Letter of Agreement and Contract

In this contract between the City of Pembroke Pines ("Vendor") and University of North Florida Training and Services Institute, Inc., d/b/a Institute of Police Technology and Management ("IPTM"), a direct support organization of the University of North Florida ("University"), the Vendor shall perform the services as outlined in the scope of services (Exhibits A & B). The contract period will begin upon execution and will end on May 15, 2020.

Total contract amount will not exceed \$12,000.00

The parties to this contract shall be bound by all applicable state and federal requirements as outlined in Florida Department of Transportation (FDOT) Project #433144-1-8404, Contract #G1B36. All services must be completed by May 15, 2020. The final invoice must be received by June 1, 2020 or payment will be forfeited.

It is expressly understood that the Vendor is an independent contractor, and not an agent of the FDOT or the University of North Florida. The FDOT and the University's ("State Agencies" or individually "State Agency") respective total liability in negligence or indemnity for acts of its employees or officers shall not exceed the limits of their waiver of sovereign immunity provided under Section 768.28, Florida Statutes. The FDOT, the University, and the Vendor shall each be responsible for its own attorney fees in the event of a dispute.

Vendor is a subdivision, as defined in Section 768.28, Florida Statutes, and Vendor agrees to be fully responsible only to the extent provided by Section 768.28, Florida Statutes, for the negligent or wrongful acts or omission of any employee of the Vendor while the employee is acting within the course and scope of the employee's employment, and for any damages proximately caused by said acts or omissions or torts.

Nothing herein shall be construed as consent by a State Agency or political subdivision of the State of Florida to be sued by third parties in any matter arising out of this contract. No State Agency or subdivision indemnifies any other party or person beyond the extent permitted under the law, no matter what the circumstances. Nothing herein shall be construed as a waiver by the FDOT, the University, and the Vendor of any rights or limits to liability existing under Section 768.28, Florida Statutes.

In accordance with the contract, the Vendor is authorized to perform the tasks detailed in the scope of services (Exhibits A & B) and is fully responsible for satisfactory completion of all services. Services performed prior to receiving an executed contract from the University will not be eligible for reimbursement. This contract does not involve the purchase of Tangible Personal Property, as defined in Chapter 273, Florida Statutes.

This is a cost reimbursable contract. To be eligible for reimbursement, all costs must be allowable pursuant to state and federal expenditure laws, rules and regulations and must be essential to the successful completion of the tasks identified in this contract for services.

If a cost benefits more than one project, a determination must be made and documentation provided to support that the cost is distributed in a reasonable and consistent manner across all benefiting projects

CANCELLATION: This contract may be unilaterally cancelled by FDOT or the University for refusal by the Vendor to allow public access to all documents, papers, letters, or other material made or received by the Vendor in conjunction with this contract, unless Florida law provides that the records are confidential and/or exempt from the disclosure requirements of section 24(1) of Article 1 of the state constitution and section 119.07(1), Florida Statutes.

EXHIBIT "A"

SCOPE OF SERVICES PEDESTRIAN AND BICYCLE SAFETY HIGH VISIBILITY EDUCATION AND ENFORCEMENT CAMPAIGN

I. OBJECTIVE:

The Florida Department of Transportation ("FDOT"), through a grant with University of North Florida ("University"), will utilize law enforcement support to reinforce safe pedestrian, bicyclist, and driver behaviors in priority counties in Florida. The goal of this effort is to reduce traffic crashes resulting in serious and fatal injuries to pedestrians and bicyclists using high visibility education and enforcement details.

II. PURPOSE:

In 2017, 3,116 people lost their lives in traffic crashes on Florida's roadways. More than 25% of them were pedestrians (659) and more than 4% were bicyclists (128).

The **Purpose** of this funding opportunity is to develop and implement effective community level high visibility education and enforcement details in areas with the highest representation of traffic crashes resulting in serious and fatal injuries to pedestrians and bicyclists.

The project **Goal** is to mitigate crashes by increasing awareness of and compliance with traffic laws that protect the safety of pedestrians and bicyclists on Florida's roads.

Pedestrians and bicyclists are more vulnerable than all other road users. Traffic crashes involving pedestrians and bicyclists are more likely to result in fatal or serious injuries than any other types of traffic crashes.

Speed, impairment, and distractions contribute to unsafe conditions for pedestrians and bicyclists and may be included in enforcement operations where there is data to support the need for these interventions to improve the safety of pedestrians and bicyclists.

Pedestrian decoys may only be included in enforcement operations to improve driver yield rates at mid-block crossing locations to improve the safety of pedestrians and bicyclists.

This campaign is a component of Florida's Bicycle/Pedestrian Focused Initiative and is implemented by the Institute of Police Technology and Management (IPTM) under the direction of the Florida Department of Transportation (FDOT). This campaign supports the goals established in Florida's Pedestrian and Bicycle Strategic Safety Plan. High Visibility Enforcement activities are being implemented to mitigate crashes by educating pedestrians, bicyclists, and motorists on traffic laws pertaining to pedestrian and bicycle safety and increasing compliance with those laws.

III. IPTM RESPONSIBILITIES:

IPTM will provide the required training/training materials, a copy of Florida's Pedestrian and Bicycle Strategic Safety Plan, and educational materials to the Vendor for distribution during enforcement operations upon contract execution. Additional educational materials, bicycle lights, and electronic media will may be requested by the Vendor but are subject to availability. IPTM reserves the right to review and audit the Vendor's compliance with the terms of this Letter of Agreement and Contract. IPTM also reserves the right to reduce the amount of funding allocated under this Letter of Agreement and Contract when it is determined that the Vendor will be unable to properly utilize the full funding amount as outlined herein.

IV. VENDOR SERVICES AND RESPONSIBILITIES:

Vendor will provide high visibility education and enforcement of all road users, including pedestrians, bicyclists, and motorists, to change behaviors and improve the safety of pedestrians and bicyclists. Vendor will conduct on-street education and enforcement details at pre-approved locations within pre-approved times and distribute educational materials with each contact. Education is the preferred method of behavior correction. Warnings and/or citations to pedestrians, bicyclists, and motorists will be guided by the Vendor's policies and procedures and must comply with Florida law. The Vendor shall submit detail activity reports that document the education and enforcement outputs for each detail conducted during the contract period.

To be reimbursable, activities conducted by the Vendor must meet the requirements listed in this Letter of Agreement and Contract to include the following:

- Operations must begin within 30 days of the contract execution date. Exceptions require the approval of IPTM.
- Only overtime hours for sworn law enforcement officers are eligible for reimbursement (non-sworn civilian personnel are not eligible).
- Funds may not be used to supplant the Vendor's enforcement and educational efforts funded by other local, state, or federal sources. Duplicated efforts are not eligible for reimbursement.
- Vendor will not be reimbursed for education and enforcement details that take place at locations outside of those pre-approved by the FDOT.
- Vendor will not be reimbursed for education and enforcement details that take place outside of the times of day pre-approved by the FDOT (each detail location may have different pre-approved times of day).
- Vendor will not be reimbursed for administrative time, travel time, meal breaks or other hours that are not for participation in the education and enforcement overtime details or attendance at required training.
- Each officer is limited to a maximum of six (6) hours of reimbursable overtime in any single day (defined as 12:00 a.m. to 11:59 p.m.). There is no pay period limit.
- Officer training is mandatory. For their overtime hours to be reimbursable, officers working the education and enforcement details must first complete the required four-hour training course titled *"Pedestrian and Bicycle Law Enforcement: Laws, Procedures and Best Practices."* Beginning July 1, 2019, roll call videos and online quizzes do not qualify.

Note: The four (4) hour classroom-based training is provided free of charge through IPTM. Information on how to schedule the four (4) hour classroom-based training will be provided to all applicant agencies. The training delivery will be prioritized based on need. Officers are not required to be trained before the agency applies for funding.

- Vendor may be reimbursed for a limited number of sworn law enforcement officers to attend the required four-hour training course titled *"Pedestrian and Bicycle Law Enforcement: Laws, Procedures and Best Practices."* For their overtime hours to be reimbursable, attendance at the training must be within the contract period and must be on overtime status. Although every sworn law enforcement officer may attend the training, overtime reimbursement is limited to those officers who will actually take part in education and enforcement details.

- Public awareness is a key element of the high visibility enforcement model. The Vendor is required to distribute a minimum of two (2) media releases during the contract period. The first required media release announcing that operations are beginning must be distributed a minimum of seven (7) days in advance of the first education/enforcement detail. The second required media release must include a reminder that details are ongoing. This second media release must be distributed approximately halfway through the contract period. Additional media engagement is strongly encouraged throughout the contract period. Media releases may include social or digital media but must also be distributed through local media outlets. Proof of media engagement must be provided within 30 days of the press release or news report.
- The Vendor shall distribute the provided safety educational materials during all education and enforcement details. Materials will be provided to Vendor free of charge for this purpose.
- Vendor may elect to participate in bicycle light distribution to improve nighttime visibility and compliance with F.S. 316.2065(7). A Bicycle Light Distribution Assurance Form or other documentation provided by IPTM is required for each bicycle light set that is distributed. The required documentation must be signed by the officer and submitted to IPTM.
- Invoice submissions must document that each officer was on overtime status while working the education and enforcement details in order to be eligible for reimbursement.

APPROVED PERSONNEL LIST

Prior to commencing the services outlined under this contract, Vendor must submit a signed and dated list of personnel authorized to participate in overtime details under this agreement. The name and fully-loaded hourly overtime rates to be used for each officer must be submitted with the personnel authorization. The overtime rates may include the costs of hourly overtime plus associated fringe benefits paid upon the overtime. Only hours from officers listed and within +/- \$5.00 of the rates shown on the authorized personnel list are eligible for reimbursement under this agreement. The authorized personnel list shall be updated as need to add officers and update overtime pay rates.

INVOICES

Invoices must be submitted at least monthly (every 30 days), beginning within 60 days of the contract execution date. Invoices must contain the following:

- **Invoice** to include summary of hours charged and total due. Vendor must use the invoice template provided by IPTM.
- **Timesheets** to include total hours worked for each individual officer. Total hours include hours worked on this contract and all regular hours that the officers worked during the billing period. The timesheets should clearly indicate that the hours charged to this HVE contract are overtime hours. All hours must be documented and the documentation submitted with each invoice. Vendor may use the supplied Personnel Services Timesheet template. Vendor may also use agency timesheet records as long as all regular work hours and the overtime HVE detail hours are shown. If the vendor uses its own agency timesheet records, it is requested that the location of each HVE detail be written beside the corresponding overtime entry.
- **Payroll documentation:** Vendor must submit payroll documentation to accompany each invoice. This payroll documentation should clearly indicate that the detail hours worked under this contract were on overtime status along with the overtime rates that were paid. As this is a cost-reimbursable contract, IPTM can only reimburse the Vendor for an amount up to the total costs incurred for the overtime worked; therefore, Vendor must include either a pay stub or payroll ledger documenting payment to each officer for which reimbursement is requested. It

is the responsibility of the Vendor to redact any personally identifiable information such as Social Security numbers prior to submission.

- **Detail Activity Reports:** Vendor shall submit detail activity reports in a format and through an online portal designated by IPTM. The reports will document each detail conducted and show the officers assigned, date, times, location, contacts made, number of materials distributed, and the numbers of warnings and citations issued to motorist, pedestrians, and bicyclists for each statute. Detail Activity Reports shall be consistent with the corresponding invoices and payroll documentation.

All invoices must include the dates of service (to/from) and the following certification statement: "All costs are true and valid costs incurred in accordance with the agreement, deliverables were received and accepted." The certification statement must be signed by an authorized agent of the Vendor. Invoices must be submitted through the provided online platform. In case the provided online platform is unavailable, invoice documentation can be sent electronically to ped.bike.safety@iptm.org

PRE-APPROVED HVE LOCATIONS

Education and enforcement overtime details are only authorized at locations (specific intersections, corridors, and/or regions) that have been pre-approved by the FDOT. Vendor may not be reimbursed for efforts conducted at locations that have not been pre-approved or that take place prior to the date of the approval.

Pre-approved locations will be listed on the FY 2020 Approved HVE Locations Form supplied by IPTM. Each pre-approved location will have clearly defined boundaries, times of day in which the overtime details can be worked, and an approval date.

As the goal of this initiative is to mitigate traffic crashes resulting in serious and fatal injuries to pedestrians and bicyclists, approval decisions must be driven by data and the most severe high crash locations for these types of collisions will receive priority approval. Less severe crash locations and other identified hazardous areas will be approved on a case-by-case basis.

In order to quickly respond to other locations where pedestrian and/or bicyclist serious and fatal injury crashes are developing or worsening, additional HVE locations can receive pre-approval during the contract period. In order to obtain pre-approval of additional locations during the contract period, Vendor can submit a Supplemental HVE Location Approval Request Form. If approved, the location(s) will be added to the FY 2020 Approved HVE Locations Form and HVE overtime details will be authorized and reimbursable after the approval date.

All HVE education and enforcement overtime detail locations must be approved by the FDOT.

REQUESTS FOR ADDITIONAL FUNDING

The Vendor may request an increase to the total funding amount of this contract during the contract period. If the funding is available, the increased funding request may be considered if the Vendor has:

- satisfied all of the provision listed within this contract
- submitted timely invoices and detail activity reports
- conducted HVE overtime detail efforts in a manner that supports the stated goal
- expended 70% or more of the current contract funding amount
- pedestrian and bicyclist crash circumstances within the Vendor's jurisdiction support the increased funding amount

Increased funding will be based upon availability and must be approved by the FDOT.

Increased funding will be accomplished through an amendment to this contract which must be signed by the FDOT, Vendor, and IPTM.

Requests for increased funding must be submitted to IPTM and received by February 28, 2020.

NON-DISCRIMINATION AND ETHICAL STANDARDS

No person shall, on the ground of race, color, religion, sex, handicap, or national origin, be subjected to discrimination under any program or activity supported by this contract. The agency agrees to comply with the Florida Civil Rights Act (F.S. 760)

http://www.leg.state.fl.us/statutes/index.cfm?App_mode=Display_Statute&URL=0700-0799/0760/0760.html

All officers participating in High Visibility Enforcement activities are required to comply with the Law Enforcement Officer Ethical Standards of Conduct as established by the Florida Department of Law Enforcement. <https://www.fdle.state.fl.us/Content/CJST/Menu/Officer-Requirements-Main-Page/LE-Ethical-Standards-of-Conduct.aspx>

CORE ACTIVITY PERFORMANCE MEASURES / MINIMUM LEVEL OF SERVICE TO BE PERFORMED AND CRITERIA FOR EVALUATING SUCCESSFUL COMPLETION.

Each law enforcement agency is encouraged to complete all of the tasks as outlined within this contract. All agencies are required to complete a minimum of (80%) eighty percent of contracted efforts within the contract period to be eligible for "agency of the year award" consideration. Each successive fiscal year, agencies will be prioritized for funding based on percentage of performance expectations that were met.

CONSEQUENCES FOR NON-PERFORMANCE

If the Vendor is unable to properly utilize the full funding amount as outlined herein, the amount of funding for subsequent periods may be reduced. In the event that the required services are in dispute, the invoice may be pro-rated, reduced, or payment withheld until adequate documentation is provided to support the completion of such services and the dispute is resolved. If requirements are not met, the invoice will be

pro-rated and payment will only be made for services that were completed as outlined in this agreement. Failure to submit invoices, detail activity reports, or other deliverables as outlined in this contract may result in termination of the agreement.

The State of Florida's performance and obligation to reimburse the vendor shall be subject to the availability of Federal highway safety funds and an annual appropriation by the Legislature. As detailed in 49 CFR, Part 29, **Governmentwide Debarment and Suspension (Nonprocurement) and Governmentwide Requirements for Drug-Free Workplace**, herein incorporated by reference, the vendor shall not be reimbursed for the cost of goods or services received from contractors, consultants, vendors, or individuals suspended, debarred, or otherwise excluded from doing business with the Federal government. In this case, formal written approval will be provided to the vendor from the University or FDOT State Safety Office Program Manager.

Funds may not be obligated prior to the effective date or subsequent to the end date of the contract service period. Only costs incurred on or after the effective date of the contract and on or prior to the end date of the contract are eligible for payment. A cost is incurred when the vendors employee or approved subcontractor performs the service required or when goods are received by the vendor, notwithstanding the date of order.

In the event of default, noncompliance, or violation of any provision of this contract by the vendor, the vendors consultant(s) or contractor(s) and supplier(s), the vendor agrees that the University will impose sanctions. Such sanctions include withholding of payment, retainage, cancellation, termination, or suspension of the contract in whole or in part. In such an event, the University shall notify the vendor of such decision 30 days in advance of the effective date of such sanction. The vendor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer or Auditor General.

The vendor agrees to comply with all provisions provided in Chapter 119 Florida Statutes. If the vendor receives a public records request concerning its work undertaken pursuant to this contract, the vendor must take appropriate action as required by Chapter 119, Florida Statutes.

The University shall unilaterally cancel this contract if the vendor refuses to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S., and made or received by the vendor in conjunction with this contract.

Records of costs incurred under the terms of this contract shall be maintained and made available upon request to the University at all times during the period of this contract and for five years after final payment is made. Copies of these documents and records shall be furnished to the University upon request. Records of costs incurred include the vendors general accounting records and the contract records, together with supporting documents and records, of the vendor and all subcontractors performing work on the contract, and all other records of the vendor and subcontractors considered necessary by the University for a proper audit of costs.

The administration of resources awarded through the University to the vendor by this Agreement may be subject to audits and/or monitoring by the University. The following requirements do not limit the authority of the University to conduct or arrange for additional audits or evaluations of contracts issued pursuant to Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The vendor shall comply with all audit and audit reporting requirements as specified below.

(a) In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by University staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to contracts issued pursuant to Federal awards provided through the University. By entering into this contract, the vendor agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the University. The vendor further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the University, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.

(b) The vendor, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a sub-recipient of a contract pursuant to a Federal award awarded by the University is subject to the following requirements:

(1) In the event the vendor expends a total amount of contracted funds pursuant to a Federal award equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the vendor must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. This contract provides the required Federal award identification information needed by the vendor to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining contracted funds pursuant to Federal awards expended in a fiscal year, the vendor must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the University by this contract. The determination of amounts of Federally awarded funds expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

(2) In connection with the audit requirements, the vendor shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.

(3) In the event the vendor expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the vendor is exempt from Federal audit requirements for that fiscal year. However, the vendor must provide a single audit exemption statement to the Florida Department of Transportation at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the sub-recipient's audit period for each applicable audit year. In the event the sub-recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the vendors resources obtained from other than Federal entities).

If the vendor fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the University may impose additional conditions to remedy noncompliance. If the University or the Florida Department of Transportation determines that noncompliance cannot be remedied by imposing additional conditions, the University may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:
