

June 22, 2018

Riley Smith
8300 South Palm Drive
Pembroke Pines, FL 33025

Dear Mr. Smith:

BCR values our longstanding relationship with the City of Pembroke Pines. Over the last four years, we have done our best to provide consistent and high-quality service with regard to the Service Agreement we signed with Pembroke Pines related to our Neutralizer® System. As you know, that Agreement has a clause regarding annual escalation – to allow us to increase our fee slightly so that we can cover our increasing costs.

Attached are copies of the various indices that are used to compute the annual escalation under our service contract. The escalation calculations are applied based on Exhibit A attached. Under our Service Agreement, the fee is to be adjusted by the ~~lesser~~ of the annual change in the CPI or the Alternative Annual Percentage Change as defined therein. The escalated fees, which were due for escalation on June 1, 2018, will now be; Base Fee \$11,667.00; Hauling and Disposition Fee Per Wet Ton \$21.88; Labor Rates Per Hour, Technician or IT \$102.00, Professional Engineer \$178.50. Monthly billing will reflect these amounts beginning July 1, 2018.

We continue to strive to provide Pembroke Pines with the highest level of service. Please review the attached information and calculation. If you have any questions regarding the above changes, please do not hesitate to reach out to me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rob Currey', is written over a large, faint, stylized 'S' or 'C' shape.

Rob Currey
Vice President

Consumer Price Index, South Region – May 2018

Prices in the South up 0.3 percent over the month and 2.7 percent over the year

The Consumer Price Index for All Urban Consumers (CPI-U) for the South edged up 0.3 percent in May, the U.S. Bureau of Labor Statistics reported today. The energy index advanced 3.1 percent over the pricing period. The index for all items less food and energy inched up 0.1 percent in May, while the food index was unchanged. (Data in this report are not seasonally adjusted. Accordingly, month-to-month changes may reflect the impact of seasonal influences.)

The all items CPI-U was up 2.7 percent for the 12 months ending May. The index for all items less food and energy increased 2.2 percent over the past year, while the energy index advanced 10.9 percent and the food index rose 0.9 percent. (See [chart 1](#).)

Chart 1. Over-the-year percent change in CPI-U, South region, May 2015–May 2018

Food

The food index was unchanged in May. The food away from home index edged up 0.2 percent over the month, while the food at home index inched down 0.1 percent.

The food index rose 0.9 percent since May 2017, primarily due to an increase in the food away from home index (2.0 percent). The food at home index was unchanged over the year.

Energy

The energy index advanced 3.1 percent in May, led by a 5.3-percent increase in the motor fuel index. The indexes for electricity and utility (piped) gas service were also up over the pricing period, increasing 0.4 and 0.1 percent, respectively.

From May 2017—May 2018, the energy index advanced 10.9 percent, fueled by a 21.3-percent increase in the motor fuel index. Over the year, the electricity index rose 0.5 percent, while the index for utility (piped) gas service declined 3.2 percent.

All items less food and energy

In May 2018, the all items less food and energy index inched up 0.1 percent. The shelter index edged up 0.3 percent over the month.

Since May 2017, the index for all items less food and energy advanced 2.2 percent. The shelter index contributed to the increase, up 3.4 percent over the year.

The Consumer Price Index for June 2018 is scheduled to be released on Thursday, July 12, 2018.

Technical Note

The Consumer Price Index (CPI) is a measure of the average change in prices over time in a fixed market basket of goods and services. The Bureau of Labor Statistics publishes CPIs for two population groups: (1) a CPI for All Urban Consumers (CPI-U) which covers approximately 93 percent of the total population and (2) a CPI for Urban Wage Earners and Clerical Workers (CPI-W) which covers 29 percent of the total population. The CPI-U includes, in addition to wage earners and clerical workers, groups such as professional, managerial, and technical workers, the self-employed, short-term workers, the unemployed, and retirees and others not in the labor force.
