Pembroke Pines, FL 33025

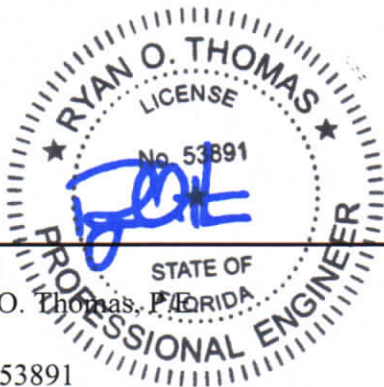

**Re: Centra Falls – Phase I**  
**Engineering Certification – Bldgs 1-16 and associated site work**

Dear Mr. Kennedy,

I am writing this letter to inform you that the engineering scope of work performed for this project, and under this permit, is substantially complete, with the exception of building 17 and the western portion of the retention area. To the best of our knowledge and belief the infrastructure was constructed in substantial compliance with the approved plans and said work was performed in accordance with the guidelines set forth in this permit. As per the approved plans, the water, sewer, paving and drainage for this project will remain privately owned and maintained.

(Seal)  
Ryan O. Thomas, P.E.

P.E.# 53891
