Hi Tyler,

We have an internal review tomorrow at 4pm to discuss each department's notes on this contract. I expect we'll have our narrowed down compiled questions/comments by next week.

We are also preparing a submittals packet with cut sheets and specifications as you requested and should have that ready as soon as we get confirmation on supply/delivery from distribution partners. COVID-19 has been causing multiple delays and volatile changes in pricing/availability on materials. We previously solicited multiple bids from suppliers that meet your specifications. We are speaking to several partners to verify all items are available with similar estimated delivery and price as to when we originally bid this project. We expect to have this completed soon.

This is a top priority for us. We appreciate your patience and understanding.

BRIAN KING

SALES EXECUTIVE

UTILITY METERING - EASTERN REGION

M. (561) 402-4798
