORITY
December 14, 2023

The following individuals have authority to sign both standard and non-standard agreements directly related to serving clients ("Project Agreements"). Project Agreements include client contracts, subcontracts, project-specific vendor agreements, IPO's, contract amendments, non-disclosure agreements, teaming agreements, project-specific equipment and facility rental agreements for specific projects, and certifications related to proposals. This document does not grant authorization to sign other types of contracts or legal documents not directly related to client service such as office leases, software purchase or license agreements, tax returns, purchase agreements for supplies, or agreements to procure accounting, legal, recruiting, or similar services.

DRUG FREE WORKPLACE CERTIFICATE

I, the undersigned, in accordance with Florida Statute 287.087, hereby certify that, (print or type name of firm)
Kimley-Horn and Associates, Inc.

- Publishes a written statement notifying that the unlawful manufacture, distribution, dispensing, possession or use of a controlled substance is prohibited in the workplace named above, and specifying actions that will be taken against violations of such prohibition.
- Informs employees about the dangers of drug abuse in the work place, the firm's policy of maintaining a drug free working environment, and available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug use violations.
- Gives each employee engaged in providing commodities or contractual services that are under bid or proposal, a copy of the statement specified above.
- Notifies the employees that as a condition of working on the commodities or contractual services that are under bid or proposal, the employee will abide by the terms of the statement and will notify the employer of any conviction of, pleas of guilty or nolo contendere to, any violation of Chapter 1893, or of any controlled substance law of the State of Florida or the United States, for a violation occurring in the work place, no later than five (5) days after such conviction, and requires employees to sign copies of such written (*) statement to acknowledge their receipt.
- Imposes a sanction on, or requires the satisfactory participation in, a drug abuse assistance or rehabilitation program, if such is available in the employee's community, by any employee who is so convicted.
- Makes a good faith effort to continue to maintain a drug free work place through the implementation of the drug free workplace program.

"As a person authorized to sign this statement, I certify that the above named business, firm or corporation complies fully with the requirements set forth herein".

Cassie Sylvia
KIMLEY-HORN AND ASSOCIATES, INC.
189 South Orange Avenue, Suite 1000
Orlando, Florida 32801

Dear Ms. Sylvia:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following types of work:

- Group 2 - Project Development and Environmental (PD&E) Studies
- Group 3 - Highway Design - Roadway
 - 3.1 - Minor Highway Design
 - 3.2 - Major Highway Design
 - 3.3 - Controlled Access Highway Design
- Group 4 - Highway Design - Bridges
 - 4.1.1 - Miscellaneous Structures
 - 4.1.2 - Minor Bridge Design
 - 4.2.1 - Major Bridge Design - Concrete
 - 4.2.2 - Major Bridge Design - Steel
- Group 5 - Bridge Inspection
 - 5.1 - Conventional Bridge Inspection
 - 5.3 - Complex Bridge Inspection
 - 5.4 - Bridge Load Rating
- Group 6 - Traffic Engineering and Operations Studies
 - 6.1 - Traffic Engineering Studies
 - 6.2 - Traffic Signal Timing
 - 6.3.1 - Intelligent Transportation Systems Analysis and Design
 - 6.3.2 - Intelligent Transportation Systems Implementation
 - 6.3.3 - Intelligent Transportation Traffic Engineering Systems Communications
 - 6.3.4 - Intelligent Transportation Systems Software Development

1

- Group 7 - Traffic Operations Design
 - 7.1 - Signing, Pavement Marking and Channelization
 - 7.2 - Lighting
 - 7.3 - Signalization
- Group 10 - Construction Engineering Inspection
 - 10.1 - Roadway Construction Engineering Inspection
 - 10.3 - Construction Materials Inspection
- Group 11 - Engineering Contract Administration and Management
- Group 13 - Planning
 - 13.3 - Policy Planning
 - 13.4 - Systems Planning
 - 13.5 - Subarea/Corridor Planning
 - 13.6 - Land Planning/Engineering
 - 13.7 - Transportation Statistics
- Group 15 - Landscape Architect

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2024, for contracting purposes.

Per Title 23, U.S. Code 112, there are restrictions on sharing indirect cost rates. Refer to Code for additional information.

Should you have any questions, please feel free to contact me by email at carliayn.kell@dot.state.fl.us or by phone at 850-414-4597.

Sincerely,

Carliayn Kell

PROOF OF LICENSURE/ CERTIFICATIONS

On October 1, 2019, HB827/SB616 went into effect, creating the rules for Administrative Code 61G15, which removes the requirement that engineers obtain a separate engineering business license (certificate of authorization) for their engineering firm.

Additional information about this can be found on the Florida Board of Professional Engineers website: <https://fbpe.org/licensure/licensure-process/engineering-firms/>.

However, Kimley-Horn's Registered Professional Engineering license screenshot from the Florida Board of Professional Engineers/Department of Business and Professional Regulation (DBPR) website is included below.

**OFFICE OF ECONOMIC AND SMALL BUSINESS DEVELOPMENT****Governmental Center Annex**

115 S. Andrews Avenue, Room A680 • Fort Lauderdale, Florida 33301 • 954-357-6400

September 15, 2023

Mr. Christopher A. Rayman
ENGENUITY GROUP, INC.
300 Lock Road, Suite 302
Deerfield Beach, Florida 33442

Dear Mr. Rayman:

The Broward County Office of Economic and Small Business Development (OESBD) is pleased to announce that your firm's **County Business Enterprise (CBE)** certification has been renewed.

Your firm's certification is continuing from your anniversary date but is contingent upon the firm verifying its eligibility annually through this office. You will be notified in advance of your obligation to continue eligibility in a timely fashion. **However, the responsibility to ensure continued certification is yours.** Failure to document your firm's continued eligibility for the CBE program within **thirty (30) days** from your anniversary may result in the expiration of your firm's certification. Should you continue to be interested in certification after it has expired, you will need to submit a new application, and all required supporting documentation for review.

To review current Broward County Government bid opportunities, visit: www.broward.org/Purchasing and click on "Current Solicitations and Results." Also, from this website, you can log into your firm's profile in BidSync to ensure you have added all appropriate classification codes. Bid opportunities over \$3,500 will be advertised to vendors via e-mail and according to classification codes, so please ensure that both the Purchasing Division and OESBD are apprised of your current e-mail address.

Your primary certification group is: **Architecture and Engineering Services.** This is also how your listing in our directory will read. You may access your firm's listing by visiting the Office of Economic and Small Business Development Directory, located on the internet at: www.broward.org/EconDev and click on "Certified Firm Directories."

Your firm may compete for, and perform work on Broward County projects in the following areas:

NAICS CODE: 541330, 541340, 541370

We look forward to working with you to achieve greater opportunities for your business through county procurement.

Sincerely,

SANDY-MICHAEL Digitally signed by SANDY-
MCDONALD MICHAEL MCDONALD

SUBCONTRACTOR VERIFICATION OF EMPLOYMENT ELIGIBILITY

Per Florida Statute 448.095, public sector Contractors and Subcontractors must register with and use the E-Verify system to verify the work authorization status of all newly hired employees.

By signing below, Engenuity Group, Inc. ("Subcontractor"), a Subcontractor to Kimley-Horn, certifies that:

1. Subcontractor is aware of the requirements of Florida Statute 448.095.
2. Subcontractor is registered with and using the E-Verify system to verify the work authorization status of newly hired employees.
3. Subcontractor does not employ, contract with, or subcontract with an unauthorized alien.
4. Failure to comply to the requirements of Florida Statute 448.095 will result in immediate termination of Subcontractor's Agreement with Contractor.

RON DESANTIS
GOVERNOR*Florida Department of Transportation*605 Suwannee Street
Tallahassee, FL 32399-0450JARED W. PERDUE, P.E.
SECRETARY

July 24, 2023

David Rancman, President & CEO
H2R Corp
3921 76TH Avenue North
Pinellas Park, Florida 33781

Dear Mr. Rancman:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following types of work:

Group 9 - Soil Exploration, Material Testing and Foundations

- 9.1 - Soil Exploration
- 9.2 - Geotechnical Classification Laboratory Testing
- 9.3 - Highway Materials Testing
- 9.4.1 - Standard Foundation Studies
- 9.4.2 - Non-Redundant Drilled Shaft Bridge Foundation Studies
- 9.5 - Geotechnical Specialty Laboratory Testing

Group 10 - Construction Engineering Inspection

- 10.1 - Roadway Construction Engineering Inspection
- 10.3 - Construction Materials Inspection

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2024, for contracting purposes.

**OFFICE OF ECONOMIC AND SMALL BUSINESS DEVELOPMENT****Governmental Center Annex**

115 S. Andrews Avenue, Room A680 • Fort Lauderdale, Florida 33301 • 954-357-6400 • FAX 954-357-5674

August 11, 2020

Mr. David Rancman
H2R CORP.
 1900 NW 40th Court
 Pompano Beach, Florida 33064

Dear Ms. Rancman:

The Broward County Office of Economic and Small Business Development (OESBD) is pleased to award your company certification as a **County Business Enterprise (CBE)**. Your firm is now eligible to participate in this Office of Economic and Small Business Development program. Your firm, however, is not eligible for the **Small Business Enterprise (SBE)** designation because your number of full-time employees exceed the maximum of fifteen.

Your certification is continuous but is contingent upon your firm verifying annually its eligibility in this certification program. Each year, on the anniversary of the date you were awarded certification, you must submit to OESBD a Personal Net Worth Worksheet, a copy of the previous year's Business Tax Return, copies of the current professional licenses, and County and local business tax receipts. As a courtesy, OESBD will notify you in advance of your obligation to provide the continuing eligibility documents. However, the responsibility to ensure continued certification is yours.

To review current Broward County Government bid opportunities visit: www.broward.org/Purchasing and click on "Current Solicitations and Results." Also, from this website, you can log into your firm's profile in BidSync to ensure you have added all appropriate classification codes. Bid opportunities over \$3,500 will be advertised to vendors via e-mail and according to classification codes, so please ensure that both the Purchasing Division and OESBD are apprised of your current e-mail address.

Your primary certification group is: **Construction Services**. This is also how your listing in our directory will read. You may access your firm's listing by visiting the Office of Economic and Small Business Development Directory, located on the internet at: www.broward.org/EconDev and click on "Certified Firm Directories."

Your firm may compete for, and perform work on Broward County projects in the following areas:

NAICS CODE: 213115, 237110, 238910, 541330, 541380

We look forward to working with you to achieve greater opportunities for your business through county procurement.

Sincerely,

Sandy-Michael McDonald, Director
 Office of Economic and Small Business Development

Tierra South of Florida, Inc.
 Mr. Raj Krishnasamy, P.E.
 2765 Vista Parkway, Suite 9
 West Palm Beach FL 33411

ANNIVERSARY DATE – Annually on September 30

Dear Mr. Krishnasamy:

The Florida Department of Transportation [FDOT] is pleased to announce that your firm is certified under the **Florida Unified Certification Program [UCP]** as a **Disadvantaged Business Enterprise [DBE]** in accordance with Part 49 Section 26, Code of Federal Regulations.

DBE certification is continuing, but is contingent upon the firm maintaining its eligibility annually through this office. You will be notified of your annual responsibilities in advance of the **Anniversary Date**. You must submit the annual **AFFIDAVIT FOR CONTINUING ELIGIBILITY** no later than the **Anniversary Date**. Failure to do so will result in immediate action to remove certification.

Only those firms listed in the UCP DBE Directory, are certified by Florida UCP Members. Prime contractors and consultants should verify your firm's DBE certification status, and identify the work area(s) for which the firm is DBE eligible, through this Directory.

Your firm will be listed in Florida's UCP DBE Directory which can be accessed via the internet, at <http://www.bipincwebapps.com/biznetflorida/> or through The Department's website at www.dot.state.fl.us/equalopportunityoffice, then select "DBE Directory."

DBE certification is **NOT** a guarantee of work, but enables the firm to compete for, and perform, contract work on all USDOT Federal Aid (FAA, FTA and FHWA) projects in Florida as a DBE contractor, sub-contractor, consultant, sub-if, at any time, there is a material change, you **must advise this office, by sworn affidavit and supporting documents, within thirty [30] days**. Changes

www.dot.state.fl.us

 RECYCLED PAPER

include, but are not limited to, ownership, officers, Directors, management, key personnel, scope of work performed, daily operations, on-going business relationships with other firms or individuals, or the physical location of your firm. After our review you should receive instructions as to how you should proceed, if necessary. Failure to do so will be deemed a failure, on your part, to cooperate, and will result in immediate action to Remove DBE certification.

Your firm is eligible to compete for, and perform, work on all USDOT Federal Aid projects throughout Florida, and may earn DBE credit for work performed in the following areas:

NAICS:	FDOT Specialty Code & Description
541330	943-Geotechnical Engineering Services
541380	944-Laboratory Testing Services

All other concerns should be directed to this office by mail or telephone. Our telephone number is (850) 414-4747. Our Fax number is (850) 414-4879

Sincerely,

 John Goodman

Raj Krishnasamy, President
TIERRA SOUTH FLORIDA, INC.
2765 Vista Parkway, Suite 10
West Palm Beach, Florida 33411

Dear Mr. Krishnasamy:

The Florida Department of Transportation has reviewed your application for prequalification package and determined that the data submitted is adequate to technically prequalify your firm for the following types of work:

Group 9 - Soil Exploration, Material Testing and Foundations

- 9.1 - Soil Exploration
- 9.2 - Geotechnical Classification Laboratory Testing
- 9.3 - Highway Materials Testing
- 9.4.1 - Standard Foundation Studies
- 9.4.2 - Non-Redundant Drilled Shaft Bridge Foundation Studies
- 9.5 - Geotechnical Specialty Laboratory Testing

Group 10 - Construction Engineering Inspection

- 10.1 - Roadway Construction Engineering Inspection
- 10.3 - Construction Materials Inspection

Your firm is now technically prequalified with the Department for Professional Services in the above referenced work types. The overhead audit has been accepted, and your firm may pursue projects in the referenced work types with fees of any dollar amount. This status shall be valid until June 30, 2024, for contracting purposes.
