Skills & Qualities

Customer Service, Sales, People skills,

I am a skilled mechanic, with an inherent knowledge of mechanical equipment. I know a whole heck of a lot about hardware and have a great memory for numbers and parts. I can fix your pool pump, balance the pH of the water when I'm done, get your sister's car running and help your mom in with the groceries. I have experience supervising a team, and can keep the workplace harmonious and low-stress. Safety & best practice management -ensure that rules are set & followed according to state & federal law to prevent employee injury. I'm great at networking- I like meeting people and finding out how we can become part of a team. I'm always up for a challenge- tell me what you need and I'll find a way to make it happen.

I am: personable with clients & co-workers, a great team player, not a felon, excellent at customer service skills, responsible & dependable, honest & hardworking, a great critical thinker & problem-solver, innovative & creative, easy-going and fun. I am equally comfortable in the political arena as I am in front of a cash register, assisting customers. I enjoy working with my hands, repairing and building anything that needs it. Imagine MacGyver & Mr. Goodwrench .As a kid growing up that just happens to be a great dancer...

Interests

I am a vintage VW guy- I attend VW events such as shows, meet-ups and races. I own a '63 bug (with a margarita blender hard-wired to the engine, but

that's neither here nor there...). I enjoy sports- mainly baseball and golf. I am especially interested in the innovations associated with these sports, and have collaborated with Da Vinci Sports to create.....training devices for golf and baseball athlete training. I am passionate about my community, as well, and enjoy service as a civil servant to my neighbors. And most of all family and friends.....
