Dean,

Thank you for your time last week during the variance hearing. While Verizon was granted the additional sign sq footage the outcome was not what we hoped for with the denial of a 3rd wall sign. Verizon feels strongly that having the additional wall sign will greatly improve the visibility and brand awareness of their retail location and would like to move forward with the appeal.

Would you please advise how we proceed to file the appeal and the timelines expected in doing so?

Thank you again for your help,

Jimmy Newmon
