Notes:

Core & Main: Included a "Qualification to Bid" document that "intended to supersede and control over the terms of the Invitation for Bid, Contract Documents and Specifications and any prior addenda." The first paragraph of the document stated that "Acceptance of any Agreement by Seller is made expressly conditioned on assent by the City of Pembroke Pines (the "Buyer") to the following additional or different terms." This document was forwarded to our Legal and Contract Departments and they have advised us that we would not be able to award your company as a result of this document.

In addition, our Utilities Department has also advised us that the Core & Main has not reimbursed the City for overages on the prior contract prices that were charged to the City. Pursuant to section 35.19(F) of the City's Procurement Code, "The Chief Procurement Officer shall not accept a bid from a contractor who is in default on the payment of taxes licenses or other moneys due the city."
