Part of the new Tyler Technologies Munis ERP system will include a vendor management module. In addition, this new system will include a Vendor Self Service (VSS) web portal which will allow vendors to update their information and documents on an as-needed basis. Using VSS, vendors will also be able to enter and maintain their contact and remittance information, discount and payment terms, designated contact persons, and the commodity codes that represent the goods and services the vendor can provide.

In the event that the City does not have one of the forms or documents listed below for your company, the City may reach out to your company after the bid has closed to obtain the document(s).
