

PEMBROKE PINES CHARTER SCHOOLS

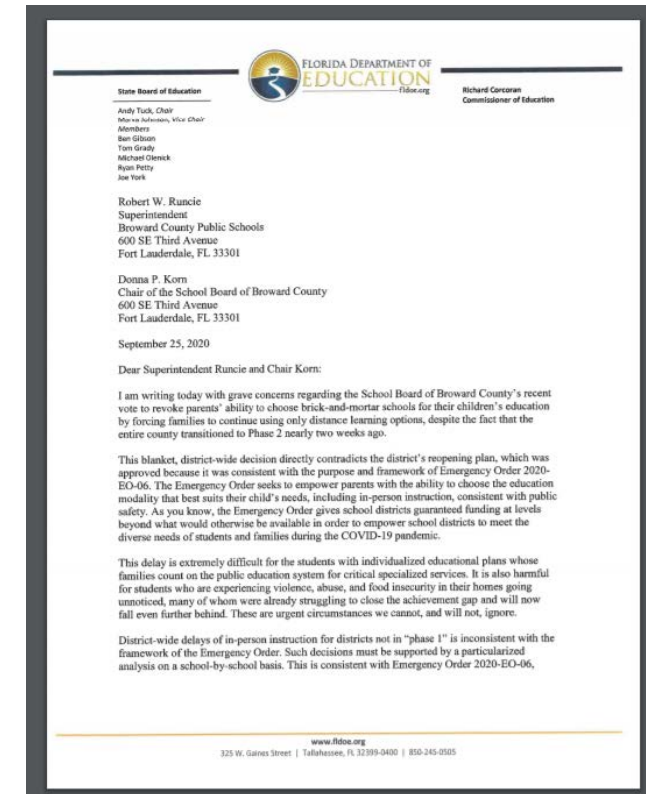

REOPENING TIMELINE

October 1, 2020

Current situation between Broward Schools and the State:

On Friday, September 25, 2020, Broward County Public Schools received correspondence from Florida's Commissioner of Education, that the District's state-approved 2020-2021 Innovative Reopening Plan, which states, "The District anticipates needing to remain in the eLearning modality for the first quarter of instruction (ending October 16, 2020)", was no longer an option, and that the Florida Department of Education was mandating our schools to open by October 5.

A Special Emergency School Board Meeting has been scheduled for Thursday, October 1, 2020 at 10:30am to review our modified recommendations for reopening.

PPCS NOTABLE PARENT SURVEY RESULTS

78% of parents system wide responded to the survey

Based on the survey the following percent of families have opted to return to campus
