Municipal Managers:

The E-911 Participation Agreement and Regional Interlocal Agreement both expire on September 30, 2023. In an effort to extend those agreements with minimal disruption, allow for ongoing negotiations with BSO on Operations, and incorporate changes through the Engagement Process, the Broward County Board of County Commissioners approved the attached item. It authorizes the County Administrator to negotiate and execute the attached Second Amendment.

Please take the time to review the Second Amendment, run it past legal counsel, and reach out to us with any questions or concerns. If you have none, we would appreciate if you could put it before your board for consideration, approval, and execution.

Sincerely,

Michael W. Ruiz
Assistant County Administrator
