After your evaluation of the information provided, you will score each of the weighted categories that have a "Category Multiplier" on the evaluator score sheet based on how you feel the material rates according to the following quality levels in the table below:

Quality	Level	Description
Excellent	5	Meets all requirements; reflects significant enhancements or strengths as compared to minimum levels of acceptability; no offsetting weaknesses.
Very Good	4	Meets all requirements; reflects some enhancements or strengths; few if any offsetting weaknesses.
Good	3	Meets minimum requirements; strengths and weaknesses, if any, tend to offset one another equally.
Fair	2	Contains significant weaknesses only partially offset by less pronounced strengths; may meet minimum requirements but doubt exists.
Poor	1	Serious doubt exists about ability to meet needs but may be sufficient; significant weaknesses without offsetting strengths.
Deficient	0	Will not meet minimum requirements.

The respective "Quality Level" will then be multiplied by the respective "Category Multiplier" to get the Total Score for the respective category. For example, if a category has an pre-assigned "Category Multiplier" of 6 and the evaluator assigns a "Quality" of "Good" which would result in the "Quality Level" of 3 being multiplied by the "Category Multiplier" of 6 to get a Total Score of 18 for the respective category. See sample below.

For categories such as "Local Vendor Preference/ Veteran Owned Small Business Preference", the firm will be given all 5 points if they are a Local Pembroke Pines Vendor, 2.5 points if they are a Local Broward County Vendor or Veteran Owned Small Business Preference, or 0 points if they have No Local Vendor or VOSB Preference.

The Evaluation Committee shall have the opportunity to discuss the qualifications of the proposers during the public evaluation committee meeting. Once all firms have been reviewed, the committee will be given time to finalize their scores for each of the firms. Once the score cards are complete, the City Clerk will tally each evaluator's score card. For each evaluator's score card, the total scores will then be ranked, with the highest score receiving a 1.

Please enter any comments or notes for why you scored each vendor the way that you have in the corresponding "Notes/Comments" section of the spreadsheet or provide additional pages of Notes/Comments on the following tab.

In the event the score still results in a tie, the evaluator or evaluation committee will be asked to break the tie by publicly drawing lots.

Once the scores have been read for all services, an evaluating member of the committee must make a motion, which must be approved by majority vote of the committee.
