Proposal #173253.1 SAFEWARE - Identive to Lenel Takeover

Access Control

This quote captures associated costs with upgrading the City Complex from Identive ACS to Lenel. This process includes the removal, installation and configuration of 80 new POE, single door controllers. 76 Doors include controllers over the doors themselves while the 4 elevator cab controllers are located in the 4th floor MDF Room.

- Cardholder/Database entry is the responsibility of the customer. If a CSV file of card holders from the prior system can be provided by the customer, a one-time DB import can be provided by Lenel for additional costs.
- Permitting is not included.
- It is assumed that all existing door hardware is in good work order. Deficiencies will be brought to managements attention as discovered.
