Mr. Dodge

Please see include the following in the Monday night memo for the BLOC item.

For the April 15th agenda, I expect to see the BLOC annual director positions to be filled. After 14 years of dedicated service, I am withdrawing my name from consideration to allow another one of my colleagues the opportunity to build relationships similar to mine. The BLOC does a great job and I will certainly forego one year of service to allow more opportunities for my colleagues to get to know more people.

After review of the attendance records provided by BLOC, there were two meetings where we did not have representation. Unfortunately, I have no record of being notified about the need to cover the BLOC representative.

I have also notified IT that my calendar is still receiving cancellations of BLOC events even though they have not been cancelled. IT is currently working on my follow up request.
