National Kids to Parks Day

All across the country, including here in Pembroke Pines, children of all ages will be celebrating the 10th Annual National Kids to Parks Day on May 16, 2020 with free and fun activities at several park locations.

Free Tennis Clinics are being held from 9 a.m. to noon at the Pembroke Lakes Tennis Center, located at 10500 Taft Street (954-431-4146). There will be free swimming from noon to 6 p.m. at the following locations: Pembroke Lakes Pool, 10500 Taft Street, (954-435-6580); TownGate Pool, 901 NW 155th Avenue, (954-450-6895); and Rose Price Park, 901 NW 208th Avenue, (954-437-1140).

Kids to Park Day is a nation-wide day of outdoor play organized by the National Park Trust (NPT) in cooperation with many local and national collaborators. Last year, more than 460

cities and towns across the country participated. The City of Pembroke Pines and the NPT encourage all children and their families to explore neighborhood parks and discover the nature and science around them.

For more information, please visit www.ppines.com/facilities for directions to the city's many parks, visit www.ppines.com/specialevents or call 954-392-2116.

From the City Clerk: Attention HOAs/Condo Associations

Another hurricane season is fast approaching. It's extremely important that the City of Pembroke Pines has the most up to date information from the many Home Owners Associations (HOAs) and Condo Associations. Their contact information allows the City to provide accurate and timely information that can then be disseminated to the residents of those developments.

Per the Pembroke Pines City Code of Ordinance §32.170, all HOAs must provide current and updated contact information of HOA board members and emergency contacts to the City so that if a hurricane causes lengthy power outages, no resident would be blind-sided by isolation and the inability to communicate with needed resources.

During emergency conditions, it is more critical than ever that commu-

nities are able to receive advisories, warnings, and updates as they are broadcast by Emergency Operations Management. HOAs must do their part on behalf of their residents to provide the City with the required contact information so there is no break in communication with the City.

We encourage HOAs to complete the information online at <http://www.ppines.com/HOACondoContact>

The City requires the development name; subdivision name; phone numbers, mailing addresses and email addresses of the following:

Property Manager
Management Company
Emergency Contact Board Office
Emergency Contact Board Member
Additional Board Member
This information can also be emailed to Marlene Graham at mgraham@ppines.com
