<i>Techgroupone INC, Mar 14, 2023 12:48 PM EDT</i>
In the Steven L. Josias Dog & Equestrian Park should we include Engineering and wind load calculations? Will the winning contractor be able to access the job site with trucks? Will the winning contractor have access to electricity on the job site? Silver Lake project indicates the existence of two Dugout Doors, Please confirm these are included in the scope of work, if so, indicate if they are single or double doors, and specify the finish

We submitted our proposal today, but we have an involuntary mistake. How can we submit a new corrected proposal? We did not see any option for that.

1.- In pictures on page 2 of Shores Park ITB we observe that in the perimeter where the

enclosures should be installed, there is a concrete curb. Please confirm that the foundations of the enclosures will be outside this curb, on the ground. 2. If these foundations are to be installed on the concrete curb, Can we support the enclosures with a base plate as shown in the picture?
