PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

A RESOLUTION OF THE CITY OF PEMBROKE PINES, FLORIDA, RELATING TO THE PROVISION OF FIRE RESCUE SERVICES, FACILITIES AND PROGRAMS IN THE CITY OF PEMBROKE PINES, FLORIDA; DESCRIBING THE METHOD OF ASSESSING FIRE RESCUE ASSESSED COSTS AGAINST ASSESSED PROPERTY LOCATED WITHIN THE CITY OF PEMBROKE PINES; DIRECTING THE PREPARATION OF AN ASSESSMENT ROLL; AUTHORIZING A PUBLIC HEARING AND DIRECTING THE PROVISION OF NOTICE THEREOF; AND PROVIDING AN EFFECTIVE DATE.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF PEMBROKE PINES, FLORIDA:

SECTION 1. AUTHORITY. This resolution is adopted pursuant to the provisions of Ordinance No. 1174, as amended by Ordinance No. 1233 and Ordinance No. 1642 (collectively referred to as the “Ordinance”), Sections 166.021 and 166.041, Florida Statutes, and other applicable provisions of law.

SECTION 2. PURPOSE AND DEFINITIONS. This resolution constitutes the Preliminary Rate Resolution as defined in the Ordinance. All capitalized words and terms not otherwise defined herein shall have the meanings set forth in the Ordinance. Unless the context indicates otherwise, words imparting the singular number, include the plural number, and vice versa. As used in this resolution, the following terms shall have the following meanings, unless the context hereof otherwise requires:

“Assessment Coordinator” means the City Manager or such person’s designee.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

“Building Area” means the actual area of a Building expressed in square feet and reflected on the Tax Roll or, in the event such information is not reflected or determined not to be accurately reflected on the Tax Roll, that area determined by the City.

“Code Descriptions” mean the descriptions listed in the Fixed Property Use Codes and the Improvement Codes.

“Commercial Property” means those Tax Parcels with a Code Description designated as “Commercial” in the Improvement Codes specified in Appendix C.

“Cost Apportionment” means the apportionment of the Fire Rescue Assessed Cost among all Property Use Categories according to the Demand Percentages established pursuant to the apportionment methodology described in Section 6 of this Preliminary Rate Resolution.

“Demand Percentage” means the percentage of demand for fire rescue services, facilities, or programs attributable to each Property Use Category determined by analyzing the historical demand for fire rescue services as reflected in the Fire Rescue Incident Reports in the State Database under the methodology described in Section 6 of this Preliminary Rate Resolution.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

“DOR Code” means a property use code established in Rule 12D-8.008, Florida Administrative Code, assigned by the Property Appraiser to Tax Parcels within the City, attached hereto as Appendix C.

“Dwelling Unit” means (1) a Building, or a portion thereof, available to be used for residential purposes, consisting of one or more rooms arranged, designed, used, or intended to be used as living quarters for one family only, or (2) the use of land in which lots or spaces are offered for rent or lease for the placement of mobile homes for residential purposes.

“Emergency Medical Services” means those services recorded in Incident Reports that assign a “type of situation found code” of 300, 311, 320, 321, 3211, 3212, 3213, 322, 3221, 3222, 323, 371, 381, 554 or 661. The “type of situation found codes” are attached hereto as Appendix A.

“Emergency Medical Services Cost” means the amount, other than first response medical rescue services, determined by the City Commission to be associated with Emergency Medical Services.

“Estimated Fire Rescue Assessment Rate Schedule” means that rate schedule attached hereto as Appendix D and hereby incorporated herein by reference, specifying the Fire Rescue Assessed Costs determined in Section 8 of this Preliminary Rate Resolution and the estimated Fire Rescue Assessments established in Section 8 of this Preliminary Rate Resolution.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

“FFIRS” means the Florida Fire Incident Reporting System developed by the State of Florida Fire Marshall Office.

“Fire Rescue Assessed Cost” means

(1) the amount determined by the City Commission to be assessed in any Fiscal Year to fund all or any portion of the cost of the provision of fire rescue services, facilities, or programs which provide a special benefit to Assessed Property, and shall include, but not be limited to, the following components: (A) the cost of physical construction, reconstruction, or completion of any required facility or improvement; (B) the costs incurred in any required acquisition or purchase; (C) the cost of all labor, materials, machinery, and equipment; (D) the cost of fuel, parts, supplies, maintenance, repairs, and utilities; (E) the cost of computer services, data processing, and communications; (F) the cost of all lands and interest therein, leases, property rights, easements, and franchises of any nature whatsoever, (G) the cost of any indemnity or surety bonds and premiums for insurance; (H) the cost of salaries, volunteer pay, workers’ compensation insurance, or other employment benefits; (I) the cost of uniforms, training, travel, and per diem; (J) the cost of construction plans and specifications, surveys and estimates of costs; (K) the cost of engineering, financial legal, and other professional services; (L) the costs of compliance with any contracts or agreements entered into by the City to provide fire rescue services; (M) all costs associated with the

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

structure, implementation, collection, and enforcement of the Fire Rescue Assessments, including any service charges of the Tax Collector, or Property Appraiser and amounts necessary to off-set discounts received for early payment of Fire Rescue Assessments pursuant to the Uniform Assessment Collection Act or for early payment of Fire Rescue Assessments collected pursuant to Section 3.02 of the Ordinance; (N) all other costs and expenses necessary or incidental to the acquisition, provision, or construction of fire rescue services, facilities, or programs, and such other expenses as may be necessary or incidental to any related financing authorized by the City Commission by subsequent resolution; (O) a reasonable amount for contingency and anticipated delinquencies and uncollectible Fire Rescue Assessments; and (P) reimbursement to the City or any other Person for any moneys advanced for any costs incurred by the City or such Person in connection with any of the foregoing components of Fire Rescue Assessed Cost.

(2) In the event the City also imposes an impact fee upon new growth or development for fire rescue related capital improvements, the Fire Rescue Assessed Cost shall not include costs attributable to capital improvements necessitated by new growth or development that will be paid by such impact fees.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

(3) In no event shall the Fire Rescue Assessed Cost include any amount attributable to the Emergency Medical Services Cost.

“Fire Rescue Incident Reports” means those Incident Reports that do not record Emergency Medical Services.

“Fixed Property Use Codes” mean the property use codes used by FFIRS as specified in Appendix B attached hereto and incorporated herein by reference.

“Improvement Codes” mean the building use codes assigned by the Property Appraiser to Tax Parcels within the City as specified in Appendix C attached hereto and incorporated herein by reference.

“Incident Report” means an individual report filed in the State Database under FFIRS.

“Industrial/Warehouse Property” means those Tax Parcels with a Code Description designated as “Industrial/Warehouse” in the Improvement Codes Specified in Appendix C.

“Institutional Property” means those Tax Parcels with a Code Description designated as “Institutional” in the Improvement Codes specified in Appendix C, or whose use is confirmed as Institutional, tax-exempt use by the City through other available means.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

“Mixed Use Property” means a Tax Parcel that contains Buildings whose use descriptions are capable of assignment under the Code Description in the Improvement Codes in more than one Property Use Category.

“Non-Residential Property” means, collectively, Commercial Property, Industrial/Warehouse Property, and Institutional Property.

“Parcel Apportionment” means the further apportionment of the Fire Rescue Assessed Cost allocated to each Property Use Category by the Cost Apportionment among the Tax Parcels under the methodology established in Section 7 of this Preliminary Rate Resolution.

“Property Use Categories” means, collectively, Residential Property and all categories of Non-Residential Property.

“Report” means that certain report entitled Pembroke Pines Fire Rescue Assessment Memorandum, June 2019, prepared by Government Services Group, Inc. which is hereby incorporated into this Resolution by reference.

“Residential Property” means those Tax Parcels with a Code Description designated as “Residential” in the Improvement Codes specified in Appendix C.

“State Database” means the incident data specific to the City derived from the FFIRS Incident Reports maintained by the Florida State Fire Marshal.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

“**Tax Parcel**” means a parcel of property located within the City to which the Property Appraiser has assigned a distinct ad valorem property tax identification number.

SECTION 3. PROVISION AND FUNDING OF FIRE RESCUE SERVICES.

(A) Upon the imposition of a Fire Rescue Assessment for fire rescue services facilities, or programs against Assessed Property located within the City, the City shall provide fire rescue services to such Assessed Property. A portion of the cost to provide such fire rescue services, facilities, or programs shall be funded from proceeds of the Fire Rescue Assessments. The remaining cost required to provide fire rescue services, facilities, and programs shall be funded by legally available City revenues other than Fire Rescue Assessment proceeds. No Emergency Medical Services Costs shall be funded by the Fire Rescue Assessments.

(B) It is hereby ascertained, determined, and declared that each parcel of Assessed Property located within the City will be benefited by the City’s provision of fire rescue services, facilities, and programs in an amount not less than the Fire Rescue Assessment imposed against such parcel, computed in the manner set forth in this Preliminary Rate Resolution.

SECTION 4. IMPOSITION AND COMPUTATION OF FIRE RESCUE ASSESSMENTS. Fire Rescue Assessments shall be imposed against all

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

Assessed Property within the Property Use Categories. Fire Rescue Assessments shall be computed in the manner set forth in this Preliminary Rate Resolution, based upon the Report.

SECTION 5. LEGISLATIVE DETERMINATIONS OF SPECIAL BENEFIT AND FAIR APPORTIONMENT. It is hereby ascertained and declared that the Fire Rescue Assessed Costs provide a special benefit to the Assessed Property based upon the following legislative determinations and based upon the Report.

General

(A) Upon the adoption of this Preliminary Rate Resolution determining the Fire Rescue Assessed Costs and identifying the Assessed Property to be included in the Assessment Roll, the legislative determinations of special benefit ascertained and declared in Section 1.04 of the Ordinance, are hereby ratified and confirmed.

(B) It is fair and reasonable to use the Improvement Codes and the DOR Codes for the Cost Apportionment and the Parcel Apportionment because:

(1) the Tax Roll database employing the use of such property use codes is the most comprehensive, accurate, and reliable information readily available to determine the property use and Building Area for improved property within the City, and

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

(2) the Tax Roll database within such property use codes is maintained by the Property Appraiser and is thus consistent with parcel designations on the Tax Roll which compatibility permits the development of an Assessment Roll in conformity with the requirements of the Uniform Method of Collection.

(C) The data available in the Improvement Codes is more useful and accurate to determine Building Area than relying exclusively upon the data maintained in the DOR Code alone because:

(1) the data maintained in the Improvement Codes reveals the existence of a Building with a different use than the use described on the DOR Code, and

(2) the Improvement Codes represent records maintained by the Property Appraiser with the most information relative to Building Area regardless of property use.

Cost Apportionment

(D) It is fair and reasonable and consistent with the decision from the Florida Supreme Court in the case of City of North Lauderdale v. SMM Properties, Inc., 825 So. 2d 343 (Fla. 2002), to exclude from the Fire Rescue Assessed Cost amounts determined to constitute the Emergency Medical Services Cost.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

(E) Apportioning the Fire Rescue Assessed Cost among classifications of improved property based upon historical demand for fire rescue services, but not Emergency Medical Services, is fair and reasonable, proportional to the special benefit received, and will ensure that no property is assessed an amount greater than the special benefit received.

(F) The Fire Rescue Incident Reports are the most reliable data available to determine the potential demand for fire rescue services from property use and to determine the benefit to property use resulting from the availability of fire rescue services to protect and serve Buildings located within Assessed Property and their intended occupants. There exist sufficient Fire Rescue Incident Reports that document the historical demand for fire rescue services for Assessed Property within the Property Use Categories. The Demand Percentage that has been determined for each Property Use Category by an examination of such Fire Rescue Incident Reports is consistent with the experience of the City. Therefore, the use of Demand Percentages that were determined by an examination of Fire Rescue Incident Reports is a fair and reasonable method to apportion the Fire Rescue Assessed Costs among the Property Use Categories.

(G) The historical demand for fire rescue service availability for multi-family and single-family Residential Property is substantially similar and any

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

difference in the percentage of documented fire rescue calls to such specific property uses is statistically insignificant.

(H) As a result of the urbanized character of the City, the suppression of fire on vacant (unimproved) property primarily benefits the Buildings within the adjacent unimproved property by the containment of the spread of fire rather than the preservation of the vacant property. Therefore, it is fair and reasonable not to apportion any of the Fire Rescue Assessed Costs to vacant property and the Fire Rescue Incident Reports documenting historical fire services provided to vacant property were thus omitted from the Demand Percentage calculation.

(I) The City's budget is sized based upon its ability to provide service to improved property within its boundaries. Therefore, the level of services required to meet anticipated demand for fire rescue services and the corresponding annual fire rescue budget required to fund fire rescue services provided to non-specific property uses would be required notwithstanding the occurrence of any incidents from such non-specific property use. Therefore, it is fair and reasonable to omit from the Demand Percentage calculation the Fire Rescue Incident Reports documenting fire rescue services provided to non-specific property uses.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

Residential Parcel Apportionment

(J) Neither the size nor the value of Residential Property determines the scope of the required fire rescue response. The potential demand for fire rescue services is driven by the existence of a Dwelling Unit and the anticipated average occupant population.

(K) Apportioning the Fire Rescue Assessed Cost for fire rescue services attributable to Residential Property on a per Dwelling Unit basis is required to avoid cost inefficiency and unnecessary administration and is a fair and reasonable method of Parcel Apportionment based upon historical call data.

Non-Residential Parcel Apportionment

(L) The apportionment of Non-Residential Property Buildings by actual square footage is fair and reasonable for the purpose of Parcel Apportionment because the demand for Fire Rescue Service is determined and measured by the actual square footage of structures and improvements within benefited parcels.

(M) Uses that are exempt from ad valorem taxation under Florida law provide facilities and uses to the ownership, occupants, membership as well as the public in general that otherwise might be required to be provided by the City and such uses thereof serve a public purpose and provide a public benefit. Therefore, it is fair and reasonable not to impose Fire Rescue Assessments

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

upon Buildings whose Building use is exempt from ad valorem taxation under Florida law. Accordingly, no Fire Rescue Assessment shall be imposed upon portions of Buildings whose use is wholly exempt from ad valorem taxation under Florida law.

(N) Pursuant to Ordinance No. 1642, it is fair and reasonable not to impose fire rescue assessments upon homesteaded property owned by totally and permanently disabled veterans who qualify for and receive the exemption from ad valorem taxation pursuant to Section 196.081, Florida Statutes. The legislative findings in Ordinance No. 1642 are fully incorporated herein.

SECTION 6. COST APPORTIONMENT METHODOLOGY.

Costs are to be apportioned based upon the Report as follows:

(A) Utilizing the Fixed Property Use Codes and other data from the Fire Rescue Incident Reports related to the type of calls and physical location of each call, the City assigned fire rescue incidents located within the City, to Property Use Categories.

(B) Based upon such assignment of Fire Rescue Incident Reports to Property Use Categories, the number of Fire Rescue Incident Reports filed within a sampling period was determined for each Property Use Category. A Demand Percentage was then determined for each Property Use Category by calculating the percentage that Fire Rescue Incident Reports allocated to each Property Use Category bear to the total number of Fire Rescue Incident

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

Reports documented for all Property Use Categories within the sampling period.

(C) Appendix C contains a designation of Code Descriptions by Property Use Category with the Improvement Codes. Such correlation between Code Descriptions contained in the Fixed Property Use Codes, as provided in Appendix B, on the Fire Rescue Incident Reports and the Improvement Codes is necessary to allocate the historical demand for fire rescue services as reflected by the Fire Rescue Incident Reports for Tax Parcels on the Tax Roll within the Property Use Categories.

(D) The Demand Percentage for each Property Use Category was then applied to the Fire Rescue Assessed Costs and the resulting product is the cost allocation of that portion of the Fire Rescue Assessed Costs allocated to each individual Property Use Category.

SECTION 7. PARCEL APPORTIONMENT METHODOLOGY.

(A) The apportionment among Tax Parcels of that portion of the Fire Rescue Assessed Costs allocated to each Property Use Category under the Cost Apportionment shall be consistent with the Parcel Apportionment methodology based upon the Report and described and determined in Appendix E, which Parcel Apportionment methodology is hereby approved, adopted, and incorporated into this Preliminary Rate Resolution by reference.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

(B) It is hereby acknowledged that the Parcel Apportionment methodology described and determined in Appendix E is to be applied in the calculation of the estimated Fire Rescue Assessment rates established in Section 8 of this Preliminary Rate Resolution.

SECTION 8. DETERMINATION OF FIRE RESCUE ASSESSED COSTS; ESTABLISHMENT OF INITIAL FIRE RESCUE ASSESSMENTS.

The determination of Fire Rescue Assessed Costs is based upon the Report, as follows:

(A) The Fire Rescue Assessed Costs to be assessed and apportioned among benefitted parcels pursuant to the Cost Apportionment and the Parcel Apportionment for the Fiscal Year that begins October 1, 2022, is the amount determined in the Estimated Fire Rescue Assessment Rate Schedule. The approval of the Estimated Fire Rescue Assessment Rate Schedule by the adoption of this Preliminary Rate Resolution determines the amount of the Fire Rescue Assessed Cost. The remainder of such Fiscal Year budget for the fire rescue services, facilities, and programs shall be funded from legally available City revenue other than Fire Rescue Assessment proceeds.

(B) The estimated Fire Rescue Assessments specified in the Estimated Fire Rescue Assessment Rate Schedule are hereby established to fund the specified Fire Rescue Assessed Costs determined to be assessed in

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

the Fiscal Year that begins October 1, 2022. No portion of such Fire Rescue Assessed Cost is attributable to impact fee revenue that funds capital improvements necessitated by new growth or development. Further, no portion of such Fire Rescue Assessed Costs is attributable to the Emergency Medical Services Cost.

(C) The estimated Fire Rescue Assessments established in this Preliminary Rate Resolution shall be the estimated assessment rates applied by the City Manager in the preparation of the Preliminary Assessment Roll for the Fiscal Year that begins October 1, 2022, as provided in Section 9 of this Preliminary Rate Resolution.

SECTION 9. ASSESSMENT ROLL.

(A) The Assessment Coordinator is hereby directed to prepare, or cause to be prepared, a Preliminary Assessment Roll for the Fiscal Year that begins October 1, 2022, in the manner provided in the Ordinance. The Assessment Roll shall include all Tax Parcels within the Property Use Categories. The Assessment Coordinator shall apportion the estimated Fire Rescue Assessed Cost to be recovered through Fire Rescue Assessments in the manner set forth in this Preliminary Rate Resolution.

(B) A copy of this Preliminary Rate Resolution, documentation related to the estimated amount of the Fire Rescue Assessed Cost to be recovered through the imposition of Fire Rescue Assessments, and the

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

preliminary Assessment Roll shall be maintained on file in the office of the City Clerk and open to public inspection. The foregoing shall not be construed to require that the preliminary Assessment Roll be in printed form if the amount of the Fire Rescue Assessment for each parcel of property can be determined by the use of a computer terminal available to the public.

(C) It is hereby ascertained, determined, and declared that the method of determining the Fire Rescue Assessments for fire rescue services as set forth in this Preliminary Rate Resolution is a fair and reasonable method of apportioning the Fire Rescue Assessed Cost among parcels of Assessed Property located within the City as:

(1) It is consistent with the method set forth within the Report.

(2) The methodology and apportionment assures that no property is assessed an amount greater than the benefit which it receives from the fire rescue services, facilities, and programs provided by the City; and

(3) The Fire Rescue Assessed Costs are solely for the provision of fire protection and first response services. All Emergency Medical Services Costs and EMS calls have been excluded, which is consistent with the decision in City of North Lauderdale v. SMM Properties, Inc., 825 So.2d 343 (Fla. 2002).

SECTION 10. **AUTHORIZATION OF PUBLIC HEARING.** There is hereby established a public hearing to be held at 5:15 p.m. on September 12, 2022, in the City Commission Chambers, 601 City Center Way, Pembroke

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

Pines, Florida, at which time the City Commission will receive and consider any comments on the Fire Rescue Assessments from the public and affected property owners and consider imposing Fire Rescue Assessments and collecting such assessments on the same bill as ad valorem taxes.

SECTION 11. **NOTICE BY PUBLICATION.** The Assessment Coordinator shall publish a notice of public hearing authorized by Section 10 hereof in the manner and time provided in Section 2.04 of the Ordinance. The notice shall be published no later than August 23, 2022, in substantially the form attached hereto as Appendix F.

SECTION 12. **NOTICE BY MAIL.** Notice to Assessed Property owners shall be provided utilizing the TRIM method in accordance with Florida law.

SECTION 13. **APPLICATION OF ASSESSMENT PROCEEDS.**
The revenue derived from the City's Fire Rescue Assessments will be utilized for the provision of fire rescue services, facilities, and programs, as reflected by the Fire Rescue Assessed Cost. In the event there is any fund balance remaining at the end of the Fiscal Year, such balance shall be carried forward and used only to fund fire rescue services, facilities, and programs. No Fire Rescue Assessment proceeds shall be used to fund the Emergency Medical Services Cost.

PROPOSED RESOLUTION NO. 2022-R-22

RESOLUTION NO. _____

SECTION 14. EFFECTIVE DATE. This Preliminary Rate Resolution shall take effect immediately upon its passage and adoption.

PASSED AND ADOPTED BY THE CITY COMMISSION OF THE CITY OF PEMBROKE PINES, FLORIDA, THIS 15th DAY OF JUNE, 2022.

	Right Aways
900	Groves
901	Sod
902	Agriculture
903	Small Buildings Not Included in other Codes
999	Combinational Uses

APPENDIX D

ESTIMATED FIRE RESCUE ASSESSMENT RATE SCHEDULE

SECTION D-1. DETERMINATION OF FIRE RESCUE ASSESSED COSTS.

The estimated Fire Rescue Assessed Cost to be assessed for the Fiscal Year that begins October 1, 2022, is \$31,032,443.00.

SECTION D-2. ESTIMATED FIRE RESCUE ASSESSMENTS.

(A) The estimated Fire Rescue Assessments to be assessed and apportioned among benefitted parcels pursuant to the Cost Apportionment and Parcel Apportionment to generate the estimated Fire Rescue Assessed Cost for the Fiscal Year that begins October 1, 2022, are hereby established as follows for the purpose of this Preliminary Rate Resolution:

Residential Property Use Categories Unit	Rate Per Dwelling
Residential	\$352.71
Non-Residential Property Use Categories	Rate Per Square Foot
Commercial	\$ 0.5813
Industrial/Warehouse	\$ 0.1060
Institutional	\$ 0.5436

(B) No Fire Assessment shall be imposed upon a parcel of Government Property or portions of Building whose use is wholly exempt from ad valorem taxation under Florida law. No assessment shall be imposed upon homesteaded property owned by totally and permanently disabled veterans who qualify for and receive the exemption from ad valorem taxation pursuant to Section

196.081, Florida Statutes. No assessment shall be imposed on vacant (unimproved) property.

(C) Any shortfall in the expected Fire Rescue Assessment proceeds due to any reduction or exemption from payment of the Fire Rescue Assessments required by law or authorized by the City Commission shall be supplemented by any legally available funds, or combination of such funds, and shall not be paid for by proceeds or funds derived from the Fire Rescue Assessments. It is the legislative determination of the City Commission that in the event a court of competent jurisdiction determines any exemption or reduction by the City Commission improper or otherwise adversely affects the validity of the Fire Rescue Assessment imposed for this Fiscal Year, the sole and exclusive remedy shall be the imposition of a Fire Rescue Assessment upon each affected Tax Parcel in the amount of the Fire Rescue Assessment that would have been otherwise imposed save and except for such reduction or exemption afforded to such Tax Parcel by the City Commission.

APPENDIX E

PARCEL APPORTIONMENT METHODOLOGY

The Cost Apportionment to each Property Use Category and to Mixed Use Property shall be apportioned among the Tax Parcels within each Property Use Category and to Mixed Use Property Tax Parcels based upon the Report, as follows.

SECTION E-1. RESIDENTIAL PROPERTY. The Fire Rescue Assessment for each Tax Parcel of Residential Property shall be computed by multiplying the Demand Percentage attributable to the Residential Property Use Category by the Fire Rescue Assessed Costs, dividing such product by the total number of Dwelling Units shown on the Tax Roll within the City for the residential Property Use Category, and then multiplying such quotient by the number of Dwelling Units located on such Tax Parcel.

SECTION E-2. NON-RESIDENTIAL PROPERTY. The Fire Rescue Assessments for each Building of Non-Residential Property shall be computed as follows:

(A) Respectively, multiply the Fire Rescue Assessed Cost by the Demand Percentage attributable to each of the Non-Residential Property Use Categories. The resulting dollar amounts reflect the portions of the City's fire rescue budget to be respectively funded from Fire Rescue Assessment revenue derived from each of the Non-Residential Property Use Categories.

(B) Separate each Building of Non-Residential Property into the appropriate Non-Residential Property Use Category for that Building, as described

in the Report, using Broward County Property Appraiser's Building Improvement Codes.

(C) For each Non-Residential Property Use Category, add the Building square footage of all the Buildings in each Non-Residential Property Use Category. This sum reflects an aggregate square footage area for each Non-Residential Property Use Category to be used by the County in the computation of Fire Rescue Assessments.

(D) Divide the product of subsection (A) of this Section relative to each of the Non-Residential Property Use Categories by the sum of the square foot allocations for each Non-Residential Property Use Category described in subsection (C) of this Section. The resulting quotient expresses a dollar amount per square foot of improved area ("the square foot rate") to be used in computing Fire Rescue Assessments on each of the respective Non-Residential Property Use Categories.

(E) For each of the Non-Residential Property Use Categories, multiply the applicable square foot rate calculated under subsection (D) of this Section by the number of square feet for each Building in the non-residential Property Use Categories. The resulting product for each Building expresses the amount of Fire Rescue Assessments to be imposed on each Building of Non-Residential Property.

SECTION E-3. MIXED USE PROPERTY. The Fire Rescue Assessments for each Tax Parcel classified in two or more Property Use Categories shall be the sum of the Fire Rescue Assessments computed for each Property Use Category.

APPENDIX F

FORM OF NOTICE TO BE PUBLISHED

To Be Published by August 23, 2022

**NOTICE OF HEARING TO IMPOSE AND PROVIDE FOR COLLECTION
OF FIRE RESCUE SPECIAL ASSESSMENTS**

Notice is hereby given that the City Commission of the City of Pembroke Pines will conduct a public hearing to consider the re-imposition of annual fire rescue special assessments for the provision of fire rescue services within the municipal boundaries of the City of Pembroke Pines.

The hearing will be held at 5:15 p.m. on September 12, 2022, in the City Commission Chambers, 601 City Center Way, Pembroke Pines, Florida, 33025 for the purpose of receiving public comment on the proposed assessments. All affected property owners have a right to appear at the hearing and to file written objections with the City Commission within 20 days of this notice. If a person decides to appeal any decision made by the City Commission with respect to any matter considered at the hearing, such person will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the City Clerk's Office at (954) 450-1050, at least seven days prior to the date of the hearing.

The assessment for each parcel of property will be based upon each parcel's classification and the total number of billing units attributed to that parcel. The following table reflects the proposed fire rescue assessment schedules.

Residential Property Use Categories Unit	Rate Per Dwelling
Residential	\$352.71
Non-Residential Property Use Categories	Rate Per Square Foot
Commercial	\$ 0.5813
Industrial/Warehouse	\$ 0.1060
Institutional	\$ 0.5436

Copies of the Fire Rescue Assessment Ordinance, the Preliminary Rate Resolution and the preliminary Assessment Roll are available for inspection in the office of the City Clerk, City Hall, located at 601 City Center Way, Pembroke Pines, Florida, 33025.

The fire rescue service non-ad valorem assessment will be collected on the ad valorem tax bill to be mailed in November 2022, as authorized by Section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property, which may result in a loss of title.

If you have any questions, please contact the Pembroke Pines Fire Rescue Department at (954) 499-9600, Monday through Thursday between 8:00 a.m. and 6:00 p.m.
