Saturday, October 13th

11:30am–2:30pm

We will be honoring 10 amazing women in our community for all they are doing to make a difference in the lives of people every day. Macy's will be presenting a fashion show with the latest looks for the season. We also have beautiful raffle prizes and a delicious fall inspired luncheon.

This event will not only honor women in our community but will also assist in raising funds for the Susan B. Anthony Recovery Center. We are a residential and outpatient addiction treatment center for pregnant women and mothers with children.

The event will start at 11:30 am and entertainment will be throughout. We encourage you to bring your girlfriends and have a super SHE-roe afternoon with us.
