Disclaimer: This is not an offer or price commitment. Citrix does not control reseller prices or discounts. If you are purchasing through a reseller, please contact your reseller for a quotation. These prices and discounts exclude any applicable customs, taxes, shipping or other local country fees. Nothing contained in any purchase order or any other document submitted to a reseller or Citrix shall in any way add to or otherwise modify the Contract terms. End user license and service terms are posted at <https://www.citrix.com/buy/licensing/agreements.html> and license program terms are posted at <https://www.citrix.com/buy/licensing/programs/>. Consulting and education services terms are posted at www.citrix.com/buy/promotions/business-continuity-consulting-terms.html. Subscription licenses and software maintenance begin with delivery of license keys. Cloud subscriptions and managed services begin with Citrix provisioning the service. The Start Date and End Date for an initial Citrix Cloud subscription is provided as an estimate; the actual Start Date and End Date is based on when Citrix provisions the service. For a Citrix Cloud subscription expansion or renewal, the Start Date and End Date are as stated, provided the order is placed prior to the Start Date or quote expiration date. If you purchase a multi-year license, Cloud subscription, managed services or software maintenance, or multi-year renewal, your purchase is for the full value of all years of the offering, even if required payments are annual. In the event you fail to pay any annual payment, and such default shall continue for a period of thirty (30) days, then any and all remaining amounts for the relevant offering shall become immediately due and payable. If you purchase a Cloud subscription under a consumption-based license model, your purchase constitutes your agreement to be invoiced for and pay for consumption at intervals and pricing as defined in the license model. If you purchase an auto-renewing license, Cloud subscription (which includes Cloud consumption models), managed services or software maintenance, your purchase constitutes your agreement to auto-renewals for the same term as initially purchased, and to auto-renewals for your other purchased offerings of the same nature for the same term as initially purchased for each. You maintain the right to give e-mail notice of non-renewal to Citrix prior to any auto-renewal. Citrix will provide e-mail notice of each renewal (other than those under Cloud consumption models) at least sixty (60) days in advance of renewal. Each Cloud consumption model invoice shall constitute an auto-renewal notice under consumption models. Renewal options for license and Cloud subscriptions, managed services and software maintenance available in your ordering location are identified at: <https://www.citrix.com/buy/licensing/citrix-cloud-services-renewals.html>. Ensure you confirm the renewal option for any offering you purchase prior to purchase. You may view your renewals selection for your purchased offerings at any time at <http://www.mycitrix.com/account>. Unless you complete a renewal through a Citrix authorized reseller, you understand and agree that auto-renewal will be through and due and payable to Citrix. Fees may increase and discounts may not apply to renewals. All Orders, including renewals, are subject to acceptance by Citrix in its discretion. Payments to Citrix are due net 30 days after the date of its invoice. All purchases are final, with no right to a refund, except as expressly provided under the applicable license or service terms. Citrix reserves the right, in its discretion, to suspend or terminate subscription and service offerings or any portion thereof for non-payment of the corresponding fees. All Customer information provided by or on behalf of Customer for offerings must be current, complete and accurate, and Customer is responsible for keeping such information updated.
