RE: TPA Edison (SW 145th Avenue)
BTE PROJECT NO. 16-1204

Dear Mr. Kennedy,

Botek Thurlow Engineering, Inc. has conducted site visits during the construction of the aforementioned project and have been present at City inspections that required our presence.

We have conducted a review of As Built drawings prepared by County-Wide Land Surveyors, Inc. and find them to be in major conformance with the civil engineering plans and specifications.

I hereby certify that to the best of my knowledge and belief all components of the water and sanitary sewer mains required for Phase 1 of the above referenced project have been constructed in substantial accordance with the plans and specifications.

Very truly yours,

BOTEK THURLOW ENGINEERING, INC.
