## **PROJECT DESCRIPTION / BACKGROUND:**

Alber Araujo, owner, has submitted variance request ZV(R) 2020-38 to allow 65% total front yard coverage with a proposed driveway and walkway. Proposed design includes 4" artificial turf joints thru out the driveway for drainage.

There is not a Homeowner's Association for this community.

## **VARIANCE REQUEST DETAILS:**

**ZV(R) 2020-38** allow a 65% total front lot coverage instead of the required 35% total front lot coverage for a proposed driveway and walkway.

*Code Reference:* **§ 52.26 DRIVEWAYS ACROSS SWALE AREAS.**

(H) No driveway may: (1) Exceed a 35% of the total front lot coverage in a single family residential home; or

## **VARIANCE DETERMINATION**

The Board of Adjustment shall not grant any single-family residential variances, permits, or make any decision, finding, and determination unless it first determines that:

Its decision and action taken is in harmony with the general purposes of the zoning ordinances of the city and is not contrary to the public interest, health, or welfare, taking into account the character and use of adjoining buildings and those in the vicinity, the number of persons residing or working in the buildings, and traffic conditions in the vicinity.

In the granting of single-family residential variances, the Board shall determine that the single-family residential variance granted is the minimum variance that will accomplish the intended purpose in accordance with above and:

- A) That there are special circumstances or conditions applying to the land or building for which the variance is sought, which circumstances are peculiar to the land or building and do not apply generally to land or buildings in the neighborhood, and that the strict application of the provisions of the zoning ordinances would result in an unnecessary hardship and deprive the applicant of the reasonable use of the land or building; or
- B) That any alleged hardship is not self-created by any person having an interest in the property nor is the result of a mere disregard for or in ignorance of the provisions of the zoning ordinances of the city; or
- C) That granting the variance is not incompatible with public policy, will not adversely affect any adjacent property owners, and that the circumstances which cause the special conditions are peculiar to the subject property.

**SECTION 6 - DESCRIPTION OF PROJECT** (attach additional pages if necessary)

This letter of intent is in support of my request for a variance to the driveway permit, the intention is to increase the area of driveway in and effort to provide more parking capacity, due to the increased number of cars in the household, to avoid blocking the sidewalk or parking in the grass or street. I would ask the board to consider: (1) the proposed style and structure of the driveway is in step with the existing neighborhood, (2) the proposed project will be an improvement to the neighborhood and result in an overall increase in property value and tax base created by improvement, (3) the proposed driveway will promote smooth flow of traffic, since cars will be parked in the new spots created, (4) The new driveway would be with square concrete and artificial turf used in between concrete square to improve area of drainage, (5) neighbors are aware and in agreement of the improvement plans.

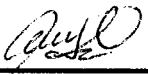

Thank you for your consideration.
