Pembroke Pines has been my home since 2011 and I love living in this city. I have a background in science, working for NOAA, green consulting, and corporate environmental and sustainability. I also served on the Board of the City of Sunrise when I used to live there. I was the main author for Fort Lauderdale's Sustainability Action Plan. As I have a personal interest to further my community's prosperity and sustainable development, and with my professional background, I believe I would bring value to the Environmental Advisory Board.
